**ABERDEEN'S SON TO MARRY**  
**WIDOW WHO HAS SON OF 24**  
 London Staggered by Announce-  
 ment, But Bride-to-Be  
 is Rich

Chicago, July 1.—The Sunday Tribune has the following from London: Society was a bit staggered at first by the announcement that a marriage had been arranged between Lord Haddo, eldest son and heir of the Earl of Aberdeen, and Mrs. Cockayne, a lineal draper's widow heretofore unknown. Among the fashionable set, but revealed its composition on learning that his fiancée has lots of money. That is a commodity with which the earl of Aberdeen is not abundantly pressed. Such a marriage, even if it lacked the financial justification, would be quite in accordance with the traditions of fraterly and equality in which the future earl was brought up. His mother, Lady Aberdeen, as far as concerns her own household, carries her democratic notions even farther than does the aristocrat Countess of Warwick, and it is because of the anticipated absence of several of its members during the next two months.
