A DINNER PILL.—Many persons suffer excruciating agony after partaking of a hearty dinner. The food taken in is like a ball of lead upon the stomach, and instead of being a healthy nutriment, it becomes a poison to the system. Dr. Parmlee's Vegetable Pills are wonderful correctives of such troubles. They correct acidity, open the secretions and convey the food partaken of into healthy nutriment. They are just the medicine to take if troubled with indigestion.

"GENERAL OUTLOOK FOR MIS-

SIONS."

There was a very large turnout of the members and friends of the Christian Endeavor Society of the Adelaide Street Baptist Church, last night. Mr. Stewart Woodburne occupied the chair, and gave a few opening remarks. Rev. Robert Johnston, of St. Andrew's Church, gave an interesting address on "The General Outlook of Missions." Solos were rendered by Miss Edith Johnson, and Mrs. Brown, which were much appreciated. Mr. Johnston's remarks stirred up considerable enthusiasm among the young people.

POISONED TAFFY.

Several members of the family of George Bowman, No. 224 Burwell street, are slowly recovering from the effects of eating poisoned taffy. The taffy was made from sugar purchased at a grocery, and was eaten by all of the family, excepting Mr. Bowman, and the youngest child, who retired to bed early on Friday night, before the candy was made. On Saturday and Sunday all were sick, and Dr. Niven was called. A question of taffy has been handed to Prof. Harrison for analysis.

A LIBEL SUIT.

Justice Meredith heard argument and reserved judgment in an appeal from the decision of Judge Barrow in a libel suit from Stratford. The plaintiff is Harry Powell, and the defendants are Thomas Ruston, Frank Ruston, F. J. Sylvester, David Easton and B. Smith, are sued for damages for having uttered in an advertisement published in the Stratford Herald, statements which the plaintiff claimed reflected on his character or business. The Herald published an apology on its part. Before County Judge Barrow the defendants set up the plea that they had not been served with a notice, the notice having gone to the Herald. Judge Barrow struck out the plea and dismissed the motion for security for costs, and the appeal heard yesterday was against the decision in both instances.

Bismarck, the Iron Chancellor, was the subject of a paper read by Mr. John Cameron, on Monday evening, to the Literary Society of First Presbyterian Church, London. The German chancellor was a man of unbending will, who brooked not opposition from any, and who crushed all opposers with ruthless severity. He was in his own way an undoubtedly great man.

Salt Rheum Agonies

Are Endured for Years With Great Suffering When a Perfect Cure Could Be Effectuated by Dr. A. W. Chase's Ointment.

"Had I only heard of Dr. Chase's Ointment sooner," is the familiar expression of thousands of persons who have been cured of salt rheum by its magical virtues.

So many become discouraged after trying a few of the many remedies advertised that they cannot believe that Dr. Chase's Ointment is all that the cured ones claim it to be—an absolute cure for Salt Rheum.

Mr. Chas. F. McLean, Palmerston, Ont., says: "I suffered untold agony and misery for years with salt rheum in my feet. I tried almost every remedy I could hear of. I was told by the best physicians I could not get more than temporary relief. I was induced to try Dr. Chase's Ointment. After one or two applications I received great relief, and when I had used only two boxes I was completely cured."

The unique position occupied by Dr. Chase's Ointment places it outside the limit of comparison with other remedies. It stands alone as an absolute cure for itching skin diseases, and has a record of cures unparalleled in the history of medicine. At all dealers, of Edmanston, Bates & Co., Toronto. Ont.

His aims and ideals from the German point of view of national advancement at all hazards, might find defenders; but Mr. Cameron showed that to gain these, Bismarck had to be thoroughly unscrupulous. With him, the end justified the means. Yet, with strange inconsistency, he was a religious man, and is quoted as saying on one occasion that he was not a Christian, and impelled by duty, he would throw up his task of statesman. Mr. Cameron pointed out the difference between liberty as we understand it in the British Empire, and as doled out and hampered in Germany. Bismarck finally fell victim to the constitutional despotism he had himself helped to appear. His love of display by a state funeral, the grandfather; but the grandson, the present emperor, he found to be unmanageable. Yet in his retirement his iron will was unbroken, and his lion clay refused to lend itself to the vanity of the young emperor, or to gratify his love of display by a state funeral. The paper evoked a good deal of discussion by members of the society, in the course of which Gladstone and Bismarck were contrasted. The following programme was also given: Instrumental, Miss McClellan; reading, Mr. Birch; songs, Miss Evans; instrumental, Miss Boyd; reading, Mr. Lay; instrumental, Miss Hodge; reading, Miss Ferguson.

REVIVAL IN THE CHURCHES

Rev. Dr. Munhall Tells of Its Advantages—Increasing Interest in These Meetings.

REV. DR. MUNHALL.

The Munhall meetings are daily increasing in interest. Last night Dr. Munhall again addressed a large congregation in Dundas Center Church. The choir was present in full force, and rendered the new hymns which are being used in excellent style. Dr. Munhall's address was founded upon the words "Oh, Lord, revive thy work." He showed in clear, forcible language the need of a general revival in the churches, and the methods which would secure it, and urged upon all the necessity of immediately putting themselves into those conditions that will obtain from God the greatly-needed blessing. With powerful illustrations and vivid word-pictures he enforced his remarks, and greatly moved the assembly. At the close many fervent prayers were heard for personal blessings and general revival.

Dr. Munhall is evidently an adept at his work. He moves carefully, and lays well his plans, and the mission will assuredly result in a great awakening. All should avail themselves of the opportunity of hearing this famous preacher and expositor of the Scriptures.

Dr. Munhall spoke this afternoon at 8 o'clock, and will be heard again tonight at 7:45. Everybody is cordially invited to attend.

MR. FRANK DODGE.

Says His Life Was Saved by Dodd's Kidney Pills.

Toronto, Feb. 27.—Mr. Frank Dodge, of North Maupersburg, Ont., has been visiting here recently. He is a splendid specimen of Canadian manhood, standing more than six feet high "in his stockings," erect and muscular.

"I was a different man two years ago," said he to a friend today. The truth is, I would have died of Kidney Complaint, if it hadn't been for Dodd's Kidney Pills. I had been treated by physicians, and had taken various remedies without getting any better. I read of Dodd's Kidney Pills, and decided to try them. I did so, and was thoroughly cured in a couple of weeks."

LIFE SAVED.—Mr. James Bryson Cameron writes: "I was confined to my bed with inflammation of the lungs and was given up by physicians. A neighbor advised me to try Dr. Thomas' Electric Oil, stating that this advice I procured the medicine, and less than half a bottle cured me; I certainly believe it saved my life. It was with reluctance that I consented to a trial, as I was reduced to such a state that I doubted the power of any remedy to do me good."

FELL UNDER A MOVING TRAIN

Brookville Traveler's Close Call at the G. T. R. Station.

Mr. G. A. Coulson, of Brookville, traveler for the Automatic Seat Company, Oshawa, Ont., formerly of the London Furniture Company, here, met with a serious accident at the G. T. R. station last night, and had a wonderful escape from death. Mr. Coulson had been doing business in the city, and intended leaving at night for Ingersoll. When in the act of boarding the G. T. R. mixed train for Ingersoll, which leaves here at 7:50 p.m., Mr. Coulson slipped and fell between the slowly moving coaches. It was an awful moment, and with a desperate scramble Mr. Coulson freed his body, but his right hand was horribly crushed, his right ear cut, and a large hole cut in the knee of his trousers, over which the wheels passed. Constable Logan had the injured man removed to Dr. Drake's office, where three fingers on the mangled hand were amputated. Mr. Coulson's body is a mass of bruises from head to foot. He left for home this afternoon.

COLLINGWOOD, ONT.

People of This Town Greatly Stirred Up Over the Many Cases of Recovery From Severe Heart and Nerve Troubles.

The Cure of Mr. J. Currie, the Well Known Blacksmith Causing a Great Deal of Comment.

The little life savers have struck Collingwood, Ont.

They've been greatly welcomed by the sick and suffering of that prosperous town.

They're curing people whom other remedies failed to benefit.

Building up run down constitutions. Strengthening, invigorating weak hearts.

Toning up the nerves.

Making watery blood rich, red nutritious.

Mr. J. Currie, the well-known brawny blacksmith of that town suffered greatly from palpitation of the heart and shortness of breath.

This is his story of how he was cured.

"For three years something has gone wrong with my heart. What it was I did not know, but it caused me great suffering from palpitation and shortness of breath. When I started to do anything in a hurry the trouble came on a great deal worse. During the last three years I have taken a number of different medicines for heart trouble; but nothing did me any good, until I fortunately commenced taking Milburn's Heart and Nerve Pills, which I got at E. R. Carpenter's drug store. Three boxes cured me, making my heart act in a healthy and natural manner and restoring me to my former state of vigorous health. I am no longer annoyed with palpitation or shortness of breath, and can heartily say that Milburn's Heart and Nerve Pills cannot be excelled as a medicine for all heart or nerve troubles. This is my own experience, and I recommend these pills to all who suffer as I did."

Milburn's Heart and Nerve Pills 50c a box or 3 boxes for \$1.25, at all druggists. T. Milburn & Co., Toronto, Ont.

EIGHT THOUSAND MORE DOUBT-HOBORS COMING.

Winnipeg, Man., Feb. 28.—A representative of the committee which is assisting the Doukhobors to emigrate to this country says that it is expected that fully 8,000 will come here during the next twelve months.

COFFIN NAILS.

St. Joseph, Mich., Feb. 28.—August Langer, jun., aged 15, died yesterday morning from the effects of cigarettes. The attending physicians, after a close examination, discovered the left lung was in a decaying condition, while the right lung was slightly affected likewise.

CANADIAN COURTESY.

Gloucester, Mass., Feb. 28.—The captains of three schooners report a recent act of courtesy on the part of the Canadian revenue cutter Aberdeen, which they think should receive some official recognition. The three vessels were frozen in the ice at Shelburne, N. S., where, without solicitation, Capt. Campbell, of the cutter, broke the ice around the vessels so that they might have a safe anchorage.

STREET RAILWAY COMBINE.

Buffalo, N. Y., Feb. 28.—The most stupendous business deal in the city of Buffalo is about completed. It involves \$25,000,000 of capital. Briefly, it is the sale of the entire street railroad system of Buffalo and a number of suburban lines, including the Niagara Falls Park and River Electric Railway, running along the river bank on the Canadian side. This immense combination of interests has been sold to a syndicate composed of New Yorkers and Philadelphians.

ISLANDS ALMOST OVERWHELMED

Disastrous Results of the Storm That Swept the Caymans.

February Lightning Startles the Good People of Michigan—Considerable Damage Done.

Kingston, Jamaica, Feb. 28.—Further advices from the Cayman Islands, 150 miles from here, as to the terrible storm of Feb. 13 and 14, say that it was the most severe in the memory of the inhabitants, the seas almost overwhelming the islands. Throughout the entire two days the wind was working general destruction. The full extent of the fatalities is not yet reported, but it is known that about twenty persons are missing. The cargo of the schooner Whitewater, from Mobile, Ala., for the most part lumber, was salvaged, but the vessel itself has gone to pieces.

Detroit, Feb. 28.—Sunday's unusual thunderstorm did considerable damage throughout the state. It struck Williamston at 2 o'clock, and a bolt of lightning demolished the steeple of the Congregational Church, wrecked a chimney and loosened several of the seats. A number of young ladies in the edifice were given a bad scare. At Belleville the river is greatly swollen, and fears are felt for the dam. Lapeer and Galesburg report considerable damage from flooded cellars, and at Marshall the roads are veritable rivers, rendering them almost impassable. At Kalamazoo the rain flooded all low places, and the freeze-up now has made it impossible to get out of the city on many roads. Hundreds of cellars were flooded by Arcadia Creek, furnaces put out, and a cat and dog were drowned in one cellar. At Camden fruit and forest trees were badly damaged. St. Joseph River is a raging torrent, and lowland crops are entirely washed out. The storm did much damage to buildings and fences. At Fostoria trees were uprooted and chimneys blown down. At Warren lightning struck Charles Jacob's strawstack and destroyed it. The barn was saved by hard work. The warm rain took all the frost out of the ground at Schaefer, and wheat is reported unharmed.

Old England's Flag Vs. Dr. A. W. Chase.

The virtues of Dr. Chase's remedies are known the world over, and like old England's flag, the sun on them never sets.

Dr. Chase's Ointment, Kidney-Liver Pills, Catarrh Cure, Syrup of Linseed and Turpentine, and Liver Cure enjoy the confidence of everybody. They have won their way into the public favor on merit. Their sterling qualities and high standing and purity have made them the household word all round the world. All dealers sell and recommend them.

WHERE THEY ARE ALIKE.
