TRY DOZEN PERSONS FOR RAILWAY THEFTS. FREDERICKTON, N. B., Feb. 24.—Dozen or more persons, said to be largely employees of the railway, were arrested at Napadogan this morning by railway officers, and are being brought here in a special car which would reach Fredericton attached to this evening's express from New Brunswick.

BROWN WAS FAST GOING DOWN HILL. About to Quit Work, But Takes Tanlac and Feels Fine Now.

"I told my wife one day that if I didn't find something pretty soon that would help me I would just have to quit work," said Bertram Brown, familiarly known to his friends as "Bert," who is employed by the Pteryco Supply Company, and resides at 45 Maynard street, Halifax, N. S., while describing his condition before taking Tanlac. Continuing, he said: "For the past two years I suffered from the worst sort of stomach trouble, and finally became so weak and felt so tired all the time I could hardly get about. I had no appetite, I could not eat simply forcing it down, and for a long time I could not even do this at breakfast and would go for weeks without eating a single mouthful in the morning, for I knew if I did I would suffer from it all day long. What little I did manage to eat would sour and ferment and I would feel terribly and my heart would palpitate dreadfully. I would almost draw me double and such a burning sensation that it felt like there was a coil of fire in my stomach. I would have such severe attacks of heart that I would nearly drive me wild. I would have blinding headaches and would sometimes become so dizzy I would just have to catch hold of something to keep from falling. I was extremely nervous and could get but little sleep, I would roll and toss from one side of the bed to the other all night long, and would get up in the morning completely tired out. I also suffered from constipation and I was simply in a bad fix every way, and for two months before I started taking Tanlac there was hardly a minute when I was free from pain and I was so weak I could hardly stand on my feet. "One day I was talking to a friend of mine and telling him how bad I felt, when he told me how much good Tanlac had done him and advised me to go right down to the drug store and get a bottle, as he felt sure it would do me good also. Well, I took his advice, and I hadn't taken but a few doses and I could not notice it was helping me. I have taken six bottles altogether and I am entirely over my stomach trouble. I have a fine appetite, and never suffer any bad after effects, and my work is completely done. My nerves are in such good condition, I sleep as sound as a log all night long and always get up feeling greatly refreshed. I am regaining my lost weight and strength, and my work is a pleasure to me. I have not had a headache since I began taking Tanlac, and never become dizzy, and I think Tanlac is the greatest medicine ever put on sale in Canada, and I am always recommending it whenever I get an opportunity. "Tanlac is sold in London by Standard Drug Company, Limited, and by an established agency in every town."

You Can't Brush Or Wash Out Dandruff. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp, and rub it in gently with the finger tips.

HORLICK'S THE ORIGINAL Malted Milk. Avoid Imitations and Substitutes.

THE NAME "BAYER" IDENTIFIES THE ONLY GENUINE ASPIRIN.—The Aspirin prescribed by physicians for over ninety years and now made in Canada. Always buy an unbroken package of "Bayer Tablets of Aspirin," which contains proper directions for Colds, Headache, Toothache, Earache, Neuritis, Joint Pains, and Pain generally. Tin boxes of 12 tablets cost but a few cents. Larger "Bayer" packages. There is only one Aspirin—"Bayer"—You must say "Bayer" Aspirin is the trade mark (registered in Canada) of Bayer Manufacture Monocaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

UNION HEADS WILL MEASURE KILL MEASURE. Representatives of Railroad Men To Go To Wilson.

WASHINGTON, D. C., Feb. 24.—Railroad labor tonight decided to ask President Wilson to veto the railroad reorganization bill. In a memorial to be submitted probably late tomorrow, the representatives of the two million union workers will request the president to withhold his signature from the measure until they can present a brief of their reasons why it should have executive approval. The next step in the union program, which will not be developed definitely until the bill is approved, is to contest the constitutionality of the law.

Various methods of bringing this about were suggested, but all will be held in abeyance pending the president's action. Decision of the union officials to present their views to Mr. Wilson was reached suddenly. There had been insistent clamoring for such action by the labor movement since the bill was here to discuss the president's wage settlement proposal. The course was not decided on, however, it was until it appeared no other plan would be generally accepted by the rank and file. The sentiment among the labor men appeared almost unanimous in favor of formal presentation of the case to the president.

LABOR PROVISIONS OF THE BILL ADMITTEDLY will be the most bitterly assailed by the unions, but the plan also contemplates attack on the financial sections, which labor holds to be "unfair to the payers and a burden on the Government." The dividend provision of the bill will also come in for condemnation if it is expected.

As a result of the decision to ask for presidential veto, consideration of the proposal for the settlement of the controversy will be largely perfunctory at tomorrow's meeting of the labor representatives. Many of the delegates and some of the general chairmen planned to leave Washington immediately.

ERZBERGER OUT; SENSATION ENDS SUIT FOR LIBEL. Minister of Finance Resigns After Testimony Shows Questionable Actions.

BERLIN, Feb. 24.—(By Associated Press.)—Mathias Erzberger, minister of finance, voluntarily resigned from the cabinet today. Erzberger's resignation came as a climax to a day of sensational testimony in his libel suit against Dr. Helfferich, former minister of the treasury. The nature of this testimony, it was considered, left Erzberger no other choice than to relinquish his portfolio. Given Utmost Reserve. According to the testimony of States Attorney Messerschmidt, which was given with the utmost reserve and caution, Erzberger had smuggled large amounts of his private funds to Switzerland. Previously, testimony adduced by Dr. Helfferich involved Erzberger in numerous questionable transactions in connection with the issuance of imperial permits, and otherwise missing his official position and influence in the furtherance of ventures in which Erzberger was alleged to be interested. The official statement announcing Erzberger's resignation stated that he desired to have an investigation concerning his income tax returns conducted in consideration of his official position. The resignation was tendered to President Ebert, who ordered an investigation of the income tax incident conducted with all possible promptness.

MEMORANDUM TO PURITY. Mathias Erzberger brought suit against Dr. Helfferich, former minister of the treasury, in September, in which Helfferich designated Erzberger as "a menace to the purity of our public life" and asserted that he was a dangerous member of the Government. On the witness stand Helfferich declared that years of careful observation of Erzberger's activities had convinced him that "this man is bound to become fatal to the German nation and that he must be removed from public office if our political life again is to become healthy and normal." He charged that Erzberger was "the British propaganda minister's best ally." Helfferich also asserted that Erzberger's fortune was made during the war by utilization of his political and parliamentary position, and indicated various alleged incidents where Erzberger had secretly amassed large sums as a result of his governmental position. Erzberger denied all these charges. He asserted that he was not possessed of a large fortune, but that the Crystal Palace, organized by the overseas department of the board of trade, the pile of state stocks occupied by actual makers of British goods, and there are four thousand buyers attending from all over the world. The fair is open to the general public, and there are similar fairs also at Birmingham and Glasgow, while traveling fairs will shortly be sent out all over the Empire.

STORM LOSSES CUT POWER DIVIDENDS. ST. JOHN, N.B., Feb. 24.—At the annual meeting of the New Brunswick Power Company here yesterday afternoon a letter from L. R. Ross, the president, states that owing to severe storms and extremely cold weather of the last winter the company was compelled to pass the dividends on the preferred stock. It is stated that the storm losses total \$40,000 and upward.

NAME SWAYZEE LABOR WHIP IN ONTARIO HOUSE. Caucus Decides On Niagara Falls Member—Homuth Report Was Wrong.

OTTAWA, Feb. 24.—In the opinion of members of Parliament reaching the city within the last couple of days to attend the opening ceremonies on Thursday there is a hard fight ahead when the Government introduces the franchise act in the Commons. At the present time no definite as to the contents or provisions of the bill has been made known, but Opposition members declare that any attempt to force a duplication of the work of enumerators by using a Dominion voters' list instead of following the provincial lists will be bitterly contested.

There is also the matter of any redistribution, if such is proposed, and the limitation as to who shall or shall not be eligible to vote in the Dominion elections. Several members have declared that anything less than giving the vote to every Canadian man and woman over 21 years of age will not be satisfactory, so that whatever may be the provisions of the act as it comes before Parliament a long wordy battle is almost assured. QUEBEC HAS 213 CASES. QUEBEC, Feb. 24.—There are at present 213 cases of influenza in Quebec, and 24 new cases were reported since noon yesterday. A number of homes for the aged and sick closed their doors to the public yesterday as a precautionary measure against the flu.

Workmen's Compensation. Amendments to the workmen's compensation act, introduced by the Labor members, include an increase of the general compensation above 50 per centum for those who are injured or killed while working, to be made equal, so that widows whose husbands are killed prior to April 1, 1917, get an equal amount to women widowed since then.

THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE. What It Is and How It Increases Weight, Strength and Nerve Force in Two Weeks' Time in Many Instances.

SHOULD BE PRESCRIBED BY EVERY DOCTOR AND USED IN EVERY HOSPITAL. SAYS EDITOR OF "PHYSICIANS' WHO'S WHO." Take plain bitro-phosphate is the advice of physicians to thin, delicate, nervous people who lack vim, energy and nerve force, and there seems to be ample proof of the efficacy of this preparation to warrant the recommendation. Moreover, if we judge from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who do not feel their excessive thinness. Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing. Clinical tests made in St. Catherine's Hospital, N. Y. C., showed that two patients gained in weight 23 and 27 pounds, respectively, through the administration of this organic phosphate; both patients claim they have not felt as strong and well for the past twelve years. This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright and pale cheeks glow with the bloom of perfect health. Physicians and hospitals everywhere are now recognizing its merits by its use in ever increasing quantities. Frederick Koidé, M. D., editor of New York Physicians' "Who's Who," says: "Bitro-phosphate should be prescribed by every doctor and used in every hospital to increase strength and nerve force and to enrich the blood." Joseph D. Harrigan, Former Visiting Specialist to North Eastern Dispensary, says: "Let those who are weak, thin, nervous, anemic, or run down take a natural, unadulterated substance, such as bitro-phosphate, and you will see some astonishing results in the increase of nerve energy, strength of body and mind and power of endurance." Bitro-phosphate is made entirely of the organic phosphate compound referred to in the National Standard Dispensary as being an excellent tonic and standard of excellence, strength and purity of its substance is beyond question, for every Bitro-phosphate tablet is manufactured in strict accordance with the U. S. Pharmacopoeia test requirements. Bitro-phosphate is therefore not confused with any of the secret nostrums, so-called tonics or widely advertised "cures."

CAUTION—Although Bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, owing to its remarkable strengthening properties it should not be used by anyone who does not desire to put on flesh.
