Want to Do Away With Destructive Competition.

NEWCASTLE, Eng., Jan. 13.—Ship-owners of northern England, representing more than \$50,000,000 worth of tonnage, met to-day under the chairmanship of Sir Walter Huntman, and took the first steps toward the formation of an international union of shipowners, with the object of improving the position of the business and arrangements thru which competition may be less destructive and the supply of tonnage equalized to meet the demands of freight, and for maintaining freight charges at a remunerative level.

Day's Doings in YORK COUNTY

CITIZENS AND FARMERS LIKE ARE OPPOSED

P. C. Harris Recommends Further Closing of St. Lawrence Market—Suburban News.

The action of Property Commissioner Harris in advising the board of control to sanction the closing of the northern section of the St. Lawrence Market for two weeks during the month of March was practically the last straw that broke the camel's back.

The dates suggested by Mr. Harris are from Feb. 18 to 28, to the Automobile and Sportsmen's Exhibition, and from March 1 to 6 for the Canadian Cement and Concrete Association. The revenue which will accrue to the city from the rental of blocks of the property commissioner at \$1300.

The dates chosen, from the standpoint of the business men in the St. Lawrence district, are most unfortunate, and represent a total cessation of all business for a much longer period than appears on the surface. It is pointed out that when once the word has gone out that the market is closed, a fortnight is always required to resume anything like normal conditions. Assuming this as an established fact, from Feb. 18 to March 28 the market will be virtually closed, while a corresponding period will elapse before the general public will begin to resume the ordinary routine.

Haphazard Way.—“How long do you think a private company would last, if they conducted business in that haphazard sort of way?” said R. C. Steele, ex-president of the board of trade, to The World on Thursday. “It is only by continuity of purpose, and keeping steadily at it that the big business firms of the city or any enterprise is built up on a stable basis. It is utterly wrong, and opposed to the best interests of the city at large.”

Farmers' Right Ignored.—From the standpoint of the farmers of York County, who have largely made the city what it is, the opposition is even more strenuous and well-timed than the city man. That the farmer and the farmer's wife, should be compelled after driving anywhere from 10 to 30 miles in zero weather to find the doors of the St. Lawrence Market barred to trade, and be compelled to dispose of their farm produce on the open street, or falling that to dispose of it from door to door, has aroused widespread dissatisfaction.

Farmers' Right Ignored.—The fact that the York toll gates were removed in compliance with a mutual understanding that the market should be abolished, and permanent quarters established, is beyond dispute. The York County Council will meet in the morning on a charge of forgery. The police also arrested Charles Williams of Maria-street last night. Perjury is the charge. He was allowed to go on bail.

Two hockey matches were played on Ravina rink last night. The first, between Victoria and St. Helen's, resulted in a tie, 2-2. Ravina defeated the Brotherhood of St. Paul in the second game by 3 to 1.

Your Kind of Oysters.—“First catch your fish,” is the way in which the English receipt begins. The modern version, applied to oysters, is “First buy Sealship.” “Sealship” oysters have that distinctive, salt oyster flavor. The reason is that they are packed in galvanized steel containers, sealed air-tight, with no air in the containers, but not in the oysters. No water is used. “Sealship” oysters cannot be lost, nor collect dust, nor germs.

“Sealship” oysters are guaranteed. The white porcelain case bearing the blue “Sealship” trade mark, from which you buy “Sealship” oysters, is your protection. You can be just as particular about any other food—“Sealship” oysters are for particular people.

SMALLPOX STILL RIFE.

Scarboro Township the Storm Centre of Disease.

Reports from the Township of Scarborough are conflicting with reference to the smallpox epidemic. In some quarters the disease is looked upon as being practically under control, and treated with more or less levity, while other reports are sent out indicating the steady advance of the scourge. The churches are for the most part closed, and social functions, usually a big feature in Scarborough at this season of the year, are for the time being postponed. Some 30 cases altogether have been reported to the medical health officer.

WANT MORE SCHOOL ROOM.

A movement of ratepayers of s. w. corner of Scarborough Township is on foot for the formation of a new school section to embrace Blantyre and Victoria-avenue and surrounding territory as children of district rapidly settling, and two miles to Danforth-road school. The ratepayers formed an association and held a meeting at W. Stewart's, corner Blantyre and Windsor-streets at 8 o'clock last night, and discussed the matter in all its phases. It is probable that some well defined plan will shortly be submitted to the proper authorities for approval.

NORWAY.

Teammate Sees For Damages and Jury Awards \$200.

NORWAY, Jan. 11.—(Special.)—A case of peculiar interest to the Norway district was the action of the jury which returned a verdict in favor of the plaintiff in a case involving a horse race. The plaintiff, a Norwegian, had been riding a horse named “The King” in a race at the Scarborough and York trolley.

ANOTHER SMALLPOX CASE.

Mrs. Morrow, who for several days has been quarantined at her home 9 Westmoreland-avenue, with her husband, who is also quarantined, has also contracted the disease. The attending physician, however, believes that both patients will recover. The other members of the household, their twin children, a boy and girl, 5 years old, neither one of whom as yet has shown any smallpox symptoms, are being kept under a rigid quarantine.

SOLDIER MOIR TO SPEND HIS LIFE IN ASYLUM

Acquitted on Charge of Murder on Ground of Insanity on Advice of Chancellor.

LONDON, Jan. 14.—(Special.)—After 15 minutes' consideration the jury this morning acquitted, on the ground of insanity, Private Moir, late of the Royal Canadian Regiment, charged with the murder by shooting of Sgt. Lloyd at Wolseley Barracks last spring. Chancellor Merridell in his charge to the jury said there was no doubt Moir had been insane.

Moir will be committed to the Hamlet Asylum, and Dr. Bruce Smith, provincial inspector of prisons, says that not in 32 years has anyone sent to the asylum on account of epilepsy been allowed his freedom.

“Under the verdict,” said the chancellor, “the prisoner will be kept in close confinement till the pleasure of the crown is known. He will be practically he will be confined in an asylum for life. This trial shows the public are in danger from epileptics such as the unfortunate prisoner. Such people may go around without having knowledge of their condition and their homicidal mania may develop at any time.”

“Those in charge of affairs should see that epileptics such as the prisoner should be subject to imprisonment for life until such time as medical science will have discovered a remedy, which has not yet been done.”

Moir, who is tanned and shown emotion by twitching lips and gulping throat when the verdict was announced, was then led away thru the crowded court-room.

The chief witness this morning was Dr. W. J. Robinson, superintendent of London Asylum, who declared Moir to be an epileptic, having treated him for that disease in 1903. Alcohol would excite an attack and when senses were recovered the patient would have no knowledge of what might have occurred. Alcoholic and epileptic mania were frequently combined.

Dr. C. G. Clark, superintendent of Toronto Asylum, believed Moir to be an epileptic. An epileptic was usually irritable. Up to a certain point this irritability might have nothing to do with epilepsy, but after that it had. There were no addresses by counsel.

FOES OF HYDRO-ELECTRIC SCORED IN OPEN COURT

Master-in-Chambers Balks Attempt to Rush Trial of Action Against London Bylaw.

A curious phase of the legal fight being made to block the City of London from consummating its contract with the hydro-electric power commission transpired at Osgoode Hall yesterday.

J. E. Jones appeared before Master-in-Chambers Cartwright and successfully pleaded against the City of London being suddenly forced into a trial of the action, in the name of R. H. Smith, to declare the power bylaw invalid.

Mr. Jones produced an affidavit from A. H. LeRoy that the City of London only learned on Jan. 9 that the case had been set for trial at the assizes commencing on Jan. 11, whereas in September the plaintiff had announced an intention of amending his claim.

As no amendment had been made, the City of London had not been placed in a position to put in its defence, and therefore was not prepared to go to trial.

In concurring with Mr. Jones in favor of the City of London, the master-in-chambers said that, curiously, would there be in going down to trial if there is no defence?”

U. McPherson, for the plaintiff, argued that his client was within his rights.

“It is a gross breach of etiquette on the part of my learned friends' principal,” said Mr. Jones, “to insert us into all these notices of motion and surprise us at the trial.”

OTTAWA WANTS HOTEL.

And Will Ask Sir Wilfrid Laurier to Stir Up the G. T. R.

OTTAWA, Jan. 14.—(Special.)—The board of control this afternoon, as a result of the long continued inaction of the Grand Trunk Railway in regard to the proposed new hotel on Major's Hill Park, permitted to send a deputation to Sir Wilfrid Laurier.

Starting out with promises to build this hotel within a certain time, the Grand Trunk has escaped responsibility by avoiding the obligation to begin at any certain time, and with the erection of buildings work was suspended. The city now wants this unsightly object removed.

RUSSIAN COUNCIL OF EMPIRE.

ST. PETERSBURG, Jan. 14.—The Official Gazette announces the New Year's appointments, including those of the council of the empire, which remains practically unchanged. Count Witte, Premier Stolypin, Ex-Viceroi Admiral Alexioff and other leading members are all re-appointed.

The newspapers' reviews of 1904 are generally written in a gloomy strain.

Willing to Wear Clothes Now.

PRINCE ALBERT, Sask., Jan. 14.—(Special.)—Warden Fred Kerr of Prince Albert jail will take six Doukhobor women, who have been confined in jail for the past six months, to their homes at Hildebrno, to-morrow.

These women are some of the pilgrims who spent last winter at Fort William, and who persisted in doing their religious duties, although they had recovered from frenzy and wear clothes and eat anything given them. When they first arrived at the jail they had to be fed by force.

FRUIT GROWERS COMING WITH SOME SUGGESTIONS

Deputation to Impress Railway Commission To-day With Handicaps in Niagara District.

GRIMSBY, Ont., Jan. 14.—(Special.)—President William H. Bunting presided at the annual meeting to-day of the Niagara Peninsula Fruit Growers' Association. The entire district was represented and much time was devoted to a discussion of the lack of facilities afforded growers by express companies and the excessive rates charged for shipments of fruit.

When the matter comes before the board of railway commissioners in Toronto to-morrow the following committee will be present: Mr. Hendershott, A. E. Kimmins, J. W. Smith, P. A. Goring, M. Pettit, Mr. Metcalf, H. Fleming, T. H. P. Carpenter, E. L. Jemmetts, R. Thompson, J. W. Brennan, W. B. Bridgeman. They will be accompanied by many other growers to give moral aid to the fight, and vegetable men will also be on hand.

A resolution adopted to-day will also be submitted, declaring that “it is desirable that every effort be made to bring to bear upon the railway commissioners the importance of the fruit industry of several reductions of (1) express rates; (2) graded rate on large shipments, also car loads; (3) eliminating pilfering and rough handling; (4) fixing responsibility regarding delays, and a proper method of settling just claims within a reasonable period; (5) proper accommodation both as regards cars and shelters at points of shipment be provided.

A committee composed of Joseph Tweedie and Joseph Smith reported that they had last year tried the new VI and VII spraying mixture as well as the old reliable lime and sulphur, and when trees sprayed were examined in the fall they were found to be in good condition, the scale being almost entirely dead.

The treasurer's report showed a balance of over \$250 on hand, but the association will appeal to the legislature for a \$300 grant.

Directors were elected as follows: Niagara Township, F. A. Goring, A. Onslow, W. O. Burges, H. St. C. Fisher, W. Armstrong, Grantman; W. H. Bunting, F. A. Robertson, F. G. Stewart.
