SINN FEIN IS PLOTTING FURTHER DEVASTATION IN ENGLAND

Reopening of Factories in United States Is Herald of Better Times

LEAGUE ASSEMBLY SETS UP LAST MANDATE QUESTION

Composition of Commission
Decided and Mandatories
Will Submit Reports.
ONE LABOR MITER

Geneva, Nov. 29.—Removal of the mandates commission as far as possible from governmental influence was the task undertaken by the council of the League of Nations today. It was decided that the members of this commission shall be appointed by the council on personal merits and competency, and that they shall not occupy any position involving dependency upon their government.

The mandates question occupied almost the entire session, and necessarily postponed the election of a sub-commissioner to Sir Bernard Tower, high commissioner at Danzig. M. Viviani represented France, instead of M. Bourgeois, who was obliged to make a trip to Paris, and Signor Tittoni also was replaced, as his return to Rome for a few days was imperative. The French government will be invited to arrange for the transportation and sustenance of the league military expedition to Vilna.

The mandates commission will include one member named by the international labor organization, who will attend all the meetings in an advisory capacity only when questions of interest to labor are discussed.

Mandatories will be required to submit annual reports thru duly authorized representatives setting forth the situation in the territory under their jurisdiction. These reports will be examined by the mandates commission, which will decide what points therein shall be called to the attention of the council. The mandates commission will sit in Geneva.

The sub-committee on blockades today passed a resolution proposing that Robert Geertz, delegate for South Africa, that the council be asked to name an international commission on blockades whose duty it shall be to report in the assembly the measures it finds necessary to put an economic blockade into effect. This is regarded as quite likely to put off a definite solution of the blockade question until the next meeting of the assembly.

The committee on the admission of new members finally agreed today that it is impossible to admit Russia to the league until the present status of the Russian confederation, entirely changing the present status. The committee will recommend, however, that while these states are not admitted to full membership, their delegates should be allowed to sit in the assembly in a consulting capacity without the right to vote.

TRADE CONDITIONS SLOWLY IMPROVE; FACTORIES REOPEN

Indications From Various
Parts of United States of
Revival of Business — In
Many Cases Wages or
Working Hours Are Cur-
tailed — Big Shoe Fac-
tories to Run at Full
Capacity.

New York, Nov. 29.—Advices from various parts of the United States, widely scattered, of the re-opening of factories closed during the recent industrial readjustment, are taken in New York business circles as indicating the beginning of a gradual improvement in business conditions. In most instances the opening of plants is attended with announcements of lower wage schedules or curtailed working time.

The Jefferson and Eagle Lake woolen mills of older, Mass.-closed since Wednesday last, reopened today under an average 10 per cent. wage reduction. The employees all went to work. The cotton mills of Gastonia, N. C., resumed operation on greatly reduced schedules of working times after two weeks' idleness.

Announcement was made in Rochester, N. Y., today that within three weeks factories in that city making women's shoes, now idle, would reopen at full capacity to fill orders for spring stock. This will mean employment for 23,000 men and women.

Announcement was made by the Richmond Cedar Works, Richmond, Virginia, of a reduction of 25 per cent. in the wages of its 800 employees.

What Causes Stagnation.
An explanation of the present ills of business is presented today by the Fourth Federal Reserve Bank of Cleveland, Ohio, in its monthly review of conditions. This review states that business is suffering from a strike on the part of the public, which will not be drawn into the market to purchase except for absolute necessities until it is convinced that prices are as low as may reasonably be expected and bear some evidence of stability.

A general cutting of retail meat prices, ranging from three to eleven cents a pound, bringing prices nearer normal than at any time in months, was in evidence in Cleveland today. Prices that have been coming down gradually for two weeks reached new low levels.

Bacon was cut from forty-six to thirty-five cents.

Notices were posted today in the Nashawena cotton mills of New Bedford, Mass., that operations would cease Wednesday for an indefinite period. The mills are controlled by the Whitman interests.

AMBUSH OF CADETS STARTS REPRISALS DISH LAGE

Scarcely a House Undamaged
and Inhabitants Are Flee-
ing in Terror.

Macroom, Ireland, Nov. 29.—Two lorry-loads of new recruits in training for the black and tan auxiliary police were ambushed last night by from eighty to one hundred men near Kilmichael, and fifteen of them were killed. The bodies were brought here this evening.

Already reprisals have begun and reports from the villages of Macroom town, between Macroom and Dunmanway, state that scarcely a house there is undamaged and that most of the shops in the district have been set afire. The residents are fleeing from the place in terror.

Here, shops have been closed and all business is suspended. Large parties of auxiliaries bearing rifles and revolvers are patrolling the town and the people are apprehensive that the auxiliaries will take vengeance.

Announced in Commons.
London, Nov. 29.—Despatches relating to the killing of 15 auxiliary police cadets near Kilmichael were read in the house of commons by Sir Hamar Greenwood, chief secretary for Ireland, during the course of the Irish debate today.

The party which ambushed the cadets, consisted of from 80 to 100 men, all dressed in khaki and wearing steel trench helmets. They fired from both sides of the road on the lorry, in which the cadets were patrolling, and also directed an enfilading fire straight down.

By force of arms some of the men had been disarmed and brutally murdered; their bodies were riddled of all money and valuables, and even clothing was taken from the corpses. Arms and ammunition were also taken and the lorry burned.

The secretary thought that with 15 former officers of the lorry, he thus lying dead, the house would not wish to continue the discussion in the face of these facts.

PLOTS OF SINN FEIN TO APPLY ORCH TO ENGLISH HOMES

Details of Conspiracy Revealed Thru Raid on Irish
Mails — Cabinet Ministers
and Families Threatened—
Would Destroy Property of
Black and Tans Serving in
Liverpool.

London, Nov. 29.—The Evening Standard says the latest Sinn Fein plot contemplates the burning of houses and other property in England belonging to "black and tans" who are serving in Ireland. The newspaper asserts that the details of the alleged plot came into the possession of the authorities as the result of a raid on the Irish mails.

The Standard says that not only have cabinet ministers received letters threatening them with personal violence, but that threats now are being made against members of their families.

The public will not only be excluded from the galleries of the house of commons, but denied admission to the inner precincts of the commons. Members of the commons will only be able to interview their constituents in the outer lobbies. Persons having business in the house and unknown to the police will be searched. Motor traffic into the palace yard also will be subject to special observation.

The house of lords has adopted precautions similar to the commons. As an additional precaution against suspected Sinn Fein outrages, a police motor boat, armed with a machine gun, will be patrolling along the river front of the houses of parliament today.

Police With Automatics.
The precautions taken in the house of commons and in the government offices against unlawful demonstrations, included the posting of a permanent guard of armed policemen, selected for their use in the use of the revolver, according to the Daily Mail. The men started their duties Monday afternoon. They were supplied with automatic pistols and had orders to shoot to injure anyone attempting to escape after having committed any outrage.

The guards are dressed in civilian clothes and stationed at various points, where they can see without being seen. The men are all ex-soldiers with good war records.

According to the Daily Mail the government will also authorize the arming of police for special patrol duty, but it is not intended at present generally to arm the police. Special arrangements also are being made for the rapid concentration of large forces of police wherever and whenever this becomes necessary. Raids and arrests on a wholesale scale.

(Continued on Page 2, Column 1).

CHARITIES CAMPAIGN MAKES FINE START AT MASS MEETING

Prominent Citizens Tell of
Urgent Need for Gen-
erous Giving.

The campaign to raise \$45,000 for the Federation of Community Service started off in splendid shape at the mass meeting in Massey Hall last night. The organized workers were present in a body and lent their full flood of enthusiasm to the gathering. Over two thousand people were present, including a large number of prominent citizens who were observed on the platform and scattered thruout the audience.

The chief speakers of the evening were Sir Robert Falconer, president of Toronto University; Rev. W. A. Cameron and Sir James Wood, all of whom enthusiastically touched upon the splendid results of the federation of all the bodies engaged in public and charitable service. The evening's addresses were interspersed with instrumental numbers by the orchestra and by vocal numbers by the Rotary Glee Club. A notable feature of the occasion was the presence in strength of the Rotarians.

Toronto's Small Share.
In his address, Mayor Church stated that the province of Ontario expended only 6.2 per cent. of its monies upon charitable public undertakings, as compared with 11.6 per cent. expended by Saskatchewan and 17.6 per cent. expended by Prince Edward Island. Three million dollars in secession dues had been allotted to the province for such undertakings, and of this amount the province gave out only 28 per cent. to Toronto, and only 15 per cent. to York county. It was a noteworthy fact that today the work needed three times as much as it did in 1914. He hoped

WARE WILD RUSH TO FROZEN NORTH, SAYS GOVERNMENT

Police Cordon to Check Oil-
Seeking Horde Until Win-
ter's Rigors End.

A LAND OF PROMISE

Ottawa, Nov. 29.—(Special.)—The rapid depletion of the world's surplus oil stock has given an importance and interest to the Imperial Oil Company's strike at Fort Norman on the Mackenzie River, that threatens next year a stampede into that district rivalling that of the Klondike in 1898, and unless great care is exercised, with equally disastrous results to the majority participating in it. The federal government has thrown a cordon of police across the northern reaches that will prevent the inexperienced and improperly equipped from entering this winter, but next June the doors will be opened.

There need be no anxiety on the part of oil seekers that all the territory will be pre-empted, as the oil fields of northern Canada, according to the Geological Survey of Canada, approximate three hundred thousand square miles in extent, and cover the aggregate area of the maritime provinces. Nor should false hopes be raised that this discovery will have any appreciable effect on oil supplies for some years, as the discovery is twelve hundred miles from rail thru the wilds of the north, and to even reach tide water a pipe-line must be laid for eight hundred miles thru trackless wilderness and thru the rugged passes of the Rockies. It is N (Continued on Page 2, Column 6).

PARIS OPERA STRIKE IS OVER, ORCHESTRA LAST TO GIVE IN

Paris, Nov. 29.—The strike of the orchestra, chorus and stage hands which closed the Opera in the middle of October has been called off, and the house will reopen for performances next Friday. The orchestra, which was the last body of employees to give in, today agreed to the terms offered by the management.

SEEKING PIED PIPER IN FREDERICTON, N.B.

Fredericton, N.B., Nov. 29.—(Can. Press)—With the coming of cold weather the city of Fredericton has been invaded by myriads of rats until the arrival of the pied piper would be greatly appreciated. During the summer the rodents are found around the river, but wintry weather has forced them into the city in search of food. What to do with the invaders is the civic problem just now.

FLURRY IN "VICTORIES" IN THE OPEN MARKETS; WORST BELIEVED OVER

Heavy Liquidation Thought to Have Been Due to Refusal
of Banks in Montreal to Continue to Carry Large
Blocks of Bonds Partly Paid For—Small Lots Sell in
Montreal at Prices to Yield Nearly Eight Per Cent.—
Investors Are Offered a Great Opportunity.

Victory Bonds had a bad day on the Canadian stock exchanges yesterday, due to making an open market for them and taking them out of the straits of the protective committee. It was not thought that the bonds would be released from government control until after the first of the year, but financial conditions in Montreal are understood to have been responsible for the change. A large amount of the bonds were held by Montreal banks for clients who had only paid an instalment on them. The banks refused to carry them any longer and the government did not want the protective committee to take them. It is reported that a hurried meeting was held at the residence of Sir Thomas White on Sunday between Sir Henry Drayton and others, and that an open market was decided upon.

Worst is Over.
In the smash yesterday the 1922 issue sold at a price to return nearly seven per cent. Local financiers think now that the worst of the liquidation is over and that bottom prices have been touched.

The average drop in prices was about three points from the last prices named by the bond committee and in effect fell 1922 from 97 to 94, 1923 from 97 to 94, 1924 from 97 to 94, 1925 from 97 to 94, 1926 from 97 to 94, 1927 from 97 to 94, 1928 from 97 to 94, 1929 from 97 to 94, 1930 from 97 to 94, 1931 from 97 to 94, 1932 from 97 to 94, 1933 from 97 to 94, 1934 from 97 to 94, 1935 from 97 to 94, 1936 from 97 to 94, 1937 from 97 to 94, 1938 from 97 to 94, 1939 from 97 to 94, 1940 from 97 to 94, 1941 from 97 to 94, 1942 from 97 to 94, 1943 from 97 to 94, 1944 from 97 to 94, 1945 from 97 to 94, 1946 from 97 to 94, 1947 from 97 to 94, 1948 from 97 to 94, 1949 from 97 to 94, 1950 from 97 to 94, 1951 from 97 to 94, 1952 from 97 to 94, 1953 from 97 to 94, 1954 from 97 to 94, 1955 from 97 to 94,
