## OBJECT TO CUTTING OFF CIVIC RELIEF

Only Work Now Offered Is  
for Experienced Men on  
Farms.

Only the meal ticket relief is to be  
cut off tomorrow and the family re-  
lief will be continued until the city  
orders it discontinued, according to  
Robert E. Mills, superintendent of  
city relief, who stated to The World  
yesterday that even the cutting off  
of the meal ticket relief to singlemen  
was not absolutely certain.  
It appears that the meeting was to  
discuss the termination of services to  
take effect the end of this month, but  
the hotel will be under relief for  
another two weeks, and should any-  
thing occur to cause the city to de-  
cide to continue the relief to single  
men, there would be nothing to stand  
in the way.

After the closing of the Krausmann  
Hotel, applications for family relief  
will be made to the public health de-  
partment, room 308, city hall, and the  
present family relief receiving relief  
numbering 3,000, will, in the  
meantime, continue to receive it.

Threaten Mass Meeting.  
There was much indignation ex-  
pressed among labor officials at the  
Labor Temple yesterday over the  
possibility of the city cutting off re-  
lief to the unemployed, and it was  
declared that, should the city an-  
nounce its intention to do so, there  
would be a mass meeting called as  
a protest.

The amount expended on food alone  
for relief of Toronto's unemployed  
has reached the total of \$580,000, of  
which the city's share will be \$210,-  
000, the other two-thirds of the cost  
being borne by the Dominion and  
provincial governments. With an ad-  
ditional \$45,000 expended for fuel, the  
grand total is approximately \$700,000.

It is understood that a conference  
of civic unemployment relief authori-  
ties is to be called at once to con-  
sider the question of a continuation  
of relief measures, the agreement of  
the Dominion and provincial govern-  
ments to bear two-thirds of the  
cost terminating at the end of this  
month. The finding of this confer-  
ence will be brought before the board  
of control and will largely guide that  
body in what action it decides to take.

Many New Applications.  
The number of persons now receiv-  
ing relief number around the 18,000  
mark, and new applications for relief  
are being received at the rate of 2,000  
per day. Some 2,000 men applied  
for relief at the Krausmann Hotel  
yesterday, of which 53 were new  
applications. Among the new  
applicants were men who had  
not been working for the past two  
months, but who were only now ap-  
plying for relief after having ex-  
hausted every other recourse, at last  
being compelled to pocket their pride  
and ask help from the city.

New applicants for work to the  
number of 200 applied for a job at  
the government employment bureau  
yesterday, bringing the total regis-  
tration to date up to 20,739, of which  
over 18,000 are still out of work. The  
registration for yesterday was 1,142,  
which is higher than has been exper-  
ienced for some weeks.

Superintendent Miller stated to  
The World yesterday that the unem-  
ployment situation in this city was  
growing worse instead of better and  
advised any of the city's workmen  
who have had farm experience to go  
back to the land where there was  
a demand for them, as there was no  
signs of any immediate improvement  
in the chances of those looking for  
a job in Toronto. Practically the  
only work now available is the de-  
mand for farm help. There is no  
work being offered in the city, ex-  
cept a few odd jobs of very short  
duration.

## OAKOAL SHAREHOLDERS TO ATTEND MEETING

Former Directors Discuss Com-  
pany's Affairs With F. C.  
Clarkson, Assignee.

Proposals for a reorganization of the  
Oakal Company of Canada were dis-  
cussed yesterday afternoon when three  
of the former directors, W. R. Jackson,  
H. J. Birkett and J. R. Long had  
a conference with the assignee, F. C.  
Clarkson.

Mr. Clarkson advised that a meet-  
ing of shareholders and means of relief discussed.  
as possible, so that a committee could  
be appointed to go into the company's  
involved situation with the assignee  
before the winding-up proceedings are  
taken at Osgoode Hall. The meeting  
is fixed for April 29.

The agreement made between the  
Ontario Oakal Company when it was  
disposed of its assets to the Oakal  
Company of Canada has not yet come  
into the hands of the assignee. The  
papers show that when the former  
Ontario Oakal was offered for sale  
the directors of the Dominion com-  
pany, the Oakal of Canada, Limited,  
were identical with the directors of  
the Ontario Oakal, which was in-  
corporated by a provincial charter in  
1918. The Ontario directors were:  
Chas. Haldenby, Dr. Armstrong, J.  
E. Potts, W. R. Jackson and J. R.  
Long.

upon a few of the outstanding needs in  
the riding. "Education," said Mr. Henry,  
"is one of the items of great interest  
to us all. The township has grown im-  
mensely and we are trying to develop  
some class of legislation to assist York,  
Scarboro and Etobicoke Townships."

## Get Together Idea.

The City of Toronto, he said, recog-  
nized the situation to a certain extent  
and contributed with the county an equal  
amount towards the upkeep of the high-  
ways, and he considered, it should in-  
terest itself further in greater develop-  
ment, giving their advice and incidentally  
financial aid. He suggested they should  
get closer together on a comprehensive  
scale in connection with sewers, water  
mains, police protection and other mat-  
ters because the township would likely  
be annexed at a later date.

The city at the present time, he con-  
tinued, is working on the electric clean-  
up and in this connection recognized the  
suburbs at the same time. In conclusion  
the speaker paid a tribute to the G.W.V.  
A. for their enterprise in establishing a  
community hall in the district and com-  
plimented the women for their attend-  
ance in such large numbers.

Deputy Reeve J. A. Macdonald also  
briefly addressed the meeting. He  
stated that the township had a large  
population and a large number of  
refugees were being received at the  
Infants' Home.
