Christmas Time is Home Time

Once more we are on the threshold of Christmas, and along with this great home-gathering time comes a train of expenses that have to be met as surely as the sun rises. When the family gathers round the festive board the home should look its best. It is the Adams Store's chief mission in business to provide all that is needed to make the home a place of beauty and cheerfulness, and where there are so many things to buy, as at this season, and where cash is not always available, our popular "Charge Account" plan enables everyone to have all these extra comforts and luxuries without entailing any financial worry.

Adams' Charge Account Plan Makes It Easy to Buy Expensive Holiday Gifts, Too

By opening an account with us you will find it easy to buy much more handsome gifts than might otherwise be selected, for we arrange the payment to suit your convenience, so if you wish to buy a Parlor Suite, a China Cabinet, a Bookcase, a fine Rug, a pair of Portieres, or any of the more costly furnishings which so many choose nowadays for gift-giving within the family, you can—by opening an account here—pay for them in a manner that will relieve you of all the usual strain on your pocketbook.
