

# ALLEN'S LUNG BALSAM.

Convincing Testimony in its favor.

We will only give a very few testimonials in this annual as we have so little space, but any one who desires further information concerning ALLEN'S LUNG BALSAM and will write to us, we will send them a pamphlet containing a more complete description of it. Is not one testimonial from an eminent medical man, like the following from Dr. Scovill, enough to convince the most skeptical? Dr. Scovill is well known throughout the Western States, and would not lend his name and reputation to sell an article except it were to benefit mankind.

J. N. HARRIS & Co.:

*Gents.*—This is to certify that my sister was attacked with a cough, to which, at first, she paid but little attention; but, after a little time it became dry and hard, and she could not expectorate the phlegm. This went on, she thinking it would wear itself off in a short time. Finally, the lungs became sore and painful. The exertion to raise seemed to increase the irritation. She had one of the ablest physicians in the country, who attended her for a long time, but he gave only temporary relief. At this time what she raised was of a yellow and thick matter; the cold chills and night sweats followed; the system prostrated; the bowels constipated; the appetite poor; the hands and feet cold and clammy; the eyes glassy, with all the attending symptoms of being in the LAST STAGE OF CONSUMPTION. Tubercles had formed and rotted off one of the veins, which caused hemorrhage of the lungs. SHE BLED MORE THAN A PINT AT A TIME. The physicians, on examining her lungs, found a tubercle as large as a hen's egg. At this crisis, she commenced the use of the LUNG BALSAM, which she took freely at first, as directed, until she raised large quantities of phlegm. When this matter was once thrown off, she felt greatly relieved. As she inhaled air into her lungs, it seemed to produce new life to the system. She now began to have hopes of getting well again. She bathed over the chest and back, used stimulating drinks, diet, and tonics, which the directions recommended. The cough rapidly decreased; the sores on the lungs began to heal; the appetite became stronger; the cold chills and night sweats stopped, and the strength returned, UNTIL SHE HAS ENTIRELY RECOVERED HER HEALTH; and now, at this time, she is as likely to die of any other disease as that of Consumption. I have known this BALSAM to be used in many other cases, which the PHYSICIANS AND FRIENDS HAD GIVEN UP ALL HOPES OF getting better. They appeared to be in the last stages of consumption. They had cold night sweats, attended with a diarrhoea, tubercles formed and ulcerated; yet they were cured, and now apparently enjoy good health.

I have also found it to be one of the best COUGH MEDICINES THAT I HAVE EVER USED. It causes expectoration, without producing fever or constipation of the bowels. I now say to the afflicted that I believe that there are numbers of cases that are now in their graves that could have BEEN SAVED BY THE TIMELY USE OF ALLEN'S LUNG BALSAM. I would sincerely advise those who, when they first feel a pain or oppression in the chest, attended with a difficulty of breathing, and when they have to make great exertion to throw up the phlegm by coughing, to use this BALSAM at once. Respectfully yours,

A. L. SCOVILL, M.D., *Cincinnati.*

## WHAT OTHER DOCTORS SAY.

Amos Woolly, M.D., of Kosciusko Co., Indiana, says:—"For three years past I have used ALLEN'S LUNG BALSAM extensively in my practice, and I am satisfied that there is no better medicine for lung diseases in use."

Isaac R. Doran, M.D., of Logan Co., Ohio, says:—"ALLEN'S LUNG BALSAM not only sells rapidly, but gives perfect satisfaction in every case within my knowledge. Having confidence in it and knowing that it possesses valuable medical properties, I freely use it in my daily practice and with unbounded success. As an expectorant it is most certainly far ahead of any preparation I have ever yet known."

Nathaniel Harris, M.D., of Middlebury, Vermont, says:—"I have no doubt it will soon become a classical remedial agent for the cure of diseases of the Throat, Bronchial Tubes and the Lungs."

Dr. Loyd, of Ohio, Surgeon in the army during the war, from exposure, contracted Consumption. He says:—"I have no hesitation in stating that it was by the use of your LUNG BALSAM that I am now alive and enjoying health."

Dr. Fletcher, of Missouri, says:—"I recommend your BALSAM in preference to any other medicine for Coughs, and it gives satisfaction."

ALLEN'S LUNG BALSAM is both recommended and used by prominent Physicians in all parts of the Dominion, we have testimonials from many.

Individuals who have received great benefit from the use of ALLEN'S LUNG BALSAM will confer a favor upon their fellow sufferers and mankind generally by writing a statement of their disease and cure and sending to the agents as given below.

SOLD BY ALL DEALERS IN FAMILY MEDICINES THROUGHOUT THE DOMINION.
