Above will be found the picture of a modern gun of the kind that is being used in the present war. At a glance the gun and some old trees appear to be all there is in the picture, but by careful scrutiny some soldiers' faces will be found. There are 18 of them in all. Can you find them? It is no easy task, but by patience and perseverance it can be accomplished.

You may win a cash prize by doing so. Many have done this as will be shown by the names and addresses we will send you. If you find the faces mark each one you find with an X. cut out the picture and send it to us together with a slip of paper on which you have written the words "I have found all the faces and marked them." Write these nine words plainly and neatly, as in case of ties, both writing and neatness will be considered factors in this contest.

This may take up a little of your time, but as there are TWO HUNDRED DOLLARS in cash and many merchandise prizes given away, it is worth your time to take a little trouble over this matter.
