TO FIGHT TYPHOID

New Maine Department to Devote

take on all comers in the "bug" line—human, animal or vegetable.

Disease germs are ruthless destroyers of life. Like enemy submarines they attack without warning, and can be conquered only by well organized and concentrated effort.

Starting in January, the entire year of 1918 will be spent by the state department of health in a concentrated effort to rid Maine of the submarines

Sir,—In the sermon entitled "The Use of Money," the tounder of Methodism, Rev. John Wesley, said:

"None can gain by swallowing up his neighbor's substance without gaining the damnation of Hell. This is dear-bought gain. And so is whatever is procured by hurting our neighbor in his soul, by ministering, directly or indirectly, to his unchastity or intemperance. Neither may we gain by hurting our neighbor in his body. Wherefore we may

When They Could Be Saved by Using DR. FOWLER'S

EXTRACT OF WILD STRAWBERRY

There is not a summer passes without thousands of people, especially infants being attacked by summer complaint. The prostration, often verging on collapse, which sometimes accompanies this disease makes it one of the most serious and dangerous we have to contend with during the hot months.

A remedy which will quickly offset the vomiting, purging and the profuse diarrhoos is Dr. Fowler's Extract of Wild Strawberry.

Spiritous liquors. It is true these may have a place in medicine; they may be of use in some bodily disorders, although there would rarely be occasion for them were it not for the unskillfulness of the practitioner. Therefore, such as prepare and sell them only for this end may keep their conscience clear. But who are they? Who prepare them only for this end? Do you know ten such distillers in England?

"Then excuse these. But all who sell them in the common way to any that will buy are poisoners general. They murder His Majesty's subjects wholesale, neither does their eye pity or spare. They drive them to Hell like sheep; and what is their gain? Is it not the blood of men?

diarrhoea is Dr. Fowler's Extract of Wild Strawberry.

Mrs. Thomas M. Theriault, Grand Anse, N.B., writes: "My three children vere very sick with summer complaint during the hot days last summer. I thought one day that they would die, and I didn't know what to do to cure them. I happened to have one of your almanacs in the house, and found by reading about Dr. Fowler's Extract of Wild Strawberry that it was a good remedy. I at once got two bottles, and they perfectly cured them. I recommend everybody to use this wonderful remedy.

When you ask for "Dr. Fowler's" see that you get it.

It has been on the market for the

(From the London Advertiser.)

(From the London Advertiser.)

A big movement toward national unity has seized the Liberal party. Conscription is on the statute books, and will be enforced. With what followed its introduction in the shape of the most shameful election bill that could have been conceived in the mind of an arch-trickster, the country will be aroused regarding the danger to the future of Canada if the present government is allowed to continue its wallow in the mires of political filth tramped over the halls of government since the war began. The country must clean up. If enforced service is to be the order, as it must be, there must be a clean country for the future military
