

The Geological and Mineralogical Cabinet has been recently increased by the addition of the fine collection of New Brunswick Minerals, Earths, &c., which was made by the late Mr. Payne. This contains about five hundred specimens all properly labelled and arranged in eight different cases.

A full supply of all the Text Books, Music, Stationery, materials for Drawing and Painting, &c., needed by students, is kept constantly for sale at the Institution at the lowest possible prices.

### **Situation, Buildings, &c.**

Sackville, being at the head of the Bay of Fundy, is a retired Country Village, pleasant and healthy, and easy of access from all parts of the Lower Provinces.

The Academy Buildings, are elegant, spacious and comfortable, and delightfully situated upon an elevation of ground, so that they command one of the richest and most extensive views in British North America.

The new Building, erected on the site of the one which was destroyed by fire on the 16th January, 1866, was completed and dedicated on the 8th August, 1867. It is by far the most elegant and commodious edifice devoted to academic use in the Maritime Provinces.
