BRITAIN CAN MATCH RAIDING ZEPPELINS

New Aeroplane With Puts Chances at Ten to One Against the Child Slayers

New York, Oct. 3.—A cable to the Herald from London says: "A new Zeppelin chaser," aeroplane employed by the British home defence is one of the most formidable air fighting machines yet invented.

A French aviation expert, Jacques Marillac, has examined it and his published account of it after the censor in two countries had made their eliminations is as follows:

The machine is a tractor biplane of powerful construction, with a high-powered fixed motor. Its stability is remarkable to a point of being practically automatic. Landing can be made by this machine at relatively low speed. As for the form and volume of the armament, it is decided that they are not to be known until it has been signed.

I shall only add in this connection that if the Prussians continue to send Zeppelins over London, it is ten to one that the day will come when their home sheds will see them no more.

It was with one of these machines that Lieut. William Lee Robinson destroyed the Zeppelin on Sept. 2, for which feat King George conferred on him the Victoria Cross.

A BRAVE GIRL

Offers to Give Eye to Save Sight of Wounded Soldier

Paris, Oct. 3.—A young English girl has written to Dr. Rochon DuVigneaud offering to give one of her eyes to a soldier who has lost his sight serving France. The girl, who lives in North Shields, had received a statement by Dr. DuVigneaud, one of the most foremost oculists in France, that it was possible to save the sight of a man wounded in the eye by grafting a portion of the cornea of another person.

She says: "If you believe that there is one chance of success in a million, I will give you one of my eyes for a soldier to whom I would be especially useful, such as an inventor or an officer of high value."

"If my offer is accepted I shall consider myself under an obligation to you for permitting me to be of use to my country in the only way possible to me."

Death in Hampton Hampton, Oct. 1.—The death of Mrs. W. E. Young occurred this morning at her home, after an illness of many weeks. She was in her seventy-third year. She was the wife of the late Mr. Young, who was James Cripp, who left three children to survive him. Mrs. Young, of the late Philip Fitzpatrick, of Hampton, and Oscar, of Saskatoon. The funeral service will be held at the house at 2 o'clock Tuesday afternoon. Rev. A. H. Crawford officiating. Burial in Hampton Rural cemetery.

BRITISH AIRMEN IN ATTACK ON GERMANS London, Oct. 3.—British naval aeroplanes yesterday made another attack on the German airship sheds in the vicinity of Brussels. One British aeroplane was lost.

MILK PRICE AGAIN Will They Go Higher?—What Mr. Prime Says

While, just at present, milk is selling at eight cents a quart to the public, how long this price will hold is something of a question.

At a meeting of the St. John Milk Producers' Association, held at the home of Mrs. J. P. Prime, manager for the city, on Monday last, it was suggested to stop shipping milk to St. John and to sell it locally.

The request of Dr. McKnight for permission to erect an electric sign at 446 Waterloo street was met by Commissioner McLellan with attention to the fact that New York is permitting no such signs to project more than eighteen inches.

Commissioner Fisher said that if there was a general move in that direction, St. John should follow it.

The payment of \$230 for 123 barrels of material for the public works department was authorized.

Commissioner Fisher reported that he is not proceeding with the preparation of specifications and the calling for tenders for the rock cutting, grading, curbing, sidewalks, etc., in Clarendon street.

Commissioner McLellan said that it should not be burdened with any greater portion of the Clarendon street, improved by curbing and sidewalk there, and next year's appropriations being already burdened with \$67,000 for overhauling the 1914 and \$200 for overhauling the 1915, to which there will have to be added \$3,700 for main street paving.

Commissioner McLellan said that it should be complied with. He said there was no reason for delay.

Commissioner Wigmore remarked that the motion was out of order.

Commissioner Russell thought the work should go ahead, but if the road engineer did not approve of letting the work by contract, the day's work plan might be adopted.

Commissioner McLellan asked if the engineer had submitted estimates with incomplete surveys, and was informed that the estimates were not supposed to be definite.

The mayor ruled the motion out of order, unless the previous motions were rescinded or reconsidered, and it was dropped.

Commissioner McLellan said "Then it is understood that the work is to proceed." He added that it might simplify matters if he moved that all city work of the department be done by public tender.

The commissioner of public works submitted an opinion of the city solicitor to the effect that the city was not liable for injuries received by Miss A. K. O'Connell from falling in the street. The letter from her solicitor was ordered filed. A request from the Dominion Auto

Setting Up a Home

Let J. MARCUS help you. We make a specialty of furnishing newly married couples with their complete home outfit. Since its earliest days this firm has been known as the best Furniture House in the city for young married people.

What may seem a great obstacle to young couples from the standpoint of expenditure may be easily removed by an inspection of our fine and complete stock of Furniture and Home Furnishings at Prices Within Reach of All.

No matter what your Furniture requirements may be, we can supply them and save you money.

J. MARCUS 30 Dock Street Look For the Electric Sign

Exchange for permission to place an air pump for their premises in Marsh road was referred to the commissioner of public works.

Commissioner McLellan said that the report of finances submitted by the commissioner of public works was not what was wanted. He had asked for a statement of the amount of money available when the present commissioner took office and of the way in which it had been expended.

Commissioner Fisher said that he had given this information verbally, but promised to submit a written statement.

KILTIES' CAMPAIGN HAS BROUGHT SO FAR MORE THAN 150

Fredericton, Oct. 3.—The number of recruits for New Brunswick Kilts at last night's meetings in fifteen parts of the province was nineteen. This brought the total for eight days up to 157. The reason for the discrepancy between the 138 for the week and the number given out in the official recruiting returns for last week is explained by the fact that the Kilties' recruiting campaign began on Monday night and Monday instead of from Saturday to Saturday as do the recruiting officers' reports.

Northumberland is still in front with twenty-seven, one more having been enlisted last evening at a meeting in Millerton. St. John added two more last night, making twenty-one, while Carleton county and Madawaska continue a close race, each getting yesterday's tally.

Watsonland said Kent got the largest number yesterday. Lieut. Humphrey including four in Shediac last night. Lieut. Col. Guthrie also got four at a meeting at Richibucto, while one each were obtained at Beaver Harbor, Charlotte county, Plaster Rock, Victoria county, Curryville, Albert county.

Lieut. Col. Guthrie is at Moncton today, being scheduled for two meetings, one at noon at the I. O. O. F. shops and another in the city hall this evening.

Moncton, N. B., Oct. 3.—Among four recruits who signed in Shediac last night were Lieut. Col. Guthrie and Police William Gunn, formerly of the Moncton force.

SIR SAM NEAR HOME; OTTAWA SAYS HE WILL BE IN CHARGE AGAIN

Ottawa, Oct. 3.—General Sam Hughes is expected to land at Halifax on Friday or Saturday and to proceed by special train to Clifton to take over control of the department of militia. It is understood that B. F. McCurdy, parliamentary secretary of the militia, will have an office in the headquarters building but that General Hughes will take over the entire administration of the department.

There is a general desire among members of the government for Mr. McCurdy to continue the administration of a considerable portion of the militia portfolio but this is not contemplated by General Hughes.

PATRIOTIC CAUSES Who'll Give \$10? The ladies' executive of the Soldiers' Club want thirty men to give (free will offering), \$10 each by bus to keep the men (who are doing our job) warm. Who will be the first? Will you? Send your check today to E. L. Rising.

High School Alumnae Will the members of the St. John High School Alumnae Reading Class remember that they are to take the wool for Miss Agnes Warren's card to the meeting on Thursday, Oct. 5, at Mrs. F. B. Ellis', 20 Queen square.

SERIAL AND ORCHESTRA SCORED A HIT AT UNIQUE

Crowded houses ruled at the Unique yesterday, and patrons were delighted with the excellence of the programme. The first chapter of the serial, "The Shielding Shadow," created no end of favorable comments, while The Astrington Novelty Orchestra left a lasting impression. See "The Shielding Shadow" today. This shows during afternoon as well as at night.

Reade-Allen On Wednesday at the home of Mr. and Mrs. William T. Allen, of Reade, Westmorland county, their only daughter, Nettie May, was married in marriage to B. Frank Reade.
