Northern Electric Portable Sewing Machine A Friend to The Northern Electric Portable is ideally meeting the requirements of the average Time and With a Northern Electric Portable Energy Saved all the work.

housewife, namely, conservation, efficiency and economy. And in doing this, it is finding a prominent and preferred place in the homes of Canada.

It is complete and simple in construction and will do every kind of sewing that can be done on any other make of standard sewing machine. It is enabling the housewife to do a larger proportion of the family sewing with much less physical effort because a Northern Electric is operated by electricity and simply and easily controlled by the foot.

It is artistically designed and beautifully finished. In short, a sewing machine you will be proud to own. There are many other points of superiority claimed for the Northern Electric Portable. Ask your dealer to explain them.

If your dealer is unable to sup-ply you, write our nearest house for booklet giving his name and address.
