EASY TO BUY POISON IN COUNTRY STORES

What the N. B. Pharmaceutical Society Proposes to do to Curb the Evil

As before reported, at the outing of the members of the New Brunswick Pharmaceutical Society at Ben Leonard on Wednesday, the matter of the sale of powerful poisons in general stores, throughout the province was discussed at some length, and it was finally decided to look into the matter further, and that if the present laws were not stringent enough to stop the practice, that amendments should be sought that would cope with the evil.

The question principally applies to country stores where almost everything is kept for sale. At the present time it is possible for one to purchase quantities of strychnine, laudanum, cocaine and other powerful poisons in these stores, and it is the aim of the N. B. Pharmaceutical Society to prevent this.

Under a new law which will come in force in very few months the sale of cocaine, opium and all other such drugs will be greatly restricted and druggists will have to keep records of all sales of these articles. It is also expected that legislation will be secured before long which will prevent the sale of these drugs excepting in drug stores. The sale of toxic acid, and other deadly acids would also come under this law.

The New Brunswick society proposes to begin an active campaign to bring about these reforms.

PLANS FOR BAPTIST CONVENTION IN JULY

Meeting Will be Held in Hartland—Some of the Topics—Maritime Conference in August

The Baptist ministers of the city, including Rev. F. S. Porter, Rev. D. Hutchinson, Rev. Miss McLaughlin, Rev. W. Camp, Rev. B. H. Noble, Rev. Mr. Wentworth, Rev. Wilber Williams, and W. R. Robinson, will go to Hartland on July 11 to attend the provincial convention. The convention for the province will follow on the next day to attend the regular sessions. The officials of the convention are Rev. H. G. Kennedy, of Woodstock, moderator; Rev. H. H. Saunders, of Sussex, assistant moderator; Judge F. W. Emmons, of Moncton, secretary; and James Paterson of St. John, treasurer.

The convention for the province will meet in the Baptist church there on Wednesday, July 12 at 10 a.m. The ministers are ex-officio members of the convention, and laymen are entitled for election from all the churches, according to the rate of two delegates from each church of 100 or under one for every fifty of additional membership.

Two sittings of the ministers' conference will precede the regular sessions, commencing at 2:30 p.m. on Tuesday. At this conference important matters bearing on the denominational work will be considered. A paper will be read on the problems of a country pastor, by Rev. F. G. Francis of Salisbury. Rev. G. A. Lawson, of Moncton will read a paper on the intellectual and spiritual work of the pastor. The pastor in his co-operation with his denominational interests is the subject assigned to Rev. H. H. Saunders, R.D., Sussex. The exhortational sermon will be preached in the evening by Rev. A. Perry.

The convention will continue its sessions for three days. Questions of a denominational character will be considered. The program for the convention proper will be announced soon.

The Maritime Conference will convene in Milltown during August. The union of the foreign mission work with Ontario and Quebec has been voted upon and it is expected that union will be first declared at this convention. Similar action will be taken at the convention of Quebec and Ontario in October, and after that date the foreign mission will be under one board.

NO TIMES TOMORROW

Tomorrow being Dominion Day, the Evening Times will not be published.

THE PICNIC SEASON
The Main street Baptist Sunday school picnic is being held today at Watters' Landing. The advance guard left this morning on the May Queen. The remainder followed on another boat at 1:30. The usual sports are being carried out under the supervision of the Superintendent, Wm. McCarty. The picnic of the Victoria street Baptist and the Queen St. Methodist churches will be held tomorrow.

AS OTHERS SEE US.
Moncton Transcript.—St. John has been described as "a peculiar city inhabited by a peculiar and chosen people." Its city fathers are discussing the problem of inaugurating a modern system of collecting and disposing of household garbage, and some of them want provision made to have all the garbage receptacles sterilized at the city's expense after using. But there is no talk of establishing an up-to-date system of sterilizing milk.

FATHER DOYLE, 45 YEARS PRIEST

Milltown Pastor's Anniversary Yesterday—Was for Some Time in St. John

Yesterday was the 45th anniversary of Rev. E. Doyle of Milltown, N. B., a priest. He was born in Youghal, Ireland, almost within hearing of the famous bells of Shandon. He finished his studies in the All Hallows' college, Dublin, and after his ordination came to St. John, where he remained some years. His appointment afterwards were St. George, St. Andrews and at Milltown. His friends everywhere were congratulating him and wishing him many more years of useful and edifying life. Father Doyle went to Milltown in September, 1887. During the last years he has had as assistants Rev. Fathers Ryan, McAulay, Dufour, LeBlanc, Gallagher, McLaughlin, Rev. J. J. Ryan is now in St. Mary's, York county. Fathers McAulay, Dufour, LeBlanc, Gallagher and Coughlin have passed away.

BANK MAN WAS NOT LOST

A little excitement was caused last night at a suburban resort on the C. P. R. by the unexplained and prolonged absence of a city bank employee, who had left home early in the evening ostensibly to go fishing, and who up to midnight had not returned. His wife was at first slightly alarmed, but somewhat reassured by neighbors who said that he had probably gone for a spin in a motor boat, and that the latter had probably been delayed. Lanterns were soon flashing along the shore, however, and the quiet air was disturbed by loud halloos, but no answer came from the darkness, and vague conjectures were made as to his whereabouts. Near the shore his bamboo fishing rod was found, projecting from some stones and with the unopened bait can near by. More than an hour later, the faint "chug-chug" of a motor boat was heard in the distance, making with all possible speed for shore and then landed, the mystery of the bank clerk's absence was explained, the guesses of his neighbors having proven correct.

WESTFIELD HOLIDAY PLANS

The Westfield Outing Association's Dominion Day programme will consist of two sailing races during the afternoon followed by a dance in the pavilion. The Class "A" (two-sail or Salmon Boat) will start at 3 p.m. and the entries are: Mona, John Froehman, Gunhook, Church Bros. Class "B" all sail boats under twenty-five feet in length will get away at 3:15 p.m. The entries for this class include: Rosamond, G. McA. Bizard; Lakeside, Chas. Knowlton; Dreadnought, D. Arnold Fox.

Dancing will start in the pavilion at sharp 8 o'clock in the evening.

DOUBLE TAX NOW

This was the last day for the issuing of dog licenses under the regular scale of taxation, and while quite a number took advantage of the time allowance to procure their licenses, there were not so many as had been expected. Up to noon 987 dog licenses had been issued, which is more than 800 less than the number in force on June 30 last year, the total then being 1,530.

Clarence Ward, mayor's clerk, remained in his office this afternoon longer than usual in order to be on hand for the arrival of late-comers, but there was not a very great rush for the documents. He signed thirty-two up to noon this morning. After today it will be necessary before getting under a license to pay double fee.
