in the assa-sination of Governor Burgos.

The coders directing the civil authorities to take charge of certain articles of church property were also explained and justified on the ground that the proceedings of the clerical party demanded the interference of the Government to preserve the objects of art in the

When the sesult of decision was announced Gen. Serreno rose to speak and was greeted with prolonged cheers. He made a temperate and tranquilizing speech advising the minority to pursue a policy of concillation, in view of firmly rooted and inexorable principles. in view of urally rooted and mexorator pro-ciples held to by the mejority of the Cortes.— As for himself he promised them legalty, pat-roitism and abnegation.

TIDINGS OF A MISSING VESSEL .- An extract from a letter dated Locke's Island, Feb. 18th, 1869, seems to prove conclusively that that the vessel which was sunk near that place me months ago, and whose masts have since been above water, is the ill-fated bright "Jane Brundage," of this port. The "J. B" left Pictou on the 20th October last with a cargo of coal, bound for Portland Me., since which time she has not been heard from. Her cap-tain William D. Brown, telegraphed to West-morland County, and had on board the vessel-with him at the time, his wife and only child. There were besides, two lady passengers, all of whom, together with the grows are the conof whom, together with the crew, must have perished, as no tidings have since been heard of them.—Globe.
