

Representative and Champion of American Art.
PROSPECTUS FOR 1875—EIGHTH YEAR.

THE ALDINE,

THE ART JOURNAL OF AMERICA.
ISSUED MONTHLY.

A MAGNIFICENT CONCETION, WONDERFULLY CARRIED OUT.

The necessity of a popular medium for the expression of the productions of our great artists, has always been recognized, and every attempt has been made to meet the want. The success of the Aldine, which so invariably allowed each artist in this country to establish an art journal, did not prevent the necessity of the people of America to the extent of high art. So soon as a proper appreciation of the want and an ability to meet it were shown, the public at once rallied, with a generous and cordial support, and the result has been a commercial triumph—THE ALDINE.

THE ALDINE, while issued with all the regularity, has none of the temporary or timidity of other char-acteristic of ordinary periodicals. It is an elegant and costly of pure light, and of the highest quality, and is published in the most complete and artistic style, in the most attractive and readable form. It is a fresh pleasure to its friends, and a most appreciated after it is laid up at the end of the year. While other publications may claim superior cheapness, as compared with rivals of a similar class, THE ALDINE is a unique and original conception—alone and unapproached—of its kind.

The national feature of THE ALDINE is the reproduction of American art. It is the most complete and artistic reproduction of the best American art. It is a most interesting feature of THE ALDINE is the reproduction of the best American art. It is a most interesting feature of THE ALDINE is the reproduction of the best American art.

VINEGAR BITTERS

Dr. J. Walker's California Vinegar Bitters is a purely vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. This question is almost daily asked: "What is the cause of the unparalleled success of Walker's Bitters?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of Walker's Bitters in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious Disorders.

If men will enjoy good health, let them use Walker's Bitters as a medicine, and avoid the use of alcoholic stimulants in every form.

No Person can eat and drink as usual, according to directions, and remain unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Grateful Thousands profess that Walker's Bitters the most wonderful Elytrament that ever sustained the sinking system.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a judiciously chosen powerful influence upon the various organs, is essentially necessary. There is an eminent for the purpose of this, Dr. J. Walker's California Vinegar Bitters. They will speedily remove the biliousness and viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Constipation, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Asthma, Indigestion of the Lungs, Pain in the Region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy dissertation. Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Scalded Neck, Gout, Scrofulous Inflammations, Malicious Inflammations, Mercurial Poison, Oak Sore, Eruptions of the Skin, Itch, Eczema, etc., etc. In these, as in all other constitutional Diseases, Walker's Vinegar Bitters have shown their great curative powers in the most obstinate and intractable cases.

Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Painting and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of Walker's Vinegar Bitters occasionally.

For Skin Diseases, Eruptions, Tetter, Salt Rheum, Blisters, Spots, Pimples, Pustules, Boils, Carbuncles, Ringworms, Scald Head, Sore Eyes, Erysipelas, Itch, Scrofula, Discolorations of the Skin, Humors, and Diseases of the Skin, whether new or old, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelmintics, will free the system from such like these Bitters.

For Female Complaints, in old, married or single, at the dawn of manhood or the turn of life, these Bitters display so decided an influence upon the system, that it is scarcely possible to improve in a more perceptible manner.

Jaundice.—In all cases of jaundice, it is ascertained that the liver is not doing its duty. The only reliable treatment is to promote the secretion of the bile, and favor its removal. For this purpose, use Walker's Bitters.

Cleanse the Vitiated Blood.—Every year finds its impurities bursting through the skin in Pimples, Eruptions, and Sores, cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when it is the blood pure, and the health of the system will follow.
