MERCURY WENT DOWN TO ZERO LAST NIGHT

First Cold Snap is a Little Earlier Than Usual—Probabilities Say Slightly Warmer Weather

The first real cold snap of the season struck St. John and vicinity late Saturday night, but it was towards this morning that the mercury dropped to the lowest point.

From that hour until early this morning was about zero, with a stiff, biting breeze. Toward evening the wind freshened and at nine o'clock was blowing at the rate of thirty-eight miles per hour, with the temperature still falling.
