THE SMALLPOX.

into blood, bone and muscle, it lies in Disease Confined to the Hospital and Ouarantined Houses,

> News from Chapel Grove, Hatfield's Point, and Millville, York County.

(From Thursday's Daily Sun.) Yesterday was a record day in the history of the present smallpox epidemic, four new cases in the city having been definitely reported to the board of health and several more being marked as suspects, among these being one from Fairville and one from Cedar Grove in the Milkish district, where no trace of the disease had been discovered before. Both owe their origin to the hospital, where three of

the other suspects are. The case in Milkish is that of Mrs. Herbert McKinnon, news of which was brought to the city last night by the captain of the Millidgeville ferryboat Maggie Millinmate of the General Hospital, where ferry is made. Here for several days Fawcett, aged sixteen, of 245 Water

The suspected house in Fairville is with relish and satisfaction a sister of Mr. Shea's wife. Miss hospital during the sickness of the eceased sailor Barton, who was taken there on Sept. 30, while she was released on Oct. 3. Since that time she has visited the Hamilton house on Marsh street, being there last about fourteen days ago. Miss Odell has been ill for about three days, and yesterday, her symptoms becoming alarm value of Kendrick's Liniment. There ing, Dr. Morris was sent for, who, s no remedy more valuable to have at while hesitating to pronounce the dis-

ease smallpox, placarded the house as suspected and will visit the patient again this morning. day's Sun as suspects. They are Miss Mary Burke, aged 28, daughter of Thomas Burke of Wood Lake, St. Martins, who was admitted to the hospital on October 1st for nervousness, and Margaret Sherwood, aged 4, daughter of Thomas Sherwood of River street, Indiantown, who was being treated for hip disease. Both of these patients were inmates of ward C, and since the first symptoms of

smallpox appeared two days ago have The others were also within limits already under quarantine. One was Addie Parker, aged fourteen, of 35 this evening. Marsh street, whose brother was re-moved to the epidemic hospital on Oct. moved to the epidemic hospital on Oct. strongly suspected of having contract-25. The other was Garnet Fawcett, 18 ed the disease. He is about seventeen months old, of 247 Waterloo street, whose sister was taken ill Oct. 24. Both were taken to the epidemic liospital. In the Hamilton house on Marsh road, Joseph Hamilton, aged three years, has developed symptoms of the disease and is being closely

It was reported in the city last night that a son of Mr. Spragg, who died of smallpox at Hatfield's Point, had contracted the disease.

In connection with this the Sun's Hampton correspondent sent the fol-lowing despatch last night: Dr. Wetmore went to Hatfield's Point this morning to see young Spragg, reported by Dr. Bishop of Norton as a suspect. He found the young man very sick, but thinks it a case of aggravated vaccination, although it may be smallpox in an incipient stage. He must see him again. There is another suspect in the person of an old woman who was at Spragg's house, but it is too soon yet to diagnose. On his return here Dr. Wetmore heard of the McKinnon case at Chapel Grove and started off with a fresh team to investigate. He will not be back till tomorrow morning. He is on the go night and day. Tomor-row morning he will have to go to Damascus, as there is a rumor of a case there brought out from St. John., I can get no particulars till Dr. Wet-

more's return. AT MILLVILLE, YORK COUNTY.

(Fredericton Gleaner, 7th.) A case of smallpox is today reported from Millville, York county. Frank Chase, who has just returned from the lumber woods in Maine, has the disease in mild form. Dr. Owen is in attendance. The house where the patient is ill is quarantined and a guard city physicians say that they would not be surprised if a case of smallpox should break out in Fredericton any

day now. Very few persons are being

AFTER TWENTY-TWO YEARS. (Halifax Herald, 5th.) Yesterday a tall, well-formed man walked into Charles H. Harvey's office and asked the proprietor if he re-cognized his visitor. Mr. Harvey didn't and was somewhat surprised when the stranger announced that he was his (Mr. Harvey's) brother, Gilbert. It was the first meeting of the brothers for 22 years, and it is not to be wondered at that the recognition was not mutual. During his long stay abroad Gilbert Harvey has lived in Western Canada, where he has met with suc-cess in life. He has been on an extended visit east and after taking in the Pan-American exposition and seeing the eastern cities, he decided to visit his native city. He will remain here for a month.
