MRS. MAXWELL BARTER, Grand Casca-

"I take great pleasure in telling you what Dr. Fowler's Extract of Wild Strawberry has done for me and mine. A year ago my little girl, now nearly three years old, was attacked by

Cholera Infantum. It was in the hot season and she was teething at the time. The doctor gave her up; in fact, I did so myself.

"I finally decided to try Dr. Fowler's Wild Strawberry. I procured a bottle and it did her so much good that I got another bottle and by the time it was finished she was completely cured. As for myself, it has saved me from inflammation of the bowels several times. I always keep a bottle in the house and cannot recommend it too highly."
