

THE RIGHT MAN COME AT LAST!
OR, THE PROGRESS OF SCIENCE.

It was not an ordinary pill and medicine that we lately had the honor of introducing to one of the most eminent men of the age, Professor Thomas Huxley, a gentleman who has done more for the advancement of medicine than any other that can be named not excluding such renowned names as Anaxagoras, Heraclitus, Democritus, or Aristotle. The Professor has recently travelled in the United States, having visited this country for the purpose of establishing a depot for the sale of his medicines in New York. It is true that our public have long been familiar with his great reputation, but partly owing to the heavy duty imposed upon imported medicines, and partly to the unpopularity of physicians and druggists to receive the patronage of a professional teacher, whose superior knowledge and skill threatened to cast their own pretensions into the shade, the medicine (although great) in America of his wonderful remedies has not yet equalled the enormous demand which exists throughout the whole of Europe, Australia, the East Indies, and most other parts of the civilized world. It was for this reason that the Professor, a few months ago, determined to make New York the location of a great American Depot for the preparation and sale of his medicines, rivaling in extent and usefulness his celebrated establishment in London, which as all travellers know, is one of the "institutions" of that city. We have reason to congratulate ourselves, and especially our sick and afflicted fellow citizens, upon his felicitous resolution.

For proceeding step by step, on strictly scientific principles, the Professor, at the early part of his career, attained to a discovery, which placed him above all competition in the triumphs of the healing art. He noticed how much of the heaviest medical knowledge of the present day was empirical, and how little was really known of the laws of human physiology. Continuing his investigations, a happy thought struck him, like an inspiration, and he looked the seat of every disease, not only for what its nature and diagnosis, but in the blood. The blood has vitality; the blood is alive; it is indeed in the language of Scripture, "the life of man." If that stream of existence is impure, how can the human being be otherwise than feeble, exhausted, emaciated and afflicted by various forms of disease? To purify the blood, and keep it pure, is virtually, to banish sickness from the earth. Here, then is hope for the sufferer. The poor invalid, despairing of recovery, may go forth into the world a renovated and strong man. Professor Huxley's treatment cures all our ailments, whether they are of the stomach, liver, kidneys, lungs, heart or skin, he traces their origin to the blood, and restores the apparently diseased organ to pristine and perfect health. Knowing this, as we do from the experience of our friends, as well as from our own, we discharge but a Samaritan duty to the public, by a cordial recommendation of Huxley's Pills and Ointment—the former for internal derangements of the system; the latter for external application to wounds and sores, which have resisted every other so called remedy.—N. Y. Advertiser.

MANLYNESS SURVIVED.—Edward Jones of this town committed suicide last Wednesday morning, by hanging himself with a clothes line in his barn. This is perhaps the most mysterious circumstance of the kind that has been treated within the State. He was about 42 years old, and an exemplary member of the society of Friends from whom a constant attendant of their meetings, twice a week. The same man was said to be a pious, and was what is properly termed an independent factor, with several hundred dollars in interest, property, or a year or more, he was a man of almost every description, including Middy, Birch, Spruce, White Pine, etc. It is situated within a few miles of the city of New York, where a vessel may load at any time while the navigation is open. The Post road to Judge Perry's landing runs across the front of the property. Several gentlemen are engaged in the purchase of the land, and a large number of which are cleared, ten acres having been ploughed. It has on its ground a Frame Barn, in the vicinity there are Episcopalian, Presbyterian, and Methodist Churches, several Schools, a Saw Mill, Grist Mill, and a Lumber Yard. The most real road through the property, and it is well timbered. There is a Stream by which a Mill may be driven. There is likewise between fifteen and twenty acres of interval not cleared. Mr. Richard Ferguson, on the adjoining property, who is engaged in the purchase of the land, will be glad to see the premises. Apply to W. H. Adams, or to (Sept 23) JOHN HALL, Saint John.

Notice to the Public generally.
GAS PIPES AND FITTINGS, AT GREAT REDUCTION IN PRICES.
At the Store of JAMES DYALL, Water Street.
