FRANK SANBORN, NOTED WRITER, PASSES AWAY

Famous Abolitionist and Friend of John Brown, Garrison, Longfellow, Thoreau and Emerson, Dead.

Boston, Feb. 26.—Franklin Benjamin Sanborn, journalist, author, historian, reformer, philosopher and sociologist, of Concord, is dead at Westfield, N. Y. Mr. Sanborn was born in Hampton Falls, N. H., Dec. 15, 1831. He was graduated from Harvard in 1855. He was a friend and contemporary of Ralph Waldo Emerson, Henry W. Longfellow, Wendell Phillips, William Lloyd Garrison, Thoreau, Sumner, John Brown and other writers and abolitionists.

Aided John Brown.

Sanborn was one of those who took a leading part in aiding Brown in his campaign against slavery.

Sanborn, Emerson, Amos Bronson Alcott and William T. Harris established the Concord School of Philosophy in 1830. He was editor of the Boston Commonwealth during the civil war.

Mr. Sanborn wrote two biographies of Emerson, three of Thoreau, others of Alcott, Dr. Samuel G. Howe, husband of Julia Ward Howe, Dr. Earle and John Brown, a history of New Hampshire and many other works. He was one of the founders of the American Social Science Association, National Prison Association, Clarke School for the Deaf, National Conference of Charities and the Massachusetts Infants' Asylum and was president of them all.

By order of the United States Senate Sanborn was arrested for participation in the famous John Brown raid in Virginia but he was acquitted.

CUNARD LINE STEAMER LAGONIA TORPEDOED

Big 18,000-Ton Steamer Sailed From New York, Feb. 18, With 100 Passengers, Ten of Whom Are Americans.

Queenstown, Feb. 26.—The Cunard Line steamship Lagonia of 18,000 tons gross, which sailed from New York on February 18 for Liverpool, has been sunk. The survivors are said to number 170. They were landed today.

New York, Feb. 26.—Twenty-six Americans, six of whom were cabin passengers and twenty paid members of the crew, were on board the Cunard liner Lagonia from New York, Feb. 18, for Liverpool, with seventy-five passengers and a crew of 216, when the vessel was sunk by a German submarine Sunday night.

Two or three casualties were reported by the Liverpool office of the line to officials here.

Canadian Mail.

In addition to cargo and passengers the Lagonia carried 5,000 bags of United States and Canadian mail, 1,300 sacks of which had been transferred from the American liner St. Louis.

The Lagonia, sailing on the same date as the Holland-America liner Ryndam returned to port, after being turned back from her voyage to Rotterdam by the submarine menace, had on board nine of the Ryndam's passengers.

The Lagonia, when she left here, was armed with one defense gun, mounted aft. The report that she was torpedoed at night and without warning indicates that no opportunity was given to make use of the defense gun, according to officials of the line.

The Lagonia is the second ship to be sunk of the former Boston-Liverpool service of the Cunard line.

No storage passengers were on board the ship, and those not Americans were mostly English or Canadians, many of the latter being on their way to England to escape in the government service, or returning to duty after leaves of absence at home.

New York, Feb. 26.—The Cunard

HAVE DARK HAIR AND LOOK YOUNG

Don't Stay Gray! Nobody Can Tell When You Darken Gray, Faded Hair with Sage Tea and Sulphur.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By adding at any time of this old-time recipe, improved by the "Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wrenth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of diseases.

WHEN YOU CAN'T SLEEP YOU SHOULD USE MILBURN'S HEART AND NERVE PILLS

Sleeplessness is caused by the nervous system becoming deranged. Perhaps too much worry has gotten on your nerves, perhaps you have overworked yourself, or have been excessive in your use of tobacco, but whatever the cause, the nervous system must be built up again before restful sleep can be assured.

Those whose rest is broken into by frightful dreams, nightmares, sinking and smothering sensations, who wake up in the morning as tired as they went to bed can have their tired, peaceful, undisturbed, refreshing sleep back again by using Milburn's Heart and Nerve Pills.

Mrs. John Sloan, Haley Station, Ont., writes: "Over a year ago I was very nervous. I could not sleep at night, and I would faint at the slightest fright. I tried several doctors, but they did me practically no good. I noticed your advertisement, and immediately tried Milburn's Heart and Nerve Pills, and I am proud to say they cured me."

Milburn's Heart and Nerve Pills are 50c a box, or three for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Continued from page 1.

"We carried out a successful raid this morning north of Arras and captured 24 prisoners. We also entered the enemy's trenches during the night west of Monchy-Aux-Bois and west of Lens and routed back a few prisoners. The hostile artillery was more active than usual during the day south of the Somme and also south of Ypres. We carried out a successful bombardment of a number of points and caused an explosion in the enemy lines.

"In the course of the air fighting yesterday one German airplane was destroyed; another was driven down damaged."

French Statement.

How often we hear it said of a man or woman that "they were rundown in health" which accounts for their present sickness. OTTAWA POWER CO.'S REVENUE IS REDUCED

Special to The Standard.

Ottawa, Feb. 26.—The report submitted at the annual meeting of the Ottawa Light, Heat and Power Co. today indicated that by the acquisition of new business, the company was gradually offsetting the lower rates which had been established both for gas and electric light during the past couple of years. The price of gas had been reduced ten per cent. on January 1, 1916, and there had been some months earlier a similar reduction in the electric light rates, the effect of which was not fully realized until 1916.

During the past year the flat rate on electrical commercial accounts had been changed to a meter basis, and while this effected a material saving in the use of power, it was also a factor in the reduction of revenue. There had during the year been a very large increase in the number of customers on the company's books.

The revenue from all sources amounted to \$854,192.20, as compared with \$848,824.48 the previous year.
