PROHIBITION IS DRIVING MEN OUT OF THE U. S.

American Constitution No
Longer Any Safeguard for
Personal Liberty.

MODERATE DRINKERS

Resent the Hardship Which is
Now Imposed Upon Them
Through the Action of
Fanatics and Paid Reform-
ers.

New York, May 11.—A. L. Audrain,
senior member of A. L. Audrain and
Co., art dealers, of 683 Fifth avenue,
announced yesterday that he has de-
cided to leave the country in which he
was born and to make his home in
France because of constitutional pro-
hibition. He was born in San Fran-
cisco fifty-nine years ago and has been
an art dealer in this city for thirty
years.

"It is my opinion that fanatical
paid reformers have had and may still
have their will with the Constitution
that we regarded as the safeguard of
our liberties," said Mr. Audrain yester-
day. "Therefore, the United States is
no longer a republic. France is a
real republic, and therefore I am go-
ing to live in France. Although I am
as stout as an American as can be found
anywhere, I believe that republican
government here is a farce and consti-
tutional liberty a joke. The question
of drink itself has nothing to do with
the matter. My life's consumption of
alcohol has been a glass of wine with
my dinner. In order to continue that
harmless custom here I must become
a criminal. I shall not do so. The
principle is revolting to me. Obvi-
ously, tobacco will be the next target
of the fanatics."

Mr. Audrain said he expected to sail
for France as soon as he arranges his
business affairs and secures a pass-
port.

IN THE EDITOR'S MAIL

To the Editor of the Standard:
In re the statement of Capt. R. W.
White of the "Maggie Miller" which
appears in The Times this evening,
he appears to think that the statement
which I gave out yesterday regarding
the fate of the "Maggie Miller" does
not deal fairly with the situation and
he makes some statements endeavor-
ing to offset mine, claiming that the
Government had treated Capt. White
and his associates generously.

Capt. White is required to forward,
at the end of every season, a state-
ment of his receipts and expenditures
before he receives his subsidy. These
receipts and expenditures are subject
to audit by any official whom the De-
partment of Public Works may ap-
point and the fact that the steamboat
receipts and expenditures have not
been audited in the past does not of
course relieve them from the neces-
sity of showing that their earnings
and expenditures are properly vouch-
ered for. There has been no examina-
tion by the Government into the state-
ment of Capt. White that he lost \$1-
679 last year and he says himself
that this includes "interest upon the
cost of the boat" and "depreciation."
These items are at times so variable,
particularly that of depreciation, that
they might well cover \$1600 or more.

Capt. White says that the assist-
ance which the Government is giving
him is not sufficient to cover his ex-
penses and that the difference in
what he asks and what the Govern-
ment refuses to pay will not amount
to more than \$200 for the season.
With this statement in view, I am au-
thorized to say to Capt. White and
to the public that if he is behind
\$200 at the end of the season by rea-
son of the Government not granting
him what he wants, that this amount
will be added to the subsidy granted
and the free fares which he earns, but
that his accounts will be subject to
audit monthly.

I am,
Yours very truly,
E. S. CARTER.
St. John, May 11, 1920.

FLOUR PRICES GOING HIGHER

Special to The Standard
Minneapolis, Minn., May 11.—The
Northwestern Miller's weekly review
of the flour trade says: With wheat
prices for best grades ranging from
three dollars to three dollars and fifty
cents, flour prices have gone steadily
upwards. Spring Patents now averag-
ing close to sixteen dollars per barrel,
hard Winters fifteen and soft Winters
fourteen. Inquiry is active but ac-
tually buying is in relatively small lots.
Many mills have refused to quote on
account of inability to secure suffi-
cient wheat patent flour. Prices are still
about a dollar and a half less than
three years ago.

Food prices have reached a new
high point with bran averaging close
to sixty dollars per ton, but a decline
is generally expected. The flour out-
put, though greatly curtailed by the
car shortage, is showing a gradual im-
provement. The Spring wheat mills
last week reporting an output repre-
senting forty-two per cent of capacity,
the Kansas-Oklahoma hard Winter
wheat mills fifty-four per cent and the
Ohio Valley soft Winter wheat mills
thirty-four per cent. It is generally
believed that the committee appointed

New Home Treatment For Baniishing Hairs

(Beauty Topics)
With the aid of a delicate paste, it
is an easy matter for any woman to
remove every trace of hair or fuzz
from face, neck and arms. Enough
of the powdered delatone and water is
mixed into a thick paste and spread
on the hairy surface for about 2 min-
utes, then rubbed off and the skin
washed. This completely removes
the hair but to avoid disappointment,
get the delatone in an original pack-
age.

Anti-Tuberculosis Meeting Yesterday

Was Stated That Number of
Patients Are on Waiting
List for East St. John Insti-
tution, Showing Hospital is
at Present Filled.

It was stated at the meeting of the
Anti-Tuberculosis Association held
yesterday at the Dispensary, Leinster
street, that a number of patients are
on the waiting list for the East St.
John Institution, showing that the
hospital is at present filled. J. A.
Libby presided at yesterday after-
noon's meeting and the following were
present:—A. C. Skeiton, E. L. Rising,
Canon Kuhring, Colonel MacLaren, C.
M. G. J. Dr. Farris, Dr. Loggie, Dr.
Warwick, Dr. McKeown, Mrs. Min-
ray MacLaren, Mrs. M. B. Edwards,
Mrs. David McLellan, Miss Irene
Barbour, Mrs. DeB. Carrister, Roth-
say, Miss Helen Sydney-Smith, Miss
Muriel Sadler.

It was announced that Miss Suther-
land, who has recently returned from
overseas, will be the Association's
second nurse. For the publicity com-
mittee Dr. Farris reported that he
and Dr. H. L. Abramson had addressed
the annual meeting of the Women's
Auxiliary, held recently, and had
been much pleased with the oppor-
tunity of speaking before such a
large and representative gathering.
A number of trained nurses had been
taken over the East St. John County
Hospital. Posters which have been
ordered are not as yet available. It
was announced that Dr. Porter, sec-
retary of the Canadian Association for
the Prevention of Tuberculosis, will
carry on a campaign through the
Province of New Brunswick in the
autumn, assisted by Dr. Roberts, Min-
ister of Public Health. Dr. Farris will
confer with Dr. Porter over plans for
this campaign while he is en route to
the annual convention of the society
in Vancouver.

Miss Irene Barbour, visitor for the
month, gave an excellent report show-
ing good work. The hope was ex-
pressed that the visitors will report
any cases of bad housing conditions
to the Board of Health. Visitors were
appointed as follows:—For June, Mrs.
David McLellan; for July, Mrs. Mur-
ray MacLaren; for August, Mrs. Car-
litta.

Dr. Loggie reported that the evening
clinic is well attended and Dr. Farris
stated that the books on the subject
of prevention and cure are being read.
Several patients have been taken to
East St. John for examination and one
is attending regularly for X-ray treat-
ment.

A letter was received from the Sec-
retary of the Board of Health saying
the police are going to enforce the
by-law regarding expectoration on the
streets.

The reports were as follows: Pat-
ients on the regular list 154; Clinics
held at the Dispensary 15; visits of
patients to Dispensary 78; prescrip-
tions filled 181; patients under ob-
servation 84; new cases reported 6;
transferred to County Hospital 2;
transferred to River Glade 2; num-
ber of patients receiving milk 3;
nurses visits to patients 127.
Dr. Farris is arranging to go to
Rothsay College to address the stu-
dents there.

Last Friday at the Chicago conference
will be able soon to dispel much of the
uncertainty which just now is dis-
tressing the trade.

INTERESTING CASE AT ST. STEPHEN

Petitioner Seeks to Have
Child's Father Dismissed as
Guardian — Child Weak
Mentally.

St. Stephen, N. B., May 11.—A case
that has engaged much local attention
for some time had its beginning and
ending in a session of the Chancery
Court held here this morning. Chief
Justice Sir J. Douglas Hazen presiding.
The case was a petition of Herbert N.
Beach, of Honeydale, and his niece,
Lillian B. Robinson, to have the child's
father, Samuel Robinson, of Lower
Hill, dismissed as guardian of the
girl, and Herbert N. Beach appointed
in his stead. The petition was based
on charges of cruel treatment towards
the child by her father and her step-
mother, made by the girl herself and
supported by numerous affidavits. The
child, who is about sixteen years of
age and not of normal physical devel-
opment, is a granddaughter of the
late George F. Beach, of Honeydale,
and was in the care of her grand-
mother until her death, afterwards
being in the care of her father and
stepmother. A small estate, valued at
about \$2,000, was involved. M. N.
Cockburn, K. C., was the attorney for
the petitioners, and with him was as-
sociated R. B. Hanson, K. C., of Fred-
ericton. N. Marks Mills was the at-
torney for Samuel Robinson, having
associated with him J. B. M. Baxter,
K. C., of St. John.

Court was opened in the Town
Council room, a large number of in-
terested spectators and witnesses be-
ing present. Immediately after open-
ing, the court adjourned to Chipman
Memorial Hospital, where the girl is
a patient, and where her evidence was
taken. The evidence given by the lit-
tle girl on this occasion flatly contra-
dicted the evidence given by her in
her affidavit, on which the case was
based. Today she stated that all the
work she had done, and which before
she had sworn she was forced to do,
was really done voluntarily by her,
thus eliminating every element of
cruelty and evidencing that the un-
fortunate child is mentally as well as
physically unfit. The application was,
thereupon, withdrawn and the case
was at an end.

This afternoon, Chief Justice Hazen
took occasion to visit the Supreme
Court of Maine, in session in Calais,
Justice Wilson presiding.

Every Woman Needs IRON at Times

"If women
would only take
Nuxated Iron when they
feel weak, run-down, tired
and languid—there are those
who might readily build up
their red corpuscles, become ray-
shining, strong and healthy and
be much more attractive in every
way. When the iron goes from
the blood of women, the healthy glow
vanishes, their skin sags and
cham and vitality depart. A two-
week course of Nuxated Iron
works wonders in many cases.
Satisfactory guaranteed or
money refunded. At all
good druggists."
