EXTENDS to you its
most sincere and
hearty greetings!

For you, new men, our
purpose is to be the best
friend of your College
course. x To the old

student our welcome is as hearty as ever. The
ties that bind us together have been made
stronger by the memories of united and suc-
cessful service in the past.

We hope that all will take a personal interest
in the Association and the Christian Work of
the University, and that this year may be
marked as one of great spiritual power and
prosperity.
