The Real Estate Register is issued from 134 Hollis street, Halifax, N. S., once a month, and such a system of distribution has been adopted that the book will reach a large number of the class of readers that is desired both by the publisher and by advertisers.
Of course the main object of its publication is to advertise properties that are in the market, either for sale or lease, but the method of distribution employed insures its perusal by hundreds of strangers visiting Halifax and intending to make a longer or shortar stay. Dealers-especially retailers-in goods used by a family will therefore find their money in advertising in the Register.
The numbers of each issue will be gratuitously distributed about Halifax, will be placed in the various steamers, packets, and railpay lines bound for Halifax, and a portion will be sent to agencies in the United States, Canada and England, where they will do the most good.
A Real Estate Agency is not"a newthing in Halifa $\ddot{x}$, but the business has never before been systematised as by the publisher of the Register. - This fact, and his superior facilities for selling and letting properties is becoming understood and appreciated, both by owners of property and desiring purchasers and lessees, as is proved by the rapid growth of the business. Both
parties are aware that a property is represented to bs: proved by the rapid growth of the business. Both just what it is, and that no party. dealing through the Agency gains an undue adrantage over another.
N. B. The attention of householders and others is called to the various trade advertisements in this Register. The parties are all known to the publisher REGISTER. The parties are all known to the publisher
and persons deading with them may be assured that they'are dealing with parties who are believed to be responsible.
