Mr. Healy challenged Mr. Holmes to mention

Mr. Healy challenged Mr. Holmes to mention a single instance of an Orangeman having been hanged for the murder of a Catholic.

Mr. Holmes said he was glad that an opportunity was afforded him to explain his reason for saying that the blood of Giffen would be on the best of Ferl Spincer. Earl Spencer knew that rival Nationalist and Orange meetings were announced to be held in Dromore on the same day, and that they ought to be prohibited. were announced to be held in Dromore on the same day, and that they ought to be prohibited. PARIS, May 14.—The Germa n soldiers emplayed in the Schmertz factory at starmiveriar, which was recently closed by the government, have been summarily expelled from the country. It is reported that a similar factory near the frontier is about to be closed. Reprisals are being made on the other side of the frontier, where various persons have been punished for the singing of the "Marseillaise" and shouting "Vive la France."

ST PAUL, Minn., May 14.—The Pioneer Press has advices of forest fires along the river northeast of Brainard, two or three townships having been hune I over. A heavy rain which fell last evening greatly assisted the settlers in the fight against the flames. The greatest injury to timber and logs is in the vicinity of Horseships Lake. Several settlers have lost stock and out-huidings.

INTOLERANT TORONTO.

THE "LOTAL" RESOLUTIONS TO BE SUBMITTED TO THE MEETING THIS AFTERNOON.

TO THE MERIING THIS AFFERMOUN.

TORONTO, May 13.—The following despatch was received by President Muligau, of the Toronto branch of the National league, from O'Brian yesterday from Montreal: "It is of the utmost importance that a public meeting should have the proving no matter how small the be held in Toronto, no matter how small the hall. The corporation breach of contract only strengthens our position. Quebec solid." TO-DAT'S MEETING.

The following are the resolutions to be sub-mitted to the public meeting in Queen's park

this afternoon:—

1. That this meeting reprobates the action of William O'Brien in visiting this city for the purpose of exciting hostile feeling against His Excellency the Governor-General on account of differences between His Excellency and his tenants in Ireland, and desires to express un-abated confidence in the high character of the

anated conneance in the high character of the Marquis of Lansdowne, and in his fitness to represent Her Majesty in Canada.

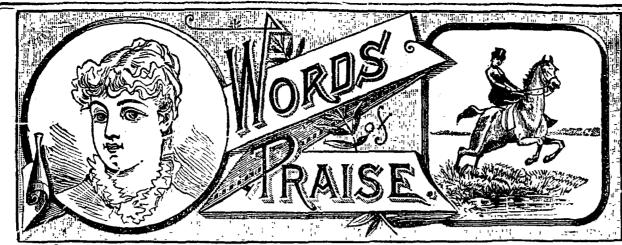

2. That this meeting looks with perfect confidence to the Parliament of the United Kingdom for a wise and just settlement of all questions relating to Iraland.

tions relating to Ireland. POLICE PRECAUTIONS.

A special emergent meeting of the Board of Police Commissioners was held yesterday, when ample provisions were made for suppressing any disturbance or breach of the peace at the meeting, should Mr. O'Brien put in an appearance with a view of addrsssing the crowd. O'Brien's friends have not yet succeeded in obtaining a hall in which to hold their meeting on Tuesday evening. It is likely they will apply for a mandamus to compel the city to comply with the agreement to rent St. Andrew's Hall for the meeting. for the meeting.

"Don't kill the birds," is a moral maxim that boys and girls of a larger growth stand most in need of learning just now. The Audubon Society says that it isn't neeting or hunting that is killing off the birds. It is decking out the toilets of the boys' mammas and sisters that is costing the birds their existence, at the rate of millions yearly. T"Oh, you wicked bad, cruel boy!" extlaimed a young lady sister one day last spring, when her brother Tom came in, a thrush's callow brood fluttering in his cap. "I like that, Miss Feathertop," retorted the wicked, bad, cruel boy. "Look at your head—fit for an Ingun chief on the war path. Im going to raise these fellows, if you or mother don't wring their necks to trim your bonnets."

The following words, in praise of Dr. Pierce's Favorite Prescription as a remedy for those delicate diseases and weaknesses peculiar to women, must be of interest to overy sufferer from such maladies. They are fair samples of the spontaneous expressions with which thousands give utterance to their sense of gratitude for the inestimable boon of health which has been restored to them by the use of this world-famed medicine.

A CONTRACTOR OF THE CONTRACTOR

JOHN E. SEGAR, of Millenbeck, Va., writes:
"My wife had been suffering for two or three years with female weakness, and had paid out one hundred dellars to physicians without relief. She took Dr. Pierce's Favorite Prescription and it did her more good than all the medicine given to her by the physicians during the three years they had been practicing upon her."

TREATING THE WRONG DISEASE.

Many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostration, another with pain here or there, and in this way they all present alike to themselves and their easy-going and indifferent, or over-busy doctor, separate and distinct diseases, for which he prescribes his pills and potions, assuming them to be such, when, in reality, they are all only symptoms caused by some would disreder. The physician, ignorant of the cause of suffering, encourages his practice until large bills are made. The suffering patient gets no better, but probably worse by reason of the delay, wrong treatment and consequent complications. A proper medicine, like Dr. Pierce's Favorite Prescription, directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery.

distressing symptoms, and instituting comfort instead of prolonged

Mrs. E. F. Morgan, of No. 71 Lexington St.,

East Boston, Mass., says: "Five years ago I
was a dreadful sufferer from uterine troubles.
Having exhausted the skill of three physicians. I was completely discouraged, and so weak I could with difficulty cross the room asing the local treatment recommended in his 'Common Sense Medical Adviser.' I commenced to improve at once. In three months I was perfectly cared, and have had no trouble since. I wrote a letter to my family paper, briefly mentioning how my health had been restored, and offering to send the full particulars to any one writing me for them, and enclosing a stamped-enclope for reply. I have received over four hundred letters. In reply, I have described my case and the treatment used, and have carnestly advised them to 'do likewise.' From a great many I have received second letters of thanks, stating that they had commenced the use of 'Favorite Prescription,' had sent the \$1.50 required for the 'Medical Adviser,' and had applied the local treatment so fully and plainly laid down therein, and were much better already."

JEALOUS
Of Crystal, Mich., writes: "I was troubled with female weakness, leucorrhea and falling of the womb for seven years, so I had to keep my bed for a good part of the time. I doctored with an army of different physicians, and spent large sums of money, but received no lasting benefit. At last my husband persuaded me to try your medicines, which I was louth to do, because I was prejudiced against them, and the doctors said they would do me no good. I finally told my husband that if he would get me some of your medicines, I would try them against the advice of my physician. He got me six bottles of the 'Favorite Prescription,' also six bottles of the 'Discovery' for ten dollars. I took three bottles of 'Discovery' and four of 'Favorite Prescription,' and I have been a sound woman for four years. I then gave the balance of the medicine to my sister, who was troubled in the same way, and she cured herself in a short time. I have not had to take any medicine now for almost four years."
