## NEW YORK POLYCLINIC AND HOSPITAL

THE NEW YORK POLYCLINIC is the oldest post-graduate medical school in America, and was founded with the object of giving physicians who desire to keep abreast of an advancing science opportunities of studying clinically, and according to the latest scientific methods, *Medicine and Surgery in all departments*. The school is for graduates only, and practical instruction is given in every branch of the subject. *The Clinical Material for every Subject is abundant*, and Canadian physicians will find the opportunities for either general or special study far superior to those of London.

Practical Obstetrics, Clinical Microscopy, Pathology and Bacteriology are also taught. The regular session lasts from Sept. 25th to June 15th, and physicians can enter at any time. The Summer Session gives excellent opportunities for the personal observation of cases. Dr. A. R. Robinson (Toronto University), Professor of Dermatology, will give advice as to the best course to any Canadian physician desiring it.
