## Dalhousie student opinion poll indicates Most Council members would have time getting elected today hard

If opinion polls are meaningful, most Dalhousie student council members would have a hard time getting elected today. However, since council does not believe in plebiscites, referendums or opinion polls, the Gazette decided to do the job for them. Below are the reponses, perhaps prediectable, to five questions concerning the function of student council. Students were randomly selected in that hotbed of articulate coffee drinkers known as the Dalhousie canteen. QUESTION: Do you think student council serves a worthwhile purpose on this campus?

ANDY WATT, ARTS III: Sure if there wasn't a student council there wouldn't be anything for these people to do. It trains them in the art of talking. Someone's got to be the ruling class, and if they want to do it, it's OK.

NICHOLAS ROGERS, GRAD STUDIES: The president tried to impose upon me the idea that it did. He didn't convince me. He

### Dal, first in Intercollege Varsity Show at St. Mary's

By STEPHEN COOPER Gazette Staff

Dalhousie won this year's Intercollegiate Variety Show held at St. Mary's University, October 9.

Taking the honors for Dal were the Diplomats, a group made up of six West Indian students.

The Diplomats perform at local dances, playing both Latin American and Pop numbers.

Members of the group are Tony Persaud, Arthur Chin, Dave Van Dyre, Henry Makhan, Mariano Chow, and Carl Thomas the group's leader.

Van Dyre and Chow attend St. Mary's but since the other four go to Dalhousie, the Diplomats were allowed to represent Dal. Besides Dalhousie, six other universities took part in this year's show: St. Mary's, Mount St. Vincent, St. Francis Xavier, Acadia, Mount Allison and the University of Moncton.

The Intercollegiate Variety Show was held as part of St. Mary's Autumn Weekend. Proceeds went to the Canadian Heart Foundation.

#### Stress on action at Campus

#### Co-op meet

By JOYCE MCCLEAVE Gazette Staff

The stress was on action at the National Campus Co-operative Seminar held during the week of August 29 to September 2 at the University of Waterloo in Ontario.

Sponsored by the Co-op College Residence Inc., the seminwas designed with two objectives in mind:

1.) To train students inexperienced in co-ops so that they can develop them on their own campuses;

2.) to bring students from existing co-ops together to participate in an exchange of ideas and techniques.

Universities and student co-operatives from British Columbia, Alberta, Saskatchewan, Manitoba, Ontario, Quebec, and Nova Scotia sent delegates to the seminar. Dalhousie University was represented by Andre Treich, a member of the Halifax Student Housing Society.

Lectures and discussions concerning the co-operative movement in general, the sociology of co-op living, organizing a residence co-op, co-operative development companies, applying for a C.M.H.C. mortgage, the co-op and taxation, charter and bylaws, capital financing, operating budgets and audit procedures, and the incorporation of emotional environment in the design of the residence constituted the programme which Treich described as most stimulating.

Co-op College Residences Inc. was established in an attempt to find a solution for the accommodation problem at Canadian Universities. It aids in the planning, organization and operation of student-owned co-operative housing projects, arranging financing and engaging architectural, legal and management services.

Residence fees in a co-operative residence may be reduced by as much as 25 per cent when the students own and manage their

accommodations. Besides demonstrating the students' maturity, retreat program has been moved co-op living instills in them high standards of academic excellence forward to November. The first and social responsibility and prevents discrimination by allowing retreat was originally scheduled each member only one vote.

Universities in many parts of Canada are engaged in co-opdecided at Monday's council meet- erative housing ventures, some of which are in operation while ing that this was undesirable due others are still in the planning stages. ### Foley, vice-president of **Canadian University Press**

WOLFVILLE (CUP) - Dalhousie Gazette Editor Tim Foley has The appointment was announced by national president Don

Sellar at the CUP Atlantic regional meeting here at the weekend. The vice-president will handle his new duties in addition to

editing the Dalhousie University paper. Foley plans to begin graduate work in philosophy next year.

### **Community Planners meet** at King's this week

The fifth annual Community Planning Conference organized by the Nova Scotia Division of the Community Planning Association of Canada and Dalhousie University's Institute of Public Affairs, will take place on Oct. 20 and 21, in Alexandra Hall, University of King's College.

The conference, which will include workshop and discussion groups, is designed to meet current interests of mayors, wardens and council members, members of town and municipal planning boards, municipal clerks, and other officials concerned with local planning.

The conference program will deal with the state of planning in Nova Scotia, community organizations and planning, examples of planning and urban renewal in Nova Scotia, trends in planninglaw in Canada, legal requirements in zoning procedure, preparation of a zoning map, case study of a typical zoning problem, nonconforming uses of zoning, and public housing in Nova Scotia.

Graham Murray, Professor of Law at Dalhousie University is the national president of the Planning Association this year.

### King's Old Boys to meet

Graduates of the King's College School in Windsor, N.S. now living as far away as the North West Territories will travel to Nova Scotia later this month for a reunion.

Upwards of 100 graduates of the school - members of the King's College School Old Boys Association - are expected to participate in the annual Association weekend, Oct. 22-23.

The weekend begins Saturday with a reception and banquet at 6 p.m.

Association members will attend a service in the School Chapel British Columbia students here ism to the people. He later re- in Windsor Sunday at 11 a.m. A reception is planned for N o o n at the Headmaster's residence. At 1 p.m. the school graduates will attend a banquet.

Sunday afternoon, a rugby match is scheduled at the school. Association members are expected to attend from several universities in the province, including UNB, Mount Allison and Dalhousie, and campuses in other parts of Canada.

The false card by third-in-hand is often an interesting way to gain a trick when, by rights, there is none to take. Moreover, if it works, you have gained a decided psychological edge over your opponent, and although not given visible points on the score-board, from experience, I judge that this edge is worth an average of 200 here recently.

Consider the following hand (covering up the East-West cards):
