

# A22 MEDICALS TAKE LEAD IN CAMP HOCKEY LOOP

A22 Medicals kept their undefeated record intact and went into the lead of the Camp Borden Hockey League by beating RCAF 6-2 at Barrie Arena, Monday.

It was a smart hockey game as the greatly improved Flyers matched the classy Medicals stride for stride through two periods. Going into the last stanza Medicals were ahead 2-1 when they scored a goal which gave them the break. Flyers hotly disputed it was off-side and have lodged a protest.

From that point Meds began to forge in front and with their ace goalie Bastien in his usual unbeatable form, ran in three more while Air Force got only one back. Once again Bastien proved to be the smoothest performer in this group and his clever play makes it possible for the A22 forwards to do more loafing and take advantage of breakaways.

While Bastien stood out brightly at one end, the new Air Force goalie, Jack Pipher, once again did a fine job in his net and his play is the main reason Flyers have remained in the contention. Most dangerous attacker on the ice was Jimmy Fowler with his speed and stickhandling. Jimmy didn't score but he provided most of the pressure for his team.

## FINAL FOR McDONALD

It was the final game with A22 for their star centre, Capt. Bill McDonald, one of the leading scorers and brainiest playmakers in the league. The Granby doctor, former captain of McGill team, has been posted. Meds will miss him plenty from here in.

Remple scored two, Glover, McDonald, White and Murphy getting one each for Meds. White also had two assists and rated one of the stars of the night, along with Bastien and Fowler.

Bunny Glover, ex-Montreal Royal, got one of the nicest goals in the second period when he broke loose and shifted around the defence with finesse to skate in and beat Pipher.

Ross Lobb, A22 rearguard, had to retire for head repairs in the final period when Nicholson of Air Force clipped him behind the net.

Harry Livingston, former Barrie Colt, was posted to Camp Borden that day and played effectively on defence for Flyers. Earlier this season he was with the Brantford RCAF team.

## Air Force Star

SGT. JIMMY FOWLER

Ace defenceman for the RCAF team in the Camp Borden Hockey League. Fans will recall Jimmy as a member of Toronto Maple Leafs for four seasons before he retired from the game to take up aviation. A civilian flying instructor at St. Catharines for some time, he is now trying for his RCAF pilot's wings at Camp Borden.
