Ottawa, 15th September, 1920.

Rev. Sir,-

In reply to your letter of the 1st instant, complaining not having received any drugs this year, I beg to say that drugs were not shipped to you for the reason that the Department did not receive a requisition for your Mission from Rev. Father Lefebvre. Requisitions were received for the years of 1918 and 1919, but no requisition was received for this year. The Department therefore is not to blame in any respect for you not having received the necessary drugs.

The drugs you have requested to be sent you for next year will be supplied in due time.

Your obedient servant,

For Asst. Deputy and Secretary

Rev. A. Laffont,  
R.C. Mission,  
Fort McMurray, Alta.
