

OFFICE OF THE PRIME MINISTER *JAG*

MEMORANDUM

C195828

Prime Minister:

As directed, I spoke personally to the Mexican Ambassador to explain that to your great regret pre-occupations with important matters would prevent your being present at the reception at the Mexican Embassy at 7.30 pm today. I asked to have your good wishes conveyed to the Ambassador's guests, and to Madame del Rio and himself.

Dr. del Rio said he quite understood the situation, and he asked me in return to express to you the good wishes of his wife and himself.

JAG.
