### ECHOES

FROM

ERIEAU

Master James Boyd has been appointed as agent of The Planet at Chatham. Subscribers of this paper who fail to receive it regularly at their cottages will please report the matter to him and he will receive and forward any orders from those who desire The Planet sent to their cottages.

Mrs. A. E. McCleough was a guest at Chatham on Tuesday.

The Pere-Marquette came into port last night with a cargo of rails.

Miss Edna Rankin and Miss Lillian McCleough visited the fair on Tuesday.

Mr. Laird, of Blenheim, moved out to his cottage at Centerville yesterday.

Will Geary, of St. Thomas, is the guest of Norman Harper, at Sandair.

T. D. Shillington, of Blenheim has moved his family out to his summer cottage.

Messrs. Norm and Florence Stephenson, of Chatham, are guests at Sandy Knobe.

Mr. and Mrs. A. J. McDonald, of New York, are registered at the Lakeview House.

Mr. and Mrs. J. H. McPherson, of Windsor, who have been holidaying at the Eau, returned home this morning.

Miss Margaret Bennett, of Bagin, and Miss Ethel Titus, of Imley City, were the guests of Miss Alkie Samson at Drumtochty Lodge.

Wilfred McCleough returned to Chatham last night, and intends leaving for Mull this morning, where he will spend the rest of the week.

Misses Hattie and Mamie Northwood, of Chatham, and Miss Daisy Rolfe, of Detroit, spent Tuesday with Miss Grace Houston, at Hazeldean.

Miss B. Dewey, of Cleveland, who has been spending a short vacation at the Eau, returned home by the steamer Pere-Marquette last evening.

Quite a large number attended the band concert excursion last evening. The music was excellent and included a trombone solo, "Romance," by Roger Philip, which was much appreciated.

Miss Ruth Massey, of Uxbridge, Rest Cottage, lost a fascinating last week. A gentleman picked it up and gave it to a Chatham lady. Miss Massey would be thankful for the return of her wrap.

Little Willie Bruner is carrying off the fishing honors this season. He has been catching from ten to fifteen good sized bass for the past two weeks. Yesterday he landed a four pound rock bass at the railroad bridge.

The Erieau boys accept the challenge of the Garner House guests to play a friendly game of ball here on Friday afternoon. Walter Bray, one of Chatham's best baseball players, has signed with the Erieau boys so they are quite confident of an easy victory.

There is a touching incident in connection with the death of the setter dog of Henry Dagneau which was killed last night by the engine of the band train at the creek bridge. After supper a young nephew of Mr. Dagneau and David King's boy went to the creek bridge to fish. They were so interested in their sport that they didn't notice the band train coming. The dog noticed the approaching engine when only a few yards away and attracted the attention of the boys. They had just time to jump from the track before the train thundered by. The noble canine, however, sacrificed its own life. The dog refused to leave the track before the boys and the engine caught it, cruelly crushing out its life.

### HE COULD NOT LACE HIS SHOE

Till Dodd's Kidney Pills Drove  
Away His Rheumatism.

Story of W. J. Dixon, has set the  
Rainy River Settlement Talking.

Barwick P. O., Aug. 3.—(Special).—Among the settlers here the cure of William John Dixon of Rheumatism is causing much talk. The story of the cure, as told by Mr. Dixon himself, is as follows:

"During the summer of 1901, I had an attack of Typhoid Fever, and after I got over it Rheumatism set in. I had pains in my back and in my right hip so bad that I had to use a stick to walk and had no comfort in sleeping.

"I could scarcely dress myself for nearly two months, and for three or four weeks I could not lace my right shoe or put my right leg on my left knee.

"My brother advised me to try Dodd's Kidney Pills, and after taking three boxes, I began to walk to my work and lace up my shoes. And the best of it is, I have had no Rheumatism since."

Dodd's Kidney Pills take the uric acid out of the blood and the Rheumatism goes with it.

We often hear of love at first sight, but after that love is just as blind as ever.

Hood's Sarsaparilla builds up a broken down system. It begins its work right, that is, on the blood.

Don't buy your frills before you have paid for your foundation.

### BRUTALITY TO SOLDIERS. A Non-commissioned Officer Justly Punished.

Berlin, Aug. 5.—The details are published of a court-martial held at Metz, on a non-commissioned officer named Dunkel for maltreating private soldiers at Merchingen, Loraine. Five hundred and seventy-six instances of brutality, occurring since last December, were cited. The evidence showed Dunkel's fertile inventiveness in novel methods of punishment, such as compelling a soldier to run at full tilt across a room, and ram his head against a wardrobe. The court decided that 366 counts of th indictment had been proven, and sentenced Dunkel to two years and a half imprisonment and degradation to the ranks. The scandal became known to the military authorities through the suicide of one of the maltreated men, which an anonymous letter ascribed to Dunkel's brutality.

Presidency of the G. T. Pacific.

Montreal, Aug. 5.—A report has gained credence here that Senator Cox of Toronto has written to Mr. Charles M. Hays Vice-President and General Manager of the G.T.R., declining, owing to other pressing interests, to accept the Presidency of the Grand Trunk Pacific Railway. It could not be confirmed, as Mr. Hays was on the way to New York, where he will embark for England. At the head offices of the company, however, no knowledge of the matter was admitted. There was, nevertheless, an undercurrent suggesting that there is a growing belief that Mr. Hays will be the official head of the new railway.

Mr. Hays goes to England on business connected with the new project, and it is explained that he will place the details of the agreement with the Government before those who are largely responsible for the capital involved in the G.T.R.'s part in the undertaking. His visit will be in the nature of a flying trip, as he is expected to return in two or three weeks. In quarters where it is believed that Senator Cox will not accept the Presidency there is a feeling that the important position will therefore naturally fall to Mr. Hays.

IRON AND STEEL BOUNTIES.

The Resolutions Debated and the Bill Introduced.

Ottawa, Aug. 5.—The resolutions proposed by the Minister of Finance for the further encouragement of the iron and steel industry were debated yesterday, and a bill giving effect thereto received its initial stage. This evening Hon. Mr. Sifton's bill amending the Manitoba grain act, 1900, was considered in committee. Incidentally, the Minister of the Interior expressed the belief that the railways will, owing to the increase in their rolling stock, be much better able to handle the grain crop this year. The elevator capacity had, he said, been enormously increased.

Mr. R. L. Borden inquired whether there was any truth in the report in the press that the Imperial Government had asked the various colonial Governments, including that of Canada, for permission to make public certain proceedings before the Colonial Conference, which have been heretofore regarded as of a private nature.

The Premier could give reply to the questions until he had consulted with the Governor-General, which he would do at the earliest possible moment, and give a reply to-morrow or the day after.

MARTINEAU DEFALCATION.

Auditor-General's Reply to the Commission's Report.

Ottawa, Aug. 5.—A return was brought down which contains a letter from the Auditor-General in reply to the report of the royal commission, whose report practically found that the responsibility for the Martineau defalcation rested with the Audit Department.

Mr. McDougall says, in effect, that the forgeries have caused no loss to the Government, and that the Bank of Montreal has to bear the deficiency. He also states that the audit office has performed its duty in accordance with the audit act, and he will not pass one dollar over the defalcation unless especially appropriated by Parliament. He suggests a number of amendments which he thinks will prevent a repetition of frauds of the Martineau type.

TELEGRAPHIC BREVITIES.

It is definitely stated that Lord Roberts will not visit America this year.

An international conference on wireless telegraphy is in session at Berlin.

Mr. Thomas McLean, one of Brantford's foremost business men, is dead.

Lord Strathcona has consented to open the Dominion Exhibition on Saturday, August 29.

A number of Catholics men throughout Ontario are protesting against the erection of a statue to General Washington in Westminster Abbey.

Dr. Schnarr, license inspector for Rainy River west, has resigned, and Mr. A. M. Rose of Rat Portage has been appointed in his place.

The second reading of the bill for the ratification of the agreement for the construction of the Grand Trunk Pacific Railway will be moved on Thursday afternoon.

The good offices of Miss Helen Gould as arbitrator in the Holyoke, Mass., strike of the paper mill operatives have been requested by one of the girls on the strikers' committee.

The employees in the workshops of the Southwestern Railway and other works in Russia have struck. Battalions of infantry have occupied the railroad station at Kieff and the neighboring workshops.

A strong movement against the participation of Chile in the St. Louis Exposition has been initiated. The principal papers oppose any official representation at the Fair, and the commission of deputies considering the matter is also unfavorable to it.

Death of Hon. Wm. Proudfoot.

Hamilton, Aug. 5.—Hon. William Proudfoot, former Vice-Chancellor of the Ontario Court of Chancery, died at his summer home here yesterday. He had been ill about a week, and his death was hastened by a fall, in which he was shaken up a few days ago. The funeral will take place to-morrow at 3 p.m., and will be private.

His Newspaper Caught Fire.

Ottawa, Aug. 5.—Emery Thibault, a resident of Lower Town, sat in his house last night reading a newspaper by the light of a candle, when the sheet caught fire and ignited his shirt. He tore off his clothing, and the occupants of the house were badly burned about the chest and arms. He was removed to the General Hospital, Water street.

## Summer Things For The Boy.

We are very careful to look after the clothing needs of the boy. First impressions are strongest and we want him to think of this store as a good place to buy his clothes, not only now but when he grows up.

He requires comfortable, hot weather clothes as well as his father, and in this connection we would draw your attention to such summer things as:—

Boys' Wash Suits, 50c. to \$1.00. Boys' Shirt Waists, 60c. and 75c.  
Boys' Soft Shirts, 50c., 60c., 75c. Boys' Wash Knickers, 19c., 25c.  
Boys' Summer Underwear, 25c. to 37½c. Boys' Straw Hats, 10c. to 50c.

THORNTON & DOUGLAS, LIMITED

## Preserving Kettles, Fruit Jars

## WORLD OF SPORT

LACROSSE

THAT DETROIT GAME.

Frank Babcock, of the local lacrosse club, was in Blenheim yesterday and arranged to have the Chatham-Detroit game there, and went to Detroit this afternoon to make the final arrangements with that club.

The locals are requested to turn out to practice every night this week.
