## SOUTH BUXTON.

There has been a scheme on foot for

some time to unite the Greenbush and

New England Methodist Churches in-

to one congregation, with their church

in South Buxton. The interest is

growing and meetings are being held

to discuss the situation. The mat-

ter of the Sabbath schools seems to

be a strong factor in opposition to

the scheme, as a central school would

not be as convenient for the little

folks, and this is causing progress to

move slowly; but it is believed that

that will be the ultimate end of the

struggle. Both congregations are

holding meetings this week to discuss

the situation.

Mr. Park, P. S. I., visited our

school on Wednesday of last week and

reported to the trustees that he was

highly pleased with the progress the

school was making and spoke flatter-

ingly of Miss McIsaac's ability, and

other term at a salary of \$400. Miss

McIsaac has won the respect and

confidence of this section.

## LORD'S DAY ALLIANCE.

## POLICY AS TO ADMINISTRATION OF LIQUOR LAWS.

Operation of Mills and Railways on Sunday—Wide-open in Copper Cliff—Police Commissioners in Toronto—Election of Officers.

Toronto, Nov. 7.—About fifty ministers and laymen from outside points attended the convention yesterday at Guild Hall of the Ontario Lord's Day Alliance. Rev. Dr. Carman, the President, was in the chair, and in his address referred to the strong feeling of dissatisfaction created through the Privy Council's decision regarding Sunday labor. He said the decision should be carefully weighed and every detail considered by the members of the Alliance. In referring to the general work of the association, he laid stress on the fact that the members should look to great principles rather than little details.

The various reports presented were adopted, after which the election of officers for the ensuing year was proceeded with and resulted as follows:—President, Rev. Principal Caven, D.D., LL.D.; Vice-Presidents, Rev. W. L. Mills, Rev. A. Carman, D.D., Rev. Chancellor Wallace, Mrs. A. O. Ruth-erford, J. K. Macdonald, Rev. S. D. Chown, D.D., Rev. L. Norman Tucker, D.D., and Hon. E. H. Bronson; Secretary, Rev. T. Albert Moore; Treasurer, John C. Copp.

The following letter to the Secretary was read from Mr. E. Saunders, chief officer, license branch department of Provincial Secretary:—"I am directed by the Hon. the Provincial Secretary to state, in reply to that part of your letter of the 20th ult. in which you ask him, in effect, to make or authorize a public declaration of the policy of the Government in regard to the administration of the liquor license laws, that the Minister recognizes the reasonableness of this request, and is glad to avail himself of the opportunity thus afforded him to say, as publicly as possible, that the department is willing, and, indeed, anxious, to do all that can be expected to be done to bring about a proper enforcement of the law, and, where it is shown that inspectors, through negligence, incapacity or other cause, fail to efficiently discharge their duties, their removal will in all cases certainly follow. The Minister desires to point out that the great difficulty in the way of satisfactory enforcement of the act, especially in large districts, must be obvious to everybody who considers the circumstances. In many districts of large area it is practically impossible for one inspector to exercise, under the most favorable circumstances, the vigilance and mobility necessary to cope with the ingenuity of those whose interest and desire is to evade or break the law. In these days of easy telephone communication, the movements of an inspector are heralded from point to point from the moment he leaves his doors. The result is that his arrival at any particular place is anticipated, and his vigilance defeated, by the breakers of the law temporarily desisting, and for the moment becoming model observers of the law.

The afternoon until the convention adjourned was taken up with a general discussion of the
