

ALLANDALE FLOUR MILL: Thomas Short, Proprietor. This mill—an excellent stone structure—is fitted up with all the modern appliances for manufacturing merchantable flour. It has four run of stones and two bolts for country use. The building is also fitted up with an oatmeal mill, with kiln, &c., for preparing the oats. It is driven by water power; but a forty horse power engine has been placed in the building in case of failure of water. Besides the country work, from 6000 to 8000 barrels of flour are exported from the Allandale Mills.

BLYTHE MILLS: Herst & Denne, Proprietors. Situated on Otonabee River, about a mile from the town of Peterborough. Three run of stones,—600 barrels of flour a week.

OTONABEE MILL: R. D. Rogers, Proprietor. Situated in Peterborough East. A substantial stone building, four run of stones, manufactures 100 barrels of flour a day.
