

Hagyard's Yellow Oil,

Has stood the test of time, and is victorious

over all. As a liniment, no preparation can surpass its efficacy for pain and inflammation of all descriptions.

FOR EXTERNAL AND INTERNAL USE.

Applied outwardly, it cures Rheumatism, Neuralgia, Spinal Affections, Lamé Back, Pains in the Joints, Chest, Side or Back, Contracted Coris, Sprains, Bruises, Chilblains, Burns, Scalds, Frost Bites, Wounds, Cuts, Boils, Swellings, Callous Lumps, Sore Throat, Stiff Neck, Ear Ache, Deafness, Cramps in the Stomach, etc.

Taken inwardly, in doses of from 10 to 30 drops on sugar or in water as directed, it cures Quinsy, Sore Throat, Swelled Tonsils, Asthma, Croup, Kidney Complaints, Pains in the Chest, Stomach, etc. Inflammation, Pain, Swelling, and Soreness are speedily banished by its use.

No family should be without Hagyard's Yellow Oil, and no individual *will* be without it after having once tested its virtues. For accidents and emergencies it is indispensable to all. Hagyard's Yellow Oil is one of our oldest and best tried remedies, and its rapidly increasing sale is the best evidence of its popularity with the people. If you are unacquainted with this medicine, ask your druggist about this fact regarding its merits. We do not hesitate to warrant it in every case if used faithfully as directed. Its anodyne, antiseptic, detergent and healing properties are unsurpassed by any liniment or remedy of its class in the world; and its powers of subduing inflammatory action, allaying pain, relaxing stiff joints or sinews, and healing all manner of soreness or lameness of the flesh are unexcelled. For sale by all medicine dealers. Price 25 cents per bottle.

MONTREAL, March 1st, 1880.

Messrs. T. Milburn & Co.

GENTLEMEN,—I am pleased to advise you that your Hagyard's Yellow Oil has proved wonderfully effective with me. I have used it as an outward application for colds settled in my shoulders and head; also have taken it inwardly for hoarseness and cough, and I believe it to be one of the best Oils in use for the removal of Pains or Stiffness of Joints, and also for Sore Mouth or Throat. I would not like to travel without it with me.

GEO. B. STOCK.

ACTON, May 20, 1880.

Messrs. T. Milburn & Co.

GENTLEMEN,—I have used your Yellow Oil at different times and for a variety of complaints and accidents incident to every-day life, during the past twenty years; in fact, I have never been without a bottle of it in the

house since 1860, and would not be for ten times its cost. For Coughs, Colds and Croup in children I have never known it to fail, and for Sore Throat and Stiff Neck it has served me in a great number of cases. For burns and scalds it is simply a specific. I have used it also on domestic animals, with a corresponding favorable result. If anyone doubts the efficacy of Yellow Oil for any of the above complaints, refer them to me, and I can assure them, from my own experience, of its worth.

MRS. WM. ALLAN.

BEAVERTON, 18th July, 1880.

Messrs. T. Milburn & Co.

GENTLEMEN,—The facts as to the instant effects of Yellow Oil in a case of Croup are as follows:—My little granddaughter was growing rapidly worse with Croup, and was giving the ominous croak so dreadful to hear. None of the ordinary remedies seemed to help her, but on my son asking if I had tried Yellow Oil, I did so at once, administering a few drops on sugar and rubbing it pretty plentifully upon her chest and throat. The effect was wonderful: in a few minutes she threw off the mucus, breathed freely, and in half an hour was playing and laughing.

SARAH CHURCHILL.

CALEDON, June 23rd, 1880.

Messrs. T. Milburn & Co.

GENTLEMEN,—About two years ago I was afflicted with a swelling of the knee, resulting from several falls on the ice. It was so painful and badly swollen that I could not walk for some time. One bottle of Hagyard's Yellow Oil effected a complete cure.

JAMES HUMPHREYS.

15 BEECH STREET, TORONTO,

March 14th, 1878.

This is to certify that my son, aged nine years, met with a serious accident by having one of his feet run over by a Grand Trunk express train, and it was supposed amputation would have to be performed. We had two doctors attending him for some days without any perceptible improvement. I was then induced to try Hagyard's Yellow Oil, which reduced the pain after a few applications. To my surprise we could discover a decided improvement from the first few applications. As soon as we saw this improvement we discontinued the doctors' prescriptions, and the lacerated foot continued to mend until, I am free to say, my boy was well in as many weeks as we expected it would take months, not taking into consideration the amount of pain he was relieved from. He is now as well as could be expected, after having his heel and ankle so badly crushed, and is free from stiffness of the joint, which the doctors said could scarcely be avoided.

JOHN SPINKS.

Other testimonials and references will be furnished on application to T. MILBURN & Co., 30 Church Street, Toronto.
