## POTASH

FOR FIELD, GARDEN AND ORCHARD

This important plant food may be obtained from all leading fertiliser dealers in the highly-concentrated forms of

### MURIATE OF POTASH AND SULPHATE OF POTASH.

On account of the increased demand for these fertilizers throughout Canada this year farmers ought to order at once to prevent disappointment.

The judicious use of Potash in conjunction with phosphatic and nitrogenous fertilizers cannot, and does not, fail to bring satisfactory results. Testimony to this effect is becoming more frequently heard each day.

Write at once for our FREE publications, treating of the fertilization and cultivation of various crops, as well as of the results of fertilizer experiments in Canada and elsewhere.

### Steady Supply of Water Ensured by Economy Hot-Air Engine.

At a cost of a few cents per week an Economy Hot-Air Pumping Engine will supply fresh water to your stables and house all the year round.

There is nothing to adjust, nothing to get out of order.

A child can operate it just as well as an adult. No spark, no exhaust, no explosion, no kick, no noise.

Burns wood, charcoal, coal, coke, gasoline or kerosene.

A gasoline engine is so complicated it is constantly getting out of order.

A windmill, besides being unsightly and expensive, is dependent on the wind for motive power.

An Economy Hot-Air Engine is always ready. It ensures fresh water at all times, the significance of which will be realized by stockmen.

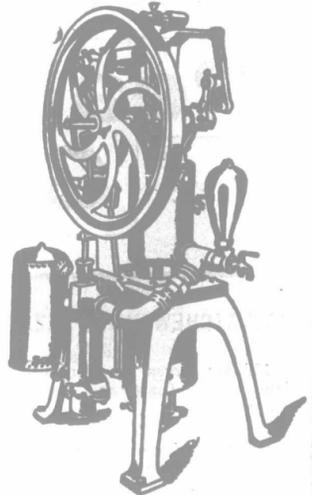

A Hot-Air Engine is a protection against fire, as it supplies water under pressure.

Sold under an unconditional guarantee

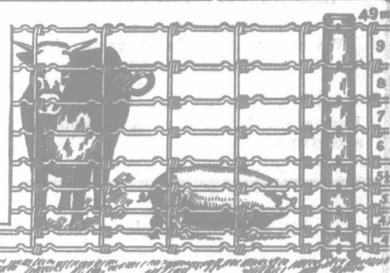

We will send an Economy Hot-Air Pumping Engine to any responsible party on ten days' approval.

Write us for booklet and any additional information desired.
