## STAMMERERS

The methods employed at the  
Arnott Institute are the only  
logical methods for the cure of  
stammering. They treat the  
CAUSE, not merely the habit, and  
insure NATURAL speech. Pam-  
phlet, particulars and references  
sent on request.

**THE ARNOTT INSTITUTE**  
Berlin, Ont., Can.

Philander C. Knox, the secretary  
of state of the United States,  
talked at a reception at Valley Forge of  
an impudent politician.

"The impudence with which he de-  
mands his f vors," said Mr. Knox, "re-  
minds me of that of young John Gains,  
a Brownsville boy.

"One winter day the skating was  
good and a game of hockey was pro-  
posed. John Gains, his skates over his  
arm, rang the bell of one of our oldest  
inhabitants, an 1812 veteran with a  
wooden leg.

"Excuse me, sir," he said, "but are  
you going out today?"

"No, I believe not," replied the  
veteran, kindly. "Why do you ask,  
my son?"

"Because if you are not," said John  
Gains, "I'd like to borrow your wooden  
leg to play hockey with."—*Cleveland

## IT'S THE TALK OF THE COUNTRY SIDE

How Dodd's Kidney Pills  
Cured Mrs. Samuel  
Thompson's  
Dropsy

Her's Was a terrible Case and the  
Doctors were Powerless to Check  
it, but the Great Kidney Remedy  
Cured It.

Holt, Ont., Feb. 2.—(Special).—  
All the country side about here is talk-  
ing of the wonderful cure of Mrs. Samuel  
Thompson of this place. She was  
taken sick with Jaundice, and though  
the doctor was called in she grew  
steadily worse. Her stomach was so  
bad she could not keep anything on  
it. Dropsy set in and she bloated to a  
terrible size. The doctor came three  
times to tap her, but her husband  
would not allow him to do it, saying  
that if she could not get better they  
might let her die in peace. Finally  
she dropped the doctors and tried other  
medicines, but they did her no good.  
Her leg burst and the water streamed  
from it. Then someone told her about  
Dodd's Kidney Pills and so she asked  
her husband to get her a box.

After taking them a while she took  
a bad turn. Something would come  
up in her throat and she would vomit.  
The water would just fly from her  
mouth. But from that time she com-  
menced to get better, and today she  
is a well woman. Dodd's Kidney Pills  
cured her.

Dodd's Kidney Pills cure Dropsy by  
putting the Kidneys in condition to  
take the surplus water out of the blood.  
They always cure it.

and was prevented from spreading to  
other sections. If it had persisted  
longer or spread farther, it would have  
been necessary to call upon Congress  
for additional funds.

### ORIGIN OF OUTBREAK.

On tracing the origin of the disease,  
which was at first a matter of mystery  
it was soon found that the cattle which  
carried it into Pennsylvania came  
through the Buffalo stock yards, and  
from Buffalo suspicion pointed to Michi-  
gan. I visited Buffalo and Detroit, in  
company with the Chief of the Bureau  
of Animal Industry, in order to give  
personal attention to the situation. It  
was believed from the first that the  
contagion must have come from abroad,  
yet in view of the Department's strict  
quarantine an imported live stock it  
was considered improbable that it could  
have been brought in with animals, and  
other means of entrance were looked for.  
When inspectors of the Bureau of  
Animal Industry traced the disease to  
certain calves that had been used by a  
Detroit firm for the propagation of  
smallpox vaccine it was regarded as  
very probable that the vaccine was con-  
taminated with the virus of foot-and-  
mouth disease and that the outbreak  
was due to this cause. I therefore  
directed that a careful scientific in-  
vestigation be made to determine this  
point, and the work was entrusted to  
Dr. John R. Mohler, of the Bureau of  
Animal Industry, and Dr. Milton J.  
Roseneau, of the Public Health and  
Marine Hospital Service, that Service  
having been invited to join in the in-  
vestigation because it was charged by  
law with the supervision of biological  
products used in human medicine.

These investigators by a noteworthy  
piece of scientific work demonstrated  
that the smallpox vaccine virus of the  
Detroit firm was in fact contaminated  
with foot-and-mouth disease, and,  
further, that the vaccine of a Penn-  
sylvania firm, from which the particular  
strain of vaccine in question was obtain-  
ed by the Detroit firm, was like wise  
contaminated. While it is not positively  
known just how long the contamination  
had existed at the Pennsylvania estab-  
lishment, it seems probable that it was  
introduced with vaccine virus imported  
from Japan in 1902, and that it was the  
cause of the New England outbreak of  
that year.

The introduction of the contagion  
through contaminated vaccine shows  
the importance of a congressional en-  
actment giving to the Secretary of  
Agriculture power to control the im-  
portation of biological products in-  
tended for the treatment of animals,  
and to supervise the preparation of such  
products for interstate commerce, in  
the same manner that such products  
for use in human medicine are already  
under the control of the Public Health  
and Marine Hospital Service. With  
the progress of medical and veterinary  
science there is an increasing traffic in  
vaccines, serums, antitoxins, etc., and  
there is a great danger that without  
proper control there may be introduced  
with these remedies the contagion of  
some disease that would cause havoc  
among our live stock.

### CANADIAN NAVY PROPOSALS

According to newspaper despatches  
the Canadian navy as defined in a  
bill introduced in the House of Commons  
by the Prime Minister recently, provides  
for a naval force of three divisions,  
namely, permanent, volunteer and  
reserve corps. The Militia Act has  
been largely followed, but there will  
be no compulsory enrollment in case  
of war, no conscription, and no balloting.  
The service will be under the charge  
of the Marine and Fisheries Depart-  
ment, with a director, who will hold  
the rank of rear admiral, or at least  
captain, and who will be advised by a  
naval board. The Governor in

## GOLDEN WEST STOCK FARM

TROJAN (imp.), Grand Champion, Dominion  
Exhibition, Calgary, 1908:

Our new offerings of  
Clydesdale Stallions is bigger  
and better than ever. We  
have them at all ages and  
prices ranging from \$500 up.  
They are imported and home-  
bred, sired by such noted sires  
as Baron's Pride, Everlasting,  
Acme, Labori, Baron's Gem,  
Baron Kerr and others. We  
also have some very fine  
Mares and Fillies for sale.

Trojan, grand champion  
at the Dominion Exhibition  
at Calgary in 1908, is heading  
at present our stud. Visitors  
always welcome and will be  
met by our rig if notified a  
few days ahead at Balgonie  
(Station on C.P.R. main line,  
16 miles east of Regina).

## P. M. Bredt & Sons

Edenwold P. O.

Via Balgonie, Sask.

### Imported Clydesdales

If you are in the market for a choice  
Filly or a Show Stallion come and see my  
stock. Prices reasonable.

**THOS. USHER, Carman, Man.**

## DISPERSION SALE OF SHORTHORNS

Having sold my farm I must dispose of my en-  
tire herd of pure-bred Shorthorn cattle. I have yet  
my champion herd and their descendants that won for  
me honors at many of the leading Alberta exhi-  
bitions in past years. There are females of all ages,  
descendants of the most noted families of  
in Scotland. I have used such stock bulls as Trout Creek Hero, the  
champion bull in Alberta, for a number of years; Loyalty (imp.); Remus,  
a Toronto prize winner, and Lucerne (imp.), the latter a bull of exceptional  
merit. My prices are very reasonable.

**JOHN RAMSAY, PRIDDIS, ALBERTA**

## JOHN GRAHAM

THE OLDEST IMPORTER IN MANITOBA AND THE LARGEST IN  
CANADA

Three (3) importations made since January, 1909, and the last to  
hand on November 1st, totalling 23 head of stallions and mares.

If you are in the market to buy, don't miss seeing my stock before  
closing any deal; can give you the best Scotland produces or an equally  
well-bred horse at a small price. Have a selection to suit all buyers.

I have such crack show horses on hand as the following: Arnot's  
Heir, by Hiawatha that stood reserve for the Bridon Shield in 1907,  
besides winning many other first prizes; Lord Guthrie that as a 3-year-old  
was first in his class, and champion at the Royal Northern Aberdeen,  
besides other winnings to his credit; Silver King that was 1st as a yearling,  
2, 3, and 4-year-old at Dublin and Belfast.

Will be pleased to have you inspect my stock whether you buy or  
not.

**CARBERRY, MANITOBA**
