## Surnames and Their Origin

**WARREN.**  
Warren, Wareing, War-  
ton, Warson, Fitzwarin,  
Warner, Warner.  
Original Origin—Norman-French.  
Source—A given name; also an occupa-  
tion.  
Here is a group of family names,  
all of which come from either of two  
sources; but from which it is impos-  
sible to state in the case of Warren,  
except where the individual is fortun-  
ate enough to be able to trace back  
the genealogy of his particular family  
to its origin.  
Most of the family names in this  
group are the outgrowths of a given  
name which was quite widespread in  
medieval England, having been intro-  
duced by the Normans, but which has  
become obsolete to-day as a given  
name. There are, of course, to be  
found many men who bear Warren as  
their first names, but in virtually  
every case this is the result of the  
purely modern custom of using a fam-  
ily name as a given name.  
The old name, in its Norman form,  
was originally "Guarin" or "Guerin,"  
but under the Saxon influence it rap-  
idly became softened into "Warin," in  
which form it fairly crowds the old  
records. Warnett comes from "Wari-  
not's-son," the "ot" being a diminutive  
ending. Wareing, Waring, Warison  
and Wason all come from "Warin's-  
son," the "son" being dropped for the  
most part, in the course of time. The  
"Fitz" variations are explained in the  
meaning of "fiter" as "son of."  
Warren, however, often comes from  
the same source as Warner, which is  
the medieval word "Warner," "War-  
ner" or "Warner," from "Waren," a  
game preserve. The warner was  
the officer who had charge of these for-  
est wilds and naturally came to be  
known as "Jacke le Warner," "Rich-  
ard de Waren," etc. Sons often fol-  
lowed the same calling as their fath-

## KEEP LITTLE ONES WELL IN WINTER

Winter is a dangerous season for the little ones. The days are changeable—one bright, the next one cold and stormy, that the mother is afraid to take the children out for the fresh air and exercise they need so much. In consequence they are often cooped up in overheated, badly ventilated rooms and are soon seized with colds or grippe. What is needed to keep the little ones well is Baby's Own Tablets. They will regulate the stomach and bowels and drive out colds, and by their use the baby will be able to get over the winter season in perfect safety. The new sales tax will not increase the price of Baby's Own Tablets, as the company pays the tax. You can still obtain the Tablets through any medicine dealer at 25 cents a box, or by mail, post paid, from The Dr. Williams' Medicine Co., Brockville, Ont.

## Flower Gems in Glass.

Marvellous artificial blooms that resemble Nature's finest specimens in every respect, except scent, are now being made by expert glass-blowers. Every part of a flower or plant is faithfully reproduced, from the long, delicate stems and colored petals to the almost invisible pollen. The first thing which the maker of these wonderful blooms does is to blow the petals from glass as thin and fragile as tissue paper. The glass petals are then shaped and colored exactly like the natural ones. Some of the rarer plants cannot be easily reproduced, and often several experiments have to be carried out with different colors before a really good imitation is obtained. These glass flowers are used extensively in museums, both to show details of plant or flower formation and as backgrounds for displaying specimens of birds and insects. So far has this branch of scientific glass-blowing been developed that it is practically impossible to distinguish the artificial blossoms from the real.

The Turks believe amber to be an infallible guard against the injurious effects of nicotine; hence its extensive use for the mouthpieces of pipes.

## NURSES

The Toronto Hospital for Incurables, in affiliation with Bellevue and Allied Hospitals, New York City, offers a three years' Course of Training to young women, having the required education, and desirous of becoming nurses. This Hospital has adopted the "Nurse Training" system. Pupils receive uniforms of the School, a monthly allowance and travelling expenses to and from New York. ers, and so such names in many cases lost their original meaning descriptive of occupation and became simply family "tags."  
**O'LEARY.**  
Variations—Leary.  
Racial Origin—Irish.  
Source—A given name.  
O'Leary is a good old royal name. Even Shakespeare recognized it as such when he wrote his "King Lear." But the ancient Irish kings who bore this name, and from one of whom the modern family name is derived, did not spell it that way. The nearest we can come to the old spelling in using the English alphabet is "Laeghaire." The Irish pronunciation varies of course, in the different sections of Ireland, and there have also been changes in pronunciation due to the lapse of time, but you can make a pretty good attempt if you say it "lay-airy," without emphasizing the "airy" too sharply; and if you can inject a faint "h" or guttural sound between the two sections, so much the better. The most famous Laeghaire of Irish history was the Ard-Righ, or High-King, who held his court at Tara, in Meath (which was a sort of "federal" province, bearing the same relation to all Ireland that the District of Columbia does to the United States), and there received St. Patrick, about 432 A.D. At that first meeting the saint converted Laeghaire's daughters and half his court from paganism in open debate, and also won the king's friendship and help in the campaign which spread Christianity over the land like wildfire. But though he aided Christianity, Laeghaire himself never professed faith, and died a pagan.  
Of course, the orthodox form of the family name is O'Leary, or Hul Laeghaire, the "O" being a contraction of "Hy" or "Hui," meaning "descendant of." But many families have in modern times dropped this prefix.

## Winter Night.

You are so blue and still and cold.  
You are so young—you are so old.  
You chill my blood and make it freeze.  
With your unspoken mysteries—  
You thrill my blood and make it burn.  
When old desires to beauty turn.  
Yours is the iron hearted will,  
Yours, the purpose to fulfill;  
You are the hidden womb of earth.  
Where seeds lie dormant until birth—  
The paradox of life and death  
Within a shroud of icy breath.

Yours is the secret buried deep  
Under the still, cold hand of sleep.  
—Sally Bruce Kinsolving.

## The Duchess "Lizzie."

A few months ago when the Duke of York married Lady Elizabeth Bowes-Lyon all the English writers spoke of the Scotch bride as Lady "Betty." Apparently that was the thing to do. But what the new Duchess of York calls herself is quite a different matter. The wedding present that she and her royal spouse recently sent to Lady Rachel Cavendish was marked simply, "From Albert and Lizzie." Lizzie! Girls who are just about to change their plain Alice to Alysce please notice.

## His Hearing Restored.

The invisible ear drum invented by A. O. Leonard, which is a miniature megaphone, fitting inside the ear, is tiringly out of sight, is restoring the hearing of hundreds of people in New York city. Mr. Leonard invented this drum to relieve himself of deafness and head noises, and it does this so successfully that no one could tell he is a deaf man. It is effective when deafness is caused by catarrh or by perforated or wholly destroyed natural drums. A request for information to A. O. Leonard, Suite 437, 70 Fifth Avenue, New York city, will be given a prompt reply. **advt**

## Size of a City.

Just how big city can grow has long been a subject of speculation. Some persons think that the metropolitan area of New York City will eventually have a population of twenty or twenty-five million people. But the census figures of the County of London show that in the years from 1911 to 1921 inclusive the rate of increase in London was only 3.1 per cent, whereas the rate of increase in the rest of the country was five per cent. They show too that in these years there was an actual migration from London of 320,000 and that for the first time in centuries there is a decided tendency of humanity away from the metropolis. Perhaps Greater London, with 7,500,000, has about reached the limit of its growth.

The custom of wearing an amulet as a protection against evil is common amongst all classes in Japan.

**Mark.**  
Each day by Jared's carriage soon  
Mark passed,  
Calling a greeting through the wide  
swung door,  
In the same wagon made forty years  
before  
And guaranteed by Jared to wear and  
last.  
On Mark's return from town, his team  
made fast,  
The two old friends would chat of  
days no more,  
And tell old jests, rehearse the frag-  
rant lore  
Of youth, recall the years with memo-  
ries massed.  
Their friendship was a golden thing,  
The village said,  
That brighter grew with every year  
of use.  
It did until the day Mark said in  
heat:  
"My wagon's busted on the hill, and,  
Ed,  
You guaranteed it! And it hasn't  
had no abuse!"  
Then Jared, mad, hurled Mark into  
the street!

## TORTURES OF SCIATICA

### Relieved by Enriching and Purifying the Blood.

Sciatica is neuralgia of the sciatic nerve and the treatment should be the same as for other forms of neuralgia. Sciatica is stubborn in resisting treatment and the patient frequently suffers for years.  
So many cases of sciatica have been helped by Dr. Williams' Pink Pills that every sufferer is justified in giving this treatment a thorough trial. Dr. Williams' Pink Pills do not simply relieve pain—they correct diseases caused by weak, watery blood. Thus they are beneficial in the treatment of even the most severe disorders. Their value in cases of this kind is shown by the experience of Miss Lizzie Freeman, Nogies Creek, Ont., who says:—"I was confined to bed for seven weeks with sciatica. What I suffered is almost impossible to realize. The doctor did all he could for me, and yet I was not getting any better, and he told me the trouble was likely to leave me crippled. A neighbor who was in to see me, strongly advised me to try Dr. Williams' Pink Pills. I decided to do so and after taking them for a while found they were helping me. I continued taking the pills until I had taken nine boxes, when I was able to walk as well as ever, and felt that I was fully restored. In view of what these pills have done for me I strongly recommend them to all sufferers."  
If you are suffering from any condition due to poor, watery blood or weak nerves, begin taking Dr. Williams' Pink Pills now and note how your strength and health will improve. The new sales tax will not increase the price of Dr. Williams' Pink Pills, as the company pays the tax. You can still obtain the pills through any medicine dealer at 50 cents a box, or by mail, post paid, at this price, from The Dr. Williams' Medicine Co., Brockville, Ont.

## Buy An Island.

The Canadian Government invites people who are in search of a summer home to buy an island in Georgian Bay. There are some thirty thousand islands along the shores of that part of Lake Huron, and the islands vary in size from tiny eyots to islands many acres in extent. They are rocky and bear no great amount of vegetation. The price of an unoccupied island is twenty-five dollars plus ten dollars an acre.  
It is always safe to send Dominion Express Money Orders.

Remember that, for any profession, it takes a long course of study before any real and substantial success can be looked for. Don't take the advice of admiring friends alone, who will be sure to tell you that you can do anything and do it well without a preliminary course of preparation. It is not what comes to you, but what you come to, that determines whether you are to be a winner in the great race of life.

## The Silence of the Snow.

A Russian said: "You do not know, as we do,  
The beauty of the silence of the snow—  
How every ugly noise drowned out  
can be  
As in some clean, white river's  
blessed flow.  
The steppes and lonely isba know its  
peace;  
But our great cities, too, have their  
release."  
These words, in memory long sunken,  
rose,  
When, after night on night of tap-  
ping sleet  
And ghostly snow o'ershrouding other  
snows,  
The Morning looked upon the track-  
less street.  
And then, for me, from many a van-  
ished year,  
Fair pictures of a dreaming farm came  
near.  
Behold another world with its new  
face!  
The countryside in city held strange  
space  
(Or, so to me it was): for Time and  
Space  
Within a cirque of artful Magic lay.  
The soul withdrew to some lost, early  
mood,  
Rapt far away in boundless quietude.

But now, The City, struggling as from  
swoon,  
Turned her uneasily—stretched out  
an arm;  
And helpless lifted up her outcry,  
soon—  
But softened all within the dim  
snow charm!  
With this, the horn of some stalled,  
venturous car—  
The chime of church clock—all from  
very far.  
At last the plough a clean cut furrow  
heaves—  
A marble way through new created  
land!  
Outfitter hungry sparrows from the  
eaves;  
Outfitter, too, the children, sleds in  
hand,  
Their tinkling laughter, in the magic  
morn,  
Seems from some elfin underworld up-  
borne.  
—Edith M. Thomas.

**A Ready Answer.**  
Everyone is malicious enough to enjoy the discomfiture of a cross-examining lawyer by the witness he is badgering. The American Legion Weekly reports such a case.  
"Tell the court exactly where you were on the twentieth day of said month at five-thirty in the afternoon," sharply demanded the lawyer of an opposing witness.  
"I was on the corner of Second and Main streets, asking a man a question," replied the witness.  
"Ah-ha! But how do you know it was exactly five-thirty?"  
"Ah-ha yourself!" said the witness.  
"The question I was asking him was what time it was."

## To Make Rich Red Blood

Revitalize your worn-out exhausted nerves and increase your strength and endurance  
Take Nuxated Iron: not metallic iron which people usually take, but pure organic iron—Nuxated Iron—which is like the iron in your blood and like the iron in spinach, lettuce and apples. One dose of Nuxated Iron is estimated to be approximately equivalent (in organic iron content) to eating one-half quart of spinach, one quart of green vegetables or half a dozen apples. It is like taking extract of leaf instead of eating pounds of meat. Nuxated Iron is partially predigested and ready for almost immediate absorption and assimilation by the blood, while metallic iron is iron just as it comes from the action of strong acids on small pieces of iron filings.  
Over 4,000,000 people annually are using Nuxated Iron. It will not injure the teeth nor disturb the stomach. A few doses will often commence to enrich your blood. Your money will be refunded by the manufacturers if you do not obtain satisfactory results.  
Beware of substitutes. Always insist on having genuine organic iron—Nuxated Iron. Look for the letters N. I. on every tablet. Sold by all druggists.
