VILLAGE BAND HOLDS AT HOME

Pleasing Event Held at the Home of Mr. Roy Anderson, Rednersville.

CHURCH OFFICIALS MEET

Community Club Has Spelling Match—May Start Newspaper in Organization

REDNERSVILLE.—When all around us election warfare was being waged, our municipal world enjoyed peace and quietness. Acclamation this year, but we may require to choose a mayor in the years hence.

Very much alive we are, however, in many departments. To wit,—The Annual Meeting of the Church Officials here on Wed. last, not only showed a record closing for the year past, but arranged for improvements in many directions. The most important of these was in the appointment of a strong representative committee, Messrs. W. W. Anderson, A. G. Roblin and A. E. Phillips to plan and canvass for the building of a large enclosed shed with hall overhead. This would fill a long-felt need as we have not had proper accommodation for concerts, tea meetings and socials generally. M. D. C. Rose was re-named as caretaker for another year also.

Our Band held an At-Home on Wed. evening when over forty of those most intimately concerned were most heartily welcomed in the commodious residence of Mr. Roy Anderson. The combined efforts of wives and lady friends of the bandmen produced such a supper as is seldom surpassed and the appreciation of the guests. Rev. L. M. Sharpe acted as toastmaster and expressed pride and gratification in the fact that he was with the boys in the initial efforts and organization and as President had felt a deep interest in their every progress. He proposed a toast to the bandmaster, Mr. R. G. Stafford, complimenting him upon his patience and perseverance.

All definite in the matter. "How He's a Jolly Good Fellow." Mr. Stafford responded smilingly and suitably for he has every reason to be well pleased. The toast to the Host and Hostess was responded to by Mr. W. J. Orvis, who paid a splendid tribute to the fine spirit of co-operation, not only among the band boys, but their "beter halves". Mr. Roy Anderson fittingly replied. Lastly the Chairman spoke of the custom of the ancient Greeks of remembering the music in their banquets and called upon Mr. Chas. Bentley to propose a toast in appreciation of Music and the spirit of Harmony which had permitted such a gathering. Messrs. B. Covert and A. G. Roblin made replies respectively. The evening was afterwards spent in impromptu programme, instrumental solos, duets, etc., vocal choruses quartettes and numbers spent happy hours in games. A noteworthy feature was the presence of Mr. Wm. Russell, one of the oldest residents of the community and a man who has always loved music and is a strong supporter of the band, having several descendants in it. We predict good results from this event.

The Teacher Training Class met at the home of Lorne R. Brickman, on Thursday evening. They report a good attendance and progress toward the examination so close at hand. Upwards of twenty have been connected with this interesting enterprise and they expect to hold a social evening in the near future.

The Phillips Bros. left for Toronto on Thursday to attend a big Convention of the Association of Evaporating Companies. Toronto seems to be the mecca for big meets these days. There surely must be some entertainment for part of the unemployed in that city occasionally. Possibly some may later be induced to come "awa" and see where apples grow and grow "dry".

The United Farmers here have been having such busy times that their Club has not been meeting regularly, but they are planning to again resume, rumor says.

Mrs. W. N. Redner is improving slowly from the weakness resulting from her recent illness. She is very sympathetically remembered daily by many friends.

The Community Club held forth at Centre Church on Friday evening with a fine attendance. Addresses were given by Miss Arkles, of Victoria, and Mr. G. Moore, of Rednersville, both P. S. Teachers in which they set forth the "advantages" of a Community Club in the rural life. There were several musical selections

including trombone solos by Mr. Harold Babbitt. The Spelling Match was very popular and the Pastor, Mr. Sharpe, commended the participants on their ability of being well nigh "un-spell-down-able" as the contest lasted for nearly an hour. A new feature is the starting of a weekly newspaper, to report upon the community events with Mr. Geo. Moore as editor. The first edition will appear at the next meeting to be held in Victoria church, Friday evening 14th inst. On that occasion light refreshments are being served by the ladies of that Appointment and the visitors will provide the program. Music, Readings, Addresses, Discussions and a contest are in store. Something new each week is the aim as they go from church to church upon the Circuit, Albany being the point for the 21st.

The Cheese Meeting for arranging for drawing milk, cheese, filling ice-house, etc., for Quinte Cheese and Butter Co., will be held at Redner's Hall on Thursday 14th.

The families of C. H. Babbitt and R. G. Stafford attended the funeral of the late Harry Waite at Belleville, Saturday. The news of his sudden death came as a shock to many here.

Mr. Emerson Sulder is able to be about the house again after a severe illness. The school has reopened again with the same teachers, Miss Magee and Miss Ramsay, at the helm.

The Young People of the Methodist Church will give a play entitled "The Deacon," on Wednesday, January 19th.

Miss Maggie Reid is spending a few days at her brother's, Mr. John S. Reid. Mrs. Elgin Vannest has returned home after spending a few weeks with her mother at Brockville.

ATTRACTIONS OF TWEED, ONT.

Canadians have grown more and more appreciative of the richness and variety of the different parts of our Dominion. The Province of Ontario, rich in scenic beauties, historical settings and opportunities has parts that are distinctive—one of which is Tweed, township of Huronford, county of Hastings. It has attractions of lake, river, hills, central location, sound business activity from a farming and dairy country and an adjacent district that is rich in promise. The situation is a happy one—just west in the rocky region of Frontenac and Addington counties, and it retains enough of the rugged along with many other scenic attractions to make it a desired summer resort. Small islands dot the lake, given the euphonious name of "Stoco" by the early native settlers, the Mohawk and Massagaw Indians and around it is woven a mist of Indian lore and woodland vision. The winding and tree-clad shore which varies from low, gently sloping sandy beach to swiftly sloping rocky line presents every beauty that attracts traveller and tourist.

Richard Woodcock settled in Tweed in 1828, and from James Jamieson, who at one time owned the village site, Tweed received its name. Born near the Tweed river in Scotland, the pioneer gave the name to his Canadian home. A neighboring river slope is picturesque way through the town and its many rapids and waterfalls present abundant water-power.

East and North of Tweed are good mining lands which have been developed to some extent—the "Golden Pledge" and "Ore Chimney" mines having produced quantities of gold. In the farming district, dairying gives an extensive manufacture of cheese with as many as 20 cheese factories within a radius of ten miles of the town.

The outstanding district of the township is North Hastings where are the only known deposits of arsenic on the continent, of a workable size, and mispiklo ore as the most natural source of pure, white arsenic is of great value to the Dominion. These deposits have been thoroughly prospected during the last year and have been pronounced the largest in the world. The country is very suitable for mining development as it is well supplied with water-power and transportation facilities. The only arsenic that is produced in Canada at the present time is that obtained as a by-product from the Cobalt mines and is being manufactured on a small scale with practically all the output going to American agents so that it is difficult to buy Canadian arsenic without going outside of Canada to do so. Arsenic which was as high as 14 cents per pound has an abnormal price which cannot be maintained if the new sources of supply are developed and the serious shortage in the world's supply is drawing a good deal of attention to this field in Eastern Ontario. The supply of arsenic in the United States has been practically exhausted and American manufacturers are anxious to tap the mineral resources of Canada in order to carry on their business.

IN MEMORIAM

HOGLE.—In loving memory of Doris Merle Hogle, who departed this life Jan. 10th, 1920. One year has passed since that sad day When our darling pet was called away. God took her home, it was His will, But in our hearts she liveth still.

More and more each day we miss her Friends may think the wounds are healed, But they little know the sorrow, That is within our hearts concealed. Days of sadness still come o'er us, Tears of sorrow often flow, Memory keeps our loved one near us, Whom God claimed a year ago.

We who loved you so dearly miss you As it dawns another year, In the lonely hours of thinking Thoughts of you are ever near. Mother, Daddy and Sidney.
