Read His Own Obituary

(Canadian Press Despatch)
OTTAWA, Nov. 5.—Mr. Hor-
ace St. Louis, translator of the
Commons Hansard staff, former-
ly of Montreal, who has been ill
for about a week, last night read
his own obituary in one of the
local papers. The first intima-
tion he had of his supposed
death was the receipt of a num-
ber of messages of condolence to
the family from friends here and
in Montreal.

The brick work at the sub-station
on Greenwich street has been finished
and the steel beams to support the
concrete roof have been put up. The
roof will be finished this week and the
building will be complete in two
weeks.

There was a record attendance at
the night classes last evening, the
members taking the course in a
mechanical drawing, under Mr. F. Peik-
ing being exceptionally large. The
dressingmaking class was also well at-
tended and the instruction in
both branches is said to be progress-
ing very favorably.

A Light Session

There was a very light list at the
police court this morning, only three
cases being put down, Pat Foley, was
fined \$3 and costs for being drunk;
Geo. Kimbo in a quarrel and he had
to pay \$10 and for the privilege. The
other defendant did not put in an ap-
pearance and the court was adjourned.

Something Doing

It is said there will be something
doing when the Police Commissioners
meet on Friday afternoon next.
Certain questions, it was announced
this morning, will be asked the Com-
missioners as to the general har-
mony and esprit de corps of the force.

to hear of his promotion, but will re-
retire his departure from the city.
What is Brantford's loss is Toronto's
gain.

Y.M.C.A. Notes

The Y. M. C. A. are organizing a
Junior Leaders' gymnasium corps,
the purpose of which is to get a train-
ed few among the boys, who may
assist the instructor where the classes
are large. Courses of instruction
will be given, regular examinations
will be held for qualification pur-
poses, badges being given for pro-
ficiency in the various branches such
as anatomy, physiology and so on.
The movement which has already
been established among the seniors,
is a national one and is meeting with
great success. A meeting will be
held of those concerned to-night and
the matter taken up thoroughly.

At Bethel Hall

Dr. Wertheimer spoke to a large
and appreciative audience on the
neglected theme "Satan." The speak-
er showed from the Scriptures the var-
ious aspects of Satan's work, plan and
aim; as "the prince of this world," as
"the accuser of the brethren," he de-
scribed his methods, schemes and attractions
as "the prince of the powers of the
air," with his organized demoniac
forces; he revealed his malicious pur-
poses. God alone is a match for the
devil. The devil is not dead yet but
has power over all who are outside
of the fellowship of Jesus, the Christ,
the Sovereign Lord, who is enthroned
at God's right hand with all power,
principalities and Satanic agencies, be-
ing made subject unto him. An appeal
to come to the Lord was made. Re-
quests for prayer followed from many
present.

GAVE A LECTURE

AT ST. JAMES'

Canon Howett of Hamilton Proved
An Interesting Speaker.

A series of highly interesting
and very instructive lectures
are being delivered each Tuesday
evening in St. James' Anglican
Church, Terrace Hill. Last evening
Rev. Howett, Assistant at the Church
of Ascension, Hamilton, delivered a
splendid lecture, taking for his sub-
ject "The British Churches."

In his opening remarks the speaker
dealt with the very early history of
British Commerce. Very early Brit-
ish furnished the tin for the entire
world, and it was possible that
through trading it is that the
Christian religion was brought to
England. He established the fact
that a strong British church existed
in the second century. Just how the
religion of Christ was brought to
Britain, the speaker stated is not es-
tablished.

The Barbarians invaded England
in the third and fourth century and
drove the Christians into Wales and
Scotland. The speaker dealt with
the heroes of the British Church. He
told of some of the late researches
concerning the British Church.

There was a splendid attendance.
Last Tuesday evening, Rev. Brewin
of Woodstock gave a very fine ad-
dress on "The Church of the First
Century."

LABOR LEADERS

FILE A PETITION

An Appeal Against Sentence of La-
bor Leaders Will Be Entered.

OTTAWA, Ont., Nov. 5.—J. C.
Waters and Fred Bancroft, President
and Secretary, respectively of the
Dominion Trades and Labor Con-
gress, have laid before Hon. C. J.
Doherty, Minister of Justice a plea
for the reduction of the heavy sen-
tences imposed on the miners at Na-
naimo, B.C., who were convicted of
being leaders in the strike riots, there
last month. It is likely that every
branch of organized labor in Canada
will sign a petition to be sent to Hon-
able Mr. Doherty supporting the plea. The
Minister has promised to get a copy
of the evidence so that he can
acquaint himself with the facts of the
case. When he has done that he will
make known his decision.

ACTRESS WAS ILL WHILE ON STAGE

Taken From Stage When Seized With
Attack of Illness.

MONTREAL, Nov. 5.—Seized sud-
denly with faintness during the per-
formance of Joseph and His Brethren
at His Majesty's Theatre last even-
ing, Miss Pauline Frederick, the noted
American beauty and actress had to
be assisted to her dressing room and
medical attendance secured for her.

Miss Frederick who plays the part
of Potiphar's wife, the temptress of Jo-
seph, was too ill to continue and an
understudy had to be supplied.
This morning it was announced
that Miss Frederick was suffering
from acute indigestion and nervous
trouble and would, perhaps be in bed
for some days.

Tuesday from an accident at Messrs.
Harrison, McGregor, and Co's agri-
cultural machinery-works, Leigh. He
was scraping the lower part of a
window frame on the roof of the
joiner's shop, when he slipped, crash-
ed through the window, and fell to
the ground, about 15 feet below. He
fractured his spine.

WORK IN PARKS

Spruce Trees Being Removed
— Squirrel Houses Are
Missing.

Mr. Dunnington Grubb, landscape
architect of Toronto, after studying
the local parks, recommended among
other things improvements that the
majority of the spruce trees be re-
moved from the local parks. Park
Superintendent Waller has a gang of
men removing spruce trees from
around the edge of Victoria Park.
Six trees which have not properly
developed, will be cut down. There
is also some trimming being done in
the park. This good work will be
done in the other city parks.

When asked if the recommendation
of the architect had been the
means of the work being done, Su-
perintendent Waller stated that every
year such work was done.

Sometime ago two of the squirrel
houses in Victoria Park became the
headquarters of bees. A gentleman
secured permission and took the
houses away in order to secure the
bees. He has not returned the same,
and as the squirrels will soon be
needing the houses, the superinten-
dent would like them returned.
