Men who smoke know how painful a burn of this kind can be. Just smear on a little Zam-Buk and it will give you no more trouble. Even a little burn, it neglected, may develop into a very sore place, as Mr. J. A. Savard, of Doucet, Que, found. He says: "I burned one of my fingers with a clearette. I applied some ointment and thought it would be all right, but instead of getting better it got worse, until the sore covered the entire top of my hand. I suffered such pain that I could not sleep, and tried everything I could think of but could not cure it. "Finally a friend recommended Zam-Buk, which gave me wonderful relief, and the continued time of it completely heated the sore." For cuts, bilaters, rash, eczema, ulcers, blood-poisoning and plies Zam-Buk is equally good. All dealers 50c box.
