their coportinities during lean year and adviced them its make the obest of them. Mest them mortagert's paper on Folding. Weaving, Modelling in cardboard and plasticene was of a very high grade and planes Miss McTaggart well in the van among kindergartners throughout the province. The models produced were exceedingly good, especially in view of the short time Miss McTaggart has had at her disposal for this new departure of school work. In this convention the junior pipils are certainly having their interests well looked after and we are certainthed in one will question the wisdom of the executive in making such full provision for the discussion of such valuable topics. It was five o'clock before the close of one of the most successful sessions in the litistry of the Chatham District Teachers' Institute.

THIS MORNING.

THIS MORNING.

The Convention opened this morning at 9.30, President Leigh in the chair, with prayer by Mr. Wison Taylor.

The first two papers, by Mr. J. C. Morgan, of Wallaceburg, and Mr. Bell, of No. 6, Raleigh, dealt with algebra and suciid for P. S. leaving class so. Special stress was laid on these two papers on the importance of teaching deductions in euclid and an encouraging independent work generally among papits.

Mr. Miller, Mr. Fleming, Mr. Me. Coll, Miss Lizzie Wilson, Inspector Park and Mr. Wilson Taylor, took part in the discussion which followed.

The report on the resolutions of the O. E. A. was given by Mr. Harry Collins and, after some discussion, was adopted.

The most imperiant paper this morning was one on Manual Training, by Mr. Sugden Pickles, of the Lordon Normal School. Along with the three R's the speaker emphasized the importance of the three H's Heart, Head and Hund—showing that the object of teaching was not to enable the pupils to accumulate knowledge—intellectual fat—bat to train the opicy of teaching was not to enable the pupils to accumulate knowledge—intellectual fat—bat to train the opicy of teaching was not to enable the program.

Owing to the lateness of the hour the President decided to held an afternoon session for the discussion of this paper and to enable the institute to complete the program.

Mr. B. D. Grant, of the Canada Publishing Co. briefly addressed the Convention regarding their new primers. These new books, samples of which were discussed the first new primers.

teachers, are handsomely prepared, generously illustrated both in color and half-tone and the rational combination method exemplied therein has met with the approval of many schools in Western Ontarie and no doubt many of the Kent teachers will test the books and thus satisfy themselves of the merits of the new book.

RIVER FALLING

to recede. At noon yesterday water mark. N. H. Stevens says that the water in the river was 18 inches higher this year than it was

Beautiful Sacred Cantata Prepared for Friday

duction will be given in the First Presbyterian church and it is expected that it, will be well patronized by everyone who enjoys good sacred music, well sung.

Mr. Slade and Mr. Pease, the Detroit soloists who will take the leading solo parts through the cantata are well and favorably known here. Both of them occupy prominent church positions in Detroit and are classed as the two best bases and tenor soloists respectively in that city. They are very popular there and in fact wherever they appear they are marked vlown at once as stars in their profession.

Chatham's musical critics—and there are many in the Maple City who are capable of criticising musical productions—have heard Mr. Pease to advantage in opera and they are all delighted with him. He has a remarkably one voice god he has the training and the temperature which enable him to appeal to his audiences in a manner in which few singers can. His voice is especially adapted for the singing of sacred music.

Mr. Slade also is by no means a stranger here. Several have heard his rich, deep and powerful voice and it is safe to say that all who have heard him sing will be present to hear him again next Friday evening. Mr. Slade not only possesses a phenomenal basso voice but he has a certain gentlemanly bearing and artistic manner which at once pronounce him a favorite.

The choruses have been well trained by Mr. Arthur, who has stready proved himself an artist in the manner of directing shouses. He first selected a chorus of the best voices he could find and he has since made the best of their abilities. Persons who attend Friday evening may be assured of hearing the best solo and chorus singing that has ever been heard in a Maple City church.

"After the singing of the Crucifinion itself, a select musical program will be rentered consisting of solos from Mrs. John Cooperson promound with the production.

The price of admission will be aliver collection, and less than in a selection to the production.

The price of admission will be aliver collection.

ST, ANDREW'S **GOOD CONCERT**

An Excellent Musical Program Provided by the Ladies' including Stainer's Crucifixion

Hearty Welcome of the Pastor-Talented young Chathamites who Successfully took

"Very cordially do I welcome-c behalf of St. Andrew's Church - the on the occasion of the very pleasing

sincerely appreciated. Few pastors

Following the invocation a very enjoyable program was rendered. The services of several splendid artists had been secured for the occasion and their contributions were thoroughly appreciated. The soloists of the church, Missess Gertrude Somerville and Ada F. Ross, two of the Maple City's most talented daughters, both did exceedingly well, and won for themselves additional honors as vocalists of exceptional merit Not alone were the solo selections of these young ladies par excellence, but theirs is a large share of the credit for the excellence of the choral work in selections from Stainer's sacred contata,

tenor and base parts respectively in the Crucifixion selections. Both gentlemen did well and their singing was much enjoyed.

Jaspar Wilson, of the Park St. choir, and Kenneth Coatsworth, two splendid Maple City tenors, also took parts and sang them most effectively and well.

The ladies of the church who worked so arduously and successfully in this delightful enterprise are to be hearfly congratulated on the pleasing outcome of their efforts.

SITE SELECTED

Colonel Bunkin, K. C., received in guarters to send W. G. McGeorge to prepare a plan and take the levels of that part of Tecumseh Park on which lit is intended to greet the armores. The Mayor, Major Scholfield and the Colonel went over to the park and arranged to have the armories tocated in front or to the north of the present drill halt. It may be necessary to remove the amex which is now in use, so as to get space for the new armories.

The county owns a lot upon which the registry office stands. 80 feet front and 180 feet deep, on the west side of William St., which will prevent the building facing on that street. There is now an appropriation of \$20,000 for the erection of the armoras and they will, in all dikelihood cost as much more. It is expected that the government sugmeer as soon as plan is received by him, will come to Chatham, saith the location exactly and proceed with the letting of the contract. The armore over will be an ornament to the park and be a credit to the city.

The Paper is THE Background

We have the right kind of paper that will give the right sort of aspect to the people and things at home.

The satisfactory kind of wallpaper is the only kind we keep

but that particular kind embraces a great variety of styles—all styles—in fact, that fashion and your good taste will countenance, and our prices and your pocket book will get along first rate to-
