Kings County Memorial Hospital

SUCCESSFUL GATHERING AT KENTVILLE ON MONDAY

The municipal councillors of Kings county, with two others selected from each ward, were guests at a dinner given at the Court House, Kentville, on Monday afternoon, in connection with that important movement, the Kings County Memorial Hospital. There were over 100 persons present. The women's institute was represented by Miss Annie Stuart, and Mrs. Bowser, Grand Pre; Mrs. Starr, Port Williams; Mrs. Ward, Canning; Mrs. Woodworth, Berwick; and Mrs. Clarke, Lakeville; the Olympic Chapter, I. O. D. E., by Mrs. J. D. Clarke, regent; the town by Mayor J. H. Yould and councillors. The medical profession and clergy were also in attendance.

At the conclusion of a bountiful dinner, well served by the Kentville Red Cross, the president of the executive committee of this movement, W. H. Chase, of Wolfville, who presided, proposed a toast to the King, after which he explained what had already been outlined at previous meetings. The hospital and equipment would cost about \$125,000, the municipality to be asked for 75,000 as their share, the location to be at or near Kentville. These points have not been decided on fully as yet. The chairman spoke of the great need of this institution and his faith in its ultimate success.

Dr. McDougall, of Halifax, a man who stands high in the medical profession gave a most interesting and instructive address, stating the importance of a hospital to the medical men and to the public, the greatest benefit of which would be the conservation of life.

Col. A. H. Borden followed in an address which held the interest of all. His tale of the bravery of the boys who faced death so fearlessly to save the life of a comrade showed very clearly our duty in erecting a memorial of usefulness where the memory of our

Red Cross Notes

The Red Cross Society intend sending the usual Christmas presents of filled socks, pyjamas and jam to the Kentville Sanatorium. The ladies are asked to leave these packages with Mrs. Moore, corner Highland avenue and Acadia street, not later than Saturday, Dec. 20th. Might we ask that the socks be wrapped in white paper to make them look more attractive. Mr. Chas. Wright has kindly consented to see that these Christmas gifts reach the Sanatorium in good season.

The Society has on hand a limited supply of the best quality of Oxford yarn which it will sell at a reasonable price on the cash and carry basis. Any one wishing to buy yarn will communicate with Mrs. Laura C. Moore, secretary.

The Society has recently sent to the Sanatorium four sweaters and six pairs of bed socks.

The strike of 400,000 bituminous coal miners of the United States was settled on Wednesday when the General Committee of the United Mine Workers of America agreed to accept the plans offered by President Wilson.

noble boys would be perpetrated by deeds of self-sacrifice and love to our fellow men. It was an address of infinite worth.

Other speakers were Hon. H. H. Wickwire, representing the government and assembly, who brought up an important point as to the necessity of a hospital; J. Everett Kinsman, M. P. for Kings; C. A. Campbell, warden; Dr. George B. Cutten, of Acadia University, who spoke of the necessity of uniting on all important questions and putting Kings county on the map; Mr. Selfridge, Aylesford; Geo. A. Bishop, Greenwich; Miss A. Stuart, Grand Pre; Mrs. W. H. Woodworth, Berwick; and Mayor J. H. Yould, who spoke of his sympathy with the movement and his belief in the town council's support.

Supper at Avonport

At Shaw's Clay Works, Avonport, it is the custom to give a supper for the men at the close of the season. The last Kiln of brick being burned this function was held on Tuesday evening, of last week.

The supper was served in the cook house, by Mrs. Hughes assisted by her daughter, some 15 to 20 men and boys being present.

After the eats had been duly honored Mr. Shaw, who seems to possess the gifts of a speaker as well as of an energetic and capable business man, spoke to the men. He commended their industry and faithfulness through which, despite several unfortunate accidents to the plant, an output of over 2,700,000 bricks had been attained this year, being 200,000 ahead of last season.

A bonus fund of \$500 is to be divided among the men who have stuck by the industry during the season. Mr. Shaw explained that but for the accidents referred to, the sum would have been larger, and he hoped next year to see it doubled or trebled.

While there is unrest in many industrial establishments, there appears to be cordial relations between employer and employee at the Shaw Works. This is probably due to the fact that the men are treated not as mere employees, but a personal interest is taken in their welfare, and the most of them own their own homes.
