BY FRUIT TREATMENT.**

"He good enough to publish for the information of Rheumatism sufferers how 'Fruit-a-tives' relieved my Rheumatism which had at least five years' standing.
"The trouble was in my right hip and shoulder; the pain almost unendurable. This kept up until I started to take 'Fruit-a-tives'. After a continuous treatment for about six months, I am now in first-class condition. This, I attribute to my persistent use of 'Fruit-a-tives'.
This is the letter which Mr. James Dobson of Bronte, Ont., wrote after trying the wonderful Fruit Treatment—'Fruit-a-tives'—which consists of intensified fruit juices combined with tonics.
If you suffer with Rheumatism, 'Fruit-a-tives' will make you well and keep you well.

Presented President with Steel Spike

George Munro, pioneer track layer of the Canadian Pacific Railway, received birthday congratulations on May 21 from Mr. E. W. Beatty, during the latter's recent visit in Vancouver. This meeting between one of the oldest employees and the executive head of the Canadian Pacific also marked the forty-ninth anniversary of the turning of the first sod on construction at Fort William in 1875, an event at which George Munro was present.
Another interesting co-incidence in connection with the meeting is the fact that the S. S. Quebec, which carried the handful of construction men including Mr. Munro, from Sarnia to Fort William, in May 1875, was owned and operated by the Beatty Steamship Line, of which Mr. Beatty's father, the late Mr. Henry Beatty, was president.
In 1881 when construction was begun on the last lap of the company's lines between Yale, B. C. and the Coast, Mr. Munro was given charge of track laying at Emery, B. C. and when the last and famous 'gold spike' was driven at Craigellachie by Lord Strathcona in 1885 he took possession of the steel spike which replaced the gold one and after treasuring it for the past 39 years as a keepsake presented it to Mr. Beatty.
