

To the Parents of Canada.

It is of the greatest importance to attend to the education of the young...

What should be the object of a useful education, suited to the situation and circumstances of the agricultural class in Canada?

It is of the greatest importance to attend to the education of the young...

It is of great importance in any plan of general education, that schoolmasters, properly selected, should be provided...

According to WPMR, all the parts of the human brain have not attained their full size...

What number of schools would be necessary for the accommodation of 100,000 scholars?

In France, where the general education is provided for, and where the children are obliged to attend school...
