

A Credit to the Name

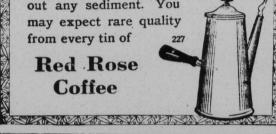

If you already know Red Rose Tea you will expect much of Red Rose Coffee

because of its name alone. Nor will it disappoint you; for it is worthy of its name.

Blended to combine strength and rich flavor, this fine coffee is crushed new-roasted into small grains and freed from chaff and dust. These uniform grains readily give the true coffee flavor to a brew which pours clear without any sediment. You may expect rare quality

Red Rose Coffee

from every tin of

PERSONALS

Mrs. James MacLean of Chatham the 12th

Frank and Wm Carruthers of Ferry Road were the guests of Donald Mc-Gruar on the 12th.

J. M. Troy, C. C. Rubbard, C. C.
Mr. and Mrs. James O'Donnell have
moved into the house vacated by Mr
William O'Donnell who moved to H. McMillan.

A FIREMAN'S PERIL

How Zam-Buk Delivered Him.

At 215 Fraser Ave., Edmonton, Alta. lives W. P. Mahy, a former member of the local fire brigade, who has wonderful cause to be thankful for the curative powers of Zam-Buk. He says: "A serious skin disease broke out on my face, and spread until I was in a terrible state. The spots and little ulcers were frightfully irritating, and yet when scratched or rubbed they bled and smarted. Shaving caused me agony, and sometimes I would have to go two weeks without a shave Royal Victoria Hospital. Mr. Farrah I tried home-made remedies, herb accompanied his wife and will remain salves, and various other preparations, but the sores got no better. When Zam-Buk was mentioned I had little faith that it would be able to do me Mrs. Harry Smith of Woodstock, any good. My case seemed such obstinate one. I gave it a fair trial obstinate one. I gave it a fair trial however, and the first box made such however, and the first box made such that the first box Irving of Douglasfield, attended the a wonderful change for the better funeral of their aunt Mrs. Wm Irving, that it gave me encouragement to continue. I did so, and to cut a long story short. Zam-Buk, in the end, Rev. J. M. McLeod. of New Mills quite cured me. My face is now clear lev. Geo. Wood. Chatham: Rev. F. of all traces of the terrible disease. which troubled me for so long."

Thousands of sufferers from eczema blood poison, ulcers, chronic sores piles, ringworm, cold sores, cuts b urns and skin injuries, have been re lieved and cured, as was Mr. Mahy. by Zam-Buk. As a balm for all skin injuries and diseases it is without equal All druggists and stores at 50c. hox, or post free from Zani-Buk Co., Toronto, for price, Refuse harmful substitutes

ENGLISHMEN AND OLYMPIC CAMES.

To win the Olympic games seems to be the ruling passion of a large number of Englishmen, just now. The wave of patriotism is sweeping in England. The cry for Olmypic material has reached national proportions.

Englishmen have always been won

been weak at the sprints and in some of the field events.

The effort now being made 's to find men capable of holding the old country on the field and in the sprints in the hope that the distance runners

HARRY GREEN will "bring home the bacon."
Two of the best amateurs in Eng-

land are Harry Green, a marathon runner of ability and W. Scott, Eng-land's 10-mile champion. LACROSSE ON SKATES

A new game is being introduced in Regina this winter, lacrosse or skates. It has been tried and ac-copted by the sportsmen in Eastern Ontario, and will be given a trial copied by the sportsmen in Eastern Ontario, and will be given a trial. It is played by seven-men teams, who line up as they would on a lacrosse green. A soft ball is used and players are not allowed to raise their sticks above the shoulders. An offender against this is sent to the penalty box. This rule makes underhand passing and shooting imperative.

The Rough Riders as instituting the game in Regina, and are ready to meet any team in town that would like to take a whirl at it. They organized at a meeting held in the Palmer House, when the following officers were elected:

Honorary president, A. W. McIvor; president, Geo. Harper; vice-president, C. N. Galvin; secretary, Chas. Wood; treasurer, A. A. Fisher; manager, Wm. Dogan.

The following players will be in the line-up: L. Arnold, A. Urquhart, F. Harper, H. Hall, W. Degan, J. Staples Earlow, D. Hopp and Jimmie McLaughlin.

VARIETY OF HOLES IN GOLF The up-to-date golf architects generally agree nowadays that in the arerally agree nowadays that in the arrangement of courses that mean something there should be a complete variety of holes not only as to length, but in their character, the way in which they are bunkered, the kind of tee shot that is required at them, and last, but not least, the kind of approach. In every case the putting greens should be thoroughly we!! guarded.

shorter the hole the smaller should be the green and the more closely it should be guarded, so that on this principle when in good play a long shot can reach the green which should be fairly large and open in order to give the player encouragement to give the player encouragement to which he is entitled. In this subject, however, there must

In this subject, however, there must ever be difference of opinion. There are those who argue that it is wrong to say that a fairly long course is a sufficient test to select the best golfer out of a field of any fifty or one hundred competitors. In other words, no course can be a thorough test of the skill and nerve of the player which has not so closely guarded greens that on occasions there is but one, and that a most skillful shot, by which the long approach can get home. long approach can get home

FOOTBALT.

How sports, once only followed in the British Empire, have become popular all over the world, is again illustrated by Association football. Its growth has been rapid and its popularity is by on means confined to the white race. Some of the native teams in the ramparts of Empire are capable of showing really good football, all of which is satisfactory. How other nations have taken to "soccer," rather comes home to one through Fulham having tried Hussern Hegarzi as centre forward on Saturday, against Stockport. He is an Egyptian, who showed capital form against English teams at Cairo before coming to England as few months ago. His play in England was closely watched, and he shaped very well for a first appearance in an important game.
