Since then there have been frequent challenges passing to and fro between the parties, and it is said that one of the chief attractions at the coming provincial exhibition will be a springing race between two fat men of the city, one of them a lawyer and the other a merchant tailor, for \$50 a side. BETTER THAN EVER. Big Exhibits and an Extra Show Fully Guaranteed.

It must be gratifying to the members of agricultural society number thirty-four, to know that their labors in the past in connection with exhibition work, have been so satisfactory that already the success of the show to be held here on the 19th, 20th and

21st. inst., is fully assured. The show grounds are well fitted up and the special features are numerous and attractive. All departments of farm husbandry, fancy work and particular lines of manufactured goods, will be well filled. The cheese and butter competition will be keen and will show how the local government policy respecting dairies and cheese factories has developed.

The horse show will be by far the best ever seen within the province and a first prize equine will not carry a local ticket but a provincial one, very much enhancing his value. In cattle and all live stock, the entries are very numerous and some extra exhibits will be made. The poultry show will far surpass anything yet seen here and the new building especially for the feathered pets will afford ample accomolation for sightseers. The farmer's parade will be very interesting and will include many novelties. All should make it a point to see this parade.

On the association park two afternoons of the fair, there will be horse races between ome of the most speedy ones of the province bringing out the best among the local horses. Come and see it, there is not space to tell all about it; and you want a day or two from the farm, at any rate.
