### UNIONISTS WILL TEST ALLIANCE

#### Tariff Reformers Think Nationalists Are Opposed to Lloyd-George's Budget.

London, February 9.—The tariff reformers are determined to put the alliance of the Liberal and Nationalist parties to the test at the earliest opportunity. Mr. Chamberlain returned to London this evening. He has called meetings of the cabinet for both Thursday and Friday and it is expected that he will go to Brighton on Friday to confer with the King. It is practically sure that the first business of parliament will be the re-introduction of the budget, which the chief Liberal whip tonight predicted will be passed into law tomorrow.
