Will Do But
Penco,
1869.

Dealers, Builders, Architects and Engineers, who want the BEST, insist that their Metal Roofing, Ceiling or other Metal Products bear this mark of quality.

PENCO Sheets are the kind that are used on the warships of the U. S. Navy—the kind that you will find East-West-North or South—even in the mountains of Asia.

They cost no more than cheaper grades. Let us quote you.

Have You Read "SPANISH GOLD"?

(By Geo. A. Birmingham.)

The most delightful novel we have read in ten years. You simply cannot help becoming enthusiastic over it, for the red-headed Curate of Ballymoy (the principal character) is one of the most droll and lovable characters in recent fiction, for ever getting his friends into trouble, and for ever laughing at them and blarneying them out of them.

A sure cure for the blues and a tonic. The book is bound in cloth and the price is 50c. Post paid 52c.

CHAPLIN'S,
The Store that Pleases.

Not Stuck-on Itself.

The built-in—not stuck-on—tire like Dunlop Traction Tread is the only successful Anti-Skid. Manufacturers of the stuck-on type dare not make the corrugations big enough to prevent skidding without fearing to make them so big that they will destroy resiliency.

The Cheapness of Satisfaction.
The cost of the safety which you obtain by purchasing Dunlop Traction Tread tires is insignificant in comparison with the price of neglect.

Takes a Grip on the Road.
Dunlop Traction Tread grips the road. It doesn't matter where the road is or what it is made of.

Success is Always in Evidence.
We predict that Dunlop Traction Tread will become the standard Anti-Skid tire of this country. Watch the tires as the cars go by.
