Young Married Women Need Mother's Advice-

MRS. PEARL STEELE
HOLDEN, MISSOURI

A GREAT many women after childbirth get up too soon and, too weak to care for the child and perform their household duties, often bring on serious derangements.

Lydia E. Pinkham's Vegetable Compound is a splendid tonic to take at this time; it is an excellent restorative, contains no harmful drugs, and can be taken in safety by nursing mothers. Thousands of mothers advise their daughters to take this grand old root and herb medicine for such conditions because of their own favorable experience with it.

Following We Publish an Interesting Letter from Mrs. Steele of Warrensburg Which Should Interest Every Mother in the Land:

Warrensburg, Mo. "When my second child was born I got up too soon as my mother wasn't able to do for me. I could not stand on my feet without being dizzy and my back would ache so badly that I would have to lie down at times through the day. My mother had taken Lydia E. Pinkham's Vegetable Compound and had a bottle of it at the time, so she begged me to take it, which I did, and I cannot tell you how much better I felt after taking it. Then a year later my husband got back from overseas and we went to keeping house by ourselves and I got all run down again. I couldn't work long at a time but would have to sit down and rest. My husband kept begging me to take the Vegetable Compound again, so I have done so. I recommend it who else can as I know it is good for women's troubles and I thought you might like to know what it has done for me."—MRS. PEARL M. STEELE, 203 Main Street, Warrensburg, Mo.

Ontario Woman's Interesting Case

Mount Forest, Ontario.—"I am proud today to think I have a fine big baby boy, as healthy as a trout, and I never felt better myself. Before I took your medicine I felt weak and miserable, and had pains all through me. After taking Lydia E. Pinkham's Vegetable Compound I began to get stronger and those pains all left me. I am glad I found out about this medicine. I think there is none other equal to it for women who have troubles of this kind. I cannot praise the Vegetable Compound too highly for the good it has done me. Whenever I know of a woman suffering I am glad to tell her of it."—MRS. WM. RIDDALIE, R. R. No. 1, Mount Forest, Ontario.
