THEIR PROGRAMME.

Planks of the Democratic Platform—Tariff Revision Demanded—Unjust Discriminations.

The Currency Question—Purity of Gold and Silver—A Vigorous Foreign Policy.

CHICAGO, June 22.—The following is the Democratic platform, as published by the National Convention...

Section 1.—The representatives of the United States, in National Convention assembled, affirm allegiance to the principles of the party as formulated by Jefferson and exemplified by the long and illustrious line of his successors in Democratic leadership, from Madison to Cleveland.

Section 2.—We believe the public welfare demands that these principles be applied to the conduct of the Federal Government through the accession to power of the party that votes them, and we solemnly declare that the need of a return to these fundamental principles of free popular government was never more urgent than now, when the tendency to centralize all power at the Federal capital has become a menace to the reserved rights of the States, that strikes at the very roots of our Government under the Constitution, as framed by the fathers of the Republic.

Section 3.—A revision of the tariff laws is demanded such as will remove their inequitable inequalities, lighten their oppression and put them on a constitutional and equitable basis.

Section 4.—We denounce the tariff laws in taxes, it is not proposed to injure any domestic industries, but to promote their healthy growth.

Section 5.—A rigid enforcement of the law is demanded, to prevent and control trusts and monopolies.

Section 6.—We denounce the Republican legislation of 1890, as an unwarranted, fraudulent and dishonest interference with the rights of the people.

Section 7.—We denounce the Republican legislation of 1890, as an unwarranted, fraudulent and dishonest interference with the rights of the people.

Section 8.—We denounce the Republican legislation of 1890, as an unwarranted, fraudulent and dishonest interference with the rights of the people.

Section 9.—We denounce the Republican legislation of 1890, as an unwarranted, fraudulent and dishonest interference with the rights of the people.

Section 10.—We denounce the Republican legislation of 1890, as an unwarranted, fraudulent and dishonest interference with the rights of the people.

Section 11.—We denounce the Republican legislation of 1890, as an unwarranted, fraudulent and dishonest interference with the rights of the people.

Section 12.—We denounce the Republican legislation of 1890, as an unwarranted, fraudulent and dishonest interference with the rights of the people.

Discussion on the Redistribution Bill as Affecting British Columbia.

The Burrard Inlet Bridge and Tunnel—Blake Likely to Run for Longford.

OTTAWA, June 22.—(Good progress has been made with the redistribution bill, Mr. Corbett declared that Westminster is divided into two constituencies, with one member each, as originally proposed, that the North riding be called Burrard, the South riding New Westminster, the dividing line between the two constituencies to commence at the Gulf, on parallel 49° 15' North latitude, to proceed east to its intersection with 122° 45' W. longitude; thence north.

Mr. Thompson stated he thought the change suggested was a good one, and therefore accepted it.

Mr. Mars regretted that Corbett had been misled by the editor of the "Morning Star" in his article on the redistribution bill, but he felt satisfied that the large influx of population would doubtless entitle it to a representative.

A prolonged debate took place in the Senate over Senator McInnes' amendment to the Burrard Inlet Bridge and Tunnel bill which requires a draw of 150 feet in the second Narrows bridge or a headway of a hundred and fifty feet.

At Half-past Three this Morning a Decision was Arrived At.

CHICAGO, June 22.—Among the reasons assigned for the delay in presenting the platform is that Mr. Cleveland said word by word to Mr. Whitney that his name must not be presented to the Convention until he had seen a synopsis of the platform upon which his candidature was to rest.

General Collins made a great speech, arousing the most genuine enthusiasm for Cleveland.

The following ballot is an unofficial record of the vote: Cleveland, 616; Russell, 162; Gorman, 34; Carlisle, 14; Whitney, 11; McKim, 10; Morrison, 8; Campbell, 2; Patterson, 1.

On motion of Dickinson of Michigan, the convention adjourned until 2 p.m., to-day.

DEPEW'S DESTINY.

Likely to Be the Next Secretary of State in Harrison's Administration.

New York, June 22.—A Washington special to the Press says it is reported that Chauncey M. Depew will probably be made Chairman of the Republican National Committee.

It is said that the committee will meet here Monday for organization. The only imprudent part of the story is the part that Mr. Depew is not a member of the committee, but the president is quoted as Mr. Dudley's connection with the committee is a very strong one.

The Secretaryship of State formed the subject of discussion between the President and Mr. Depew when the latter was at the White House.

The Press to-day says: Vice-President Walter Webb, of the New York Central Railway, now on vacation in Europe, has been summoned home by cable. He sails from Liverpool to-day. This looks as if Mr. Depew is to be the next Secretary of State, and Mr. Webb, the next president of the New York Central Railway.

THE PRINCETON BASEBALL TEAM.

Orange and Black as Seen by Expert Walter C. Dohm.

Princeton's baseball stock has taken a great tumble since the "Figs" met the Harvard's May 7, and were worsted by a score of 11 to 0.

Princeton's showing was far superior to that made by Yale a week later, and the team play was better than any shown by Harvard up to the same date.

But, judged from the game put up against Harvard, the Princeton's have no chance of winning. Princeton undoubtedly has the material for a good nine. The men have it in them to play good ball, but for some reason they don't play it.

Princeton's battery is probably better than that of either Yale or Harvard. Brown catches as well and throws better than either Messer or Upton, of Harvard, or Jackson, of Yale.

Young, in the pitcher's box, is as brilliant as Highland, of Harvard, and much more steady. In batting he excels both Highland and Bowers, of Yale. Guild and Otto have been taking turns at playing first base, and Guild, who is rapidly improving, will probably play in the championship game.

King, at second base, does as well as he did last fall at quarter back on the football eleven, and covers an immense amount of ground. Ramsdell at third is very quick. Like King, he is everywhere at once and his throwing is accurate.

Brooks at short stop is a new man, who is, however, holding his end up well with the other infielders. In batting he is rather below the average.

In the outfield Princeton has a rattling trio. Spooner is a spry fellow with the specialty of gathering in long hits. McKenzie is a sure catch and one of the best batters on the nine. Wright also hits the ball hard, and is one of the best throwers in the association. Princeton's greatest strength will lie in her water work and in her base running. WALTER C. DOHM.

Bartone G. Hayden Coffin. When Mattie Barrymore's opera, "The Robber of the Rhine," is first produced, the leading role will be sung by G. Hayden Coffin.

WESTMINSTER. NEW WESTMINSTER, June 22.—A number of prominent Masons from New Westminster will attend the opening of the Grand Lodge at 8 o'clock to-day, and others will go by the Victoria to-day.

WINTERTURE BROS. have completed their large four story furniture factory and started up the machinery to-day.

C. A. DAVIS, Secretary of the Y. M. C. A., resigned the post of August agent, W. R. Grimshaw, Assistant Secretary of the Victoria Association of Young Men, took over the reins.

The inquest into the late fire at West Westminster, has been completed, the jury bringing in a verdict of fire caused by a defective chimney.

A meeting to organize a farmers' association was held to-day in the City Hall, a number of prominent farmers were present.
